SUBMISSION OF UGANDA ROAD FUND ANNUAL REPORT FOR FY 2010/11

In accordance with Section 39 of the Uganda Road Act 2008, this is to submit the Uganda Road Fund Annual performance report for FY 2011/12.

The report contains:

- a) The Audited accounts of the Fund and Auditor General's report on the accounts of the Fund for FY 2011/12;
- b) The report on operations of the Fund including achievements and challenges met during the period of reporting.

It's my sincere hope that future reports shall be submitted in time as the organization is now up and running.

STATEMENT

by the Board Chairman

"It is hoped that through enhanced monitoring and evaluation, technical and financial audits and complete gazetting of regulations, transparency and accountability in the designated agencies will be improved thereby preparing URF for a truly second generation (2G) Road Fund."

It is my great pleasure and honour as Chairman of the Uganda Road Fund (URF) Board, to present the third annual report detailing the URF's operations for the Financial Year 2011/12. The report has been prepared in accordance with, and in full compliance with section 39 of the URF Act of 2008.

To start with, I would like to sincerely thank the Minister of Finance, Planning and Economic Development and the Minister of Works and Transport for their continued and unreserved support and guidance in policy development and application in the transport sector. I would also wish to thank the Board and the URF Secretariat for their sustained efforts and commitment to operations during the year which has resulted in improved performance of the Fund. I also give special recognition to the many stakeholders and supporters particularly our Development Partners including the EU and Danida whose assistance was very valuable during the period.

The annual report outlines the operations and achievements of the Board and its Management which involved disbursing of UGX 252.26 billion to the designated agencies (DAs) out of the UGX 258.09 billion released to the Fund from the Treasury in FY 2011/12. The recipients of the disbursements were the DAs which included UNRA for national roads; 111 district local governments for district, and community access roads; and 22 municipalities and KCCA for urban roads. These funds were applied to routine, periodic maintenance of roads and bridges, road safety activities as

well as operational expenses of UNRA such as ferries and weighbridges.

The amendment of the URA Act is still pending implying that road user charges, which can be remitted directly to the URF, thus making it independent of the consolidated fund, have yet to be established. Our major problems however were and still are poor funds absorption capacity of designated agencies, improper use of funds, lack of credible condition data and last but not least, the sheer number of districts and hence designated agencies. Further to this, the EU funded Long Term Technical Assistance was interrupted thus affecting the progress in making of manuals and regulations.

It is hoped that through enhanced monitoring and evaluation, technical and financial audits and complete gazetting of regulations, transparency and accountability in the designated agencies will be improved thereby preparing URF for a truly second generation (2G) Road Fund.

In conclusion, I appreciate the efforts of the NRM Government towards the improvement of the roads condition in Uganda which will lead to reduced transport costs and accelerated economic development. I look forward to continued support in order for URF to achieve the set out objectives for the next financial year.

Eng. Dr. Francis Baziraake
CHAIRMAN

Statement

BY THE Executive Director

Introduction

This report presents the performance of Uganda Road Fund during the Second full financial year (FY 2011/12) of operation since its establishment by Act of Parliament in August 2008.

The report responds to section 39 of the URF Act by stating achievements of the Fund for the resources appropriated to it by Parliament to finance maintenance of public roads in FY 2011/12.

Major Achievements

The second One Year Road Maintenance and Expenditure Plan (OYRPM) was planned and financed within a framework provided by in the budget guidelines for road maintenance, akin to the budget Framework Paper (BFP) routinely issued by MFPED. In order to strengthen its internal capacity, staff recruitment was advanced cumulatively to 86.7% level of the 30 man strong structure. Back to back was the design and documentation of procedures for disbursement control and oversight on DAs.

In applying the systems and procedures, the fund disbursed UGX 252.26 billion (out of the UGX 258.09bn) for road maintenance; monitored and evaluated performance of 32 Districts, 3 municipalities and 4 UNRA stations; and undertook technical and financial reviews of another 29 Local Governments, UNRA and KCCA. Forward planning for FY 2012/13 was also carried out with preparation of the FY 2012/13 road maintenance and expenditure plan. The fund maintained visibility in the transport sector by active participation in the Sector Working Group (SWG), monitoring and evaluation as well as training and capacity building of agencies.

The Fund also concluded the study on the allocation formula; progressed studies on harmonisation of unit rates and research on alternative low cost road maintenance materials; and developed a communication strategy.

Challenges

The Fund faced a number of challenges in the year, which included low control on predictability and timeliness of funding linked to the continued dependence on the Consolidated Fund; weak institutional capacity of DAs; extreme deterioration of some sections of the public road network; weaknesses in operation of DRCs; misuse and abuse of funds by DAs; weak local construction industry; poor coordination of funding agencies; and use of non-automated systems in disbursement of funds.

Other challenges faced included: poor absorption of funds by the agencies; loss of unspent balances at the end of the FY, which were returned to the consolidated fund; the 8.1% budget cut totalling UGX 22.86 billion, which greatly affected the planned periodic maintenance works especially on the national road network; and the declining annual allocation to the Fund both in real and nominal terms.

The way forward

As a way forward, the following strategies are proposed to guide actions of the Fund in FY 2012/13

- a. Pursuance of independence from the consolidated fund to enable URF operate as a 2nd generation fund as envisaged in the URF Act;
- b. Establish the first 5-year URF Corporate Plan;
- c. Establish the first 3 & 5 year road maintenance plans;
- d. Restoration of the EU-funded Long Term Technical Assistance to leverage capacity of the newly recruited staff especially in establishment of management systems;
- e. Sensitization and training of DAs in improved methods of operation, accountability and reporting;
- f. Finalisation of critical studies aimed at improving resource allocation and rationalisation of road maintenance unit costs;
- g. Enhance working relationships with sister institutions and key stakeholders through participation in the sector working group meetings and regular interface meetings with development partners;
- h. Completion of the establishment of manuals and regulations;
- i. Automation of systems to improve planning, disbursements, accountability and reporting;
- j. Restructuring of the Secretariat in order to improve efficiency and effectiveness of the Fund in the exercise of its mandate;
- k. Undertake research in use of alternative materials and low cost seals; and
- l. Enhance Monitoring & Evaluation, and Technical and Financial Audits on funded programmes within the DAs
- m. Establish robust financial management systems
- n. Conclude the establishment of the funds allocation formula in response to Section 22 of the URF Act;
- o. Develop a RUCs management framework;
- p. Roll out implementation of the corporate communications strategy to increase visibility of the fund and interactions with the public/ road users;

Conclusion

The above challenges notwithstanding, the fund shall continue along the path on which it has embarked, by seeking to improve performance and remaining focused on the core objective of providing adequate, reliable and timely road maintenance funding.

Eng. Dr. Micheal M. Odongo
EXECUTIVE DIRECTOR

1.0 GENERAL INTRODUCTION

1.1 Our Business

The Uganda Road Fund (URF) was established by the URF Act 2008 with an overall objective of ensuring that all public roads are maintained at all times through provision of adequate and stable financing for routine and periodic road maintenance undertaken by Designated Agencies (DAs).

The Fund derives its mandate from the URF Act 2008. Among the several responsibilities of the Fund, it is required under Sections 21 and 22 to facilitate delivery of road maintenance services through the collection of funds, principally from Road User Charges (RUCs), and finance approved annual road maintenance programmes contained in the annual road maintenance plan and expenditure programme. The RUCs accrue from fuel levies, transit fees, road license fees, axle load fines, weight/distance charges, bridge tolls and road tolls. Other sources include fines under the traffic and road safety Act; appropriations by parliament; revenues or assets received by the Fund in the performance of its functions under the Act; grants; donations; earning from investments; fines payable under the URF Act; voluntary contributions; and revenues from sell of property.

Section 22 of the Act stipulates that the funds may be applied for routine and periodic maintenance of public roads, roads safety; operation expenses of UNRA and URF, research in road works and such activities relevant to maintenance of public roads as determined by the Board. During the period of reporting, the only source of funds was appropriation by parliament. Collection and direct transfer of RUCs to URF account as envisaged in Section 21(3) of the URF Act could not take place owing to pending amendments to the Uganda Revenue Authority (URA) Act which will enable direct transfer of funds from URA to URF.

Section 39 of the URF Act, requires the Board to submit to the Minister for Finance, a report after the end of each Financial Year, detailing activities and operations of the Fund. The report should also contain the audited accounts of the Fund and the Auditor General's report on the accounts of the Fund; and such other information as the Board may consider necessary. The Minister is required to submit the annual report to Parliament within two months after receiving the report. Accordingly, this report has been prepared to cover FY 2011/12 in fulfilment of the requirements under the law.

1.2 Statutory Objectives

The objectives of the Fund are stated in Section 6 of the URF Act and these are to:

- i) Finance the routine and periodic maintenance of public roads in Uganda;
- ii) Ensure that public roads are maintained at all times;
- iii) Advise the Minister, in consultation with the Minister responsible for roads and the Minister responsible for local governments on –
 - a. The preparation and efficient and effective

implementation of the Annual Road Maintenance Programme; and

- b. The control of overloading of vehicles on public roads.

1.3 Strategic Objective

The strategic objective of the Fund is to:

Ensure adequate, reliable and timely financial resources; efficient management; and accountability of road maintenance funds.

1.4 Specific Objectives

The specific objectives of the Fund are to:

- i) Strengthen institutional capacity for better service delivery;
- ii) Efficiently and effectively mobilise and administer funds for maintenance and safety of public roads;
- iii) Ensure effective and timely preparation of road maintenance programmes;
- iv) Strengthen oversight to ensure satisfactory accountability for road maintenance funds;
- v) Improve coordination with stakeholders and build strong partnerships.

1.5 Business Processes

The Funds implements its mandate through the key business areas of funding operations; impact of funding; governance; and administration and human resource as outlined below:

1.5.1 Funding Operations

This business area relates to how funds are sourced and applied in relation to the plan. The functions of the Fund under this key business area include:

- i) Collection of the maximum proportion of potential revenue on time and ensuring deposit of the revenues to the account of the Fund;
- ii) Ensuring liquidity of the Fund at all times;
- iii) Ensuring that disbursement of monies of the Fund is undertaken fully in accordance with commitments and on time; and
- iv) Ensuring full accountability of all disbursed funds.

1.5.2 Impact of Funding

This business area relates to the judicious use of maintenance resources as evidenced by improvements in the percentage of road network in fair to good condition, vehicle operating costs, journey times and safety. The functions of the Fund under this key business area include:

- i) Bringing about sustained improvement of road condition of all classes of public roads;
- ii) Encouraging techniques and procurement models that reduce the unit cost of road maintenance activities;
- iii) Reducing the incidence of fatal and personal injury accidents by improvement of road condition and by funding specific targeted improvements; and
- iv) Bringing about progressive increases in road user satisfaction.

1.5.3 Governance

This business area relates to the oversight functions of the Fund Management Board as envisaged in the URF Act and in line with the best practice principles of corporate governance. Functions of the Fund under this key business area include:

- i) Ensuring effective Board oversight by full and regular attendance of the members;
- ii) Developing and implementing a statistically robust and defensible programme of monitoring and evaluation, augmented by a technical and financial audit programme; and
- iii) Reporting comprehensively and in a timely manner on the activities of the Fund.

1.5.4 Administration and Human Resource

This business area relates to capacity of the secretariat and its support functions. The functions of the Fund under this key business area include:

- i) Recruiting and retaining appropriately qualified, experienced and motivated secretariat staff under the leadership of the Executive Director;
- ii) Administering the Fund effectively and efficiently with due regard to limitations of overhead costs within acceptable budgeted limits.

1.6 Organisation Structure

The administration of the Fund has two components: the Fund Management Board who are responsible for governance and the Secretariat, which takes responsibility for the day-to-day administration and management of the activities of the Fund.

1.6.1 The Fund Management Board

The Fund is governed by a Fund Management Board, which is mandated under Section 7 of the URF Act to manage the business of the Fund in accordance with sound commercial principles to enable effective, efficient and stable road expenditures through the implementation of a road user charging system.

The composition of the Board entails representation of both the public and the private sectors that were as Table 1 in FY 2011/12.

Table 1: Composition of URF Board as at 30th June 2012

No.	Name	Representation	Position
1.	Eng. Dr. Francis Baziraake	Professional Engineers	Chairman
2.	Mrs. Jacqueline B. Lutaya	Professional Accountants	Member
3.	Mrs. Jennifer Mwijukye	Freight Forwarders	Member
4.	Mr. Solomon Nsimire	Passenger Services	Member
5.	Mr. Patrick Ocaipal	Ministry of Finance, Planning and Economic Development (MFPED)	Member
6.	Mr. Benon Kajuna	Ministry of Works and Transport (MoWT)	Member
7.	Mr. Charles Katarikawe	Ministry of Local Government (MoLG)	Member
8.	Eng. Dr. Michael M Odongo	URF	Secretary

1.6.2 The Secretariat

The Secretariat, which is headed by the Executive Director, is responsible for the day-to-day management of the Fund and for the implementation of the decisions of the Board in line with Section 16 of the URF Act.

In FY 2011/12, the Secretariat organisational structure was as shown in Figure 1. The Secretariat is functionally comprised of six pillars that include: fund management, planning and programming, monitoring and evaluation, corporate services, procurement & disposal of assets and internal audit. The functions of the fund under the six pillars are as shown in Figure 2.

The Executive Director and the departmental managers constitute the Fund Management Committee, which is the top management and administration organ reporting to the Board.

Figure 1 – Organizational Structure of the Secretariat as of 30th June 2012

1.6.1 *Institutional Relationships with URF*

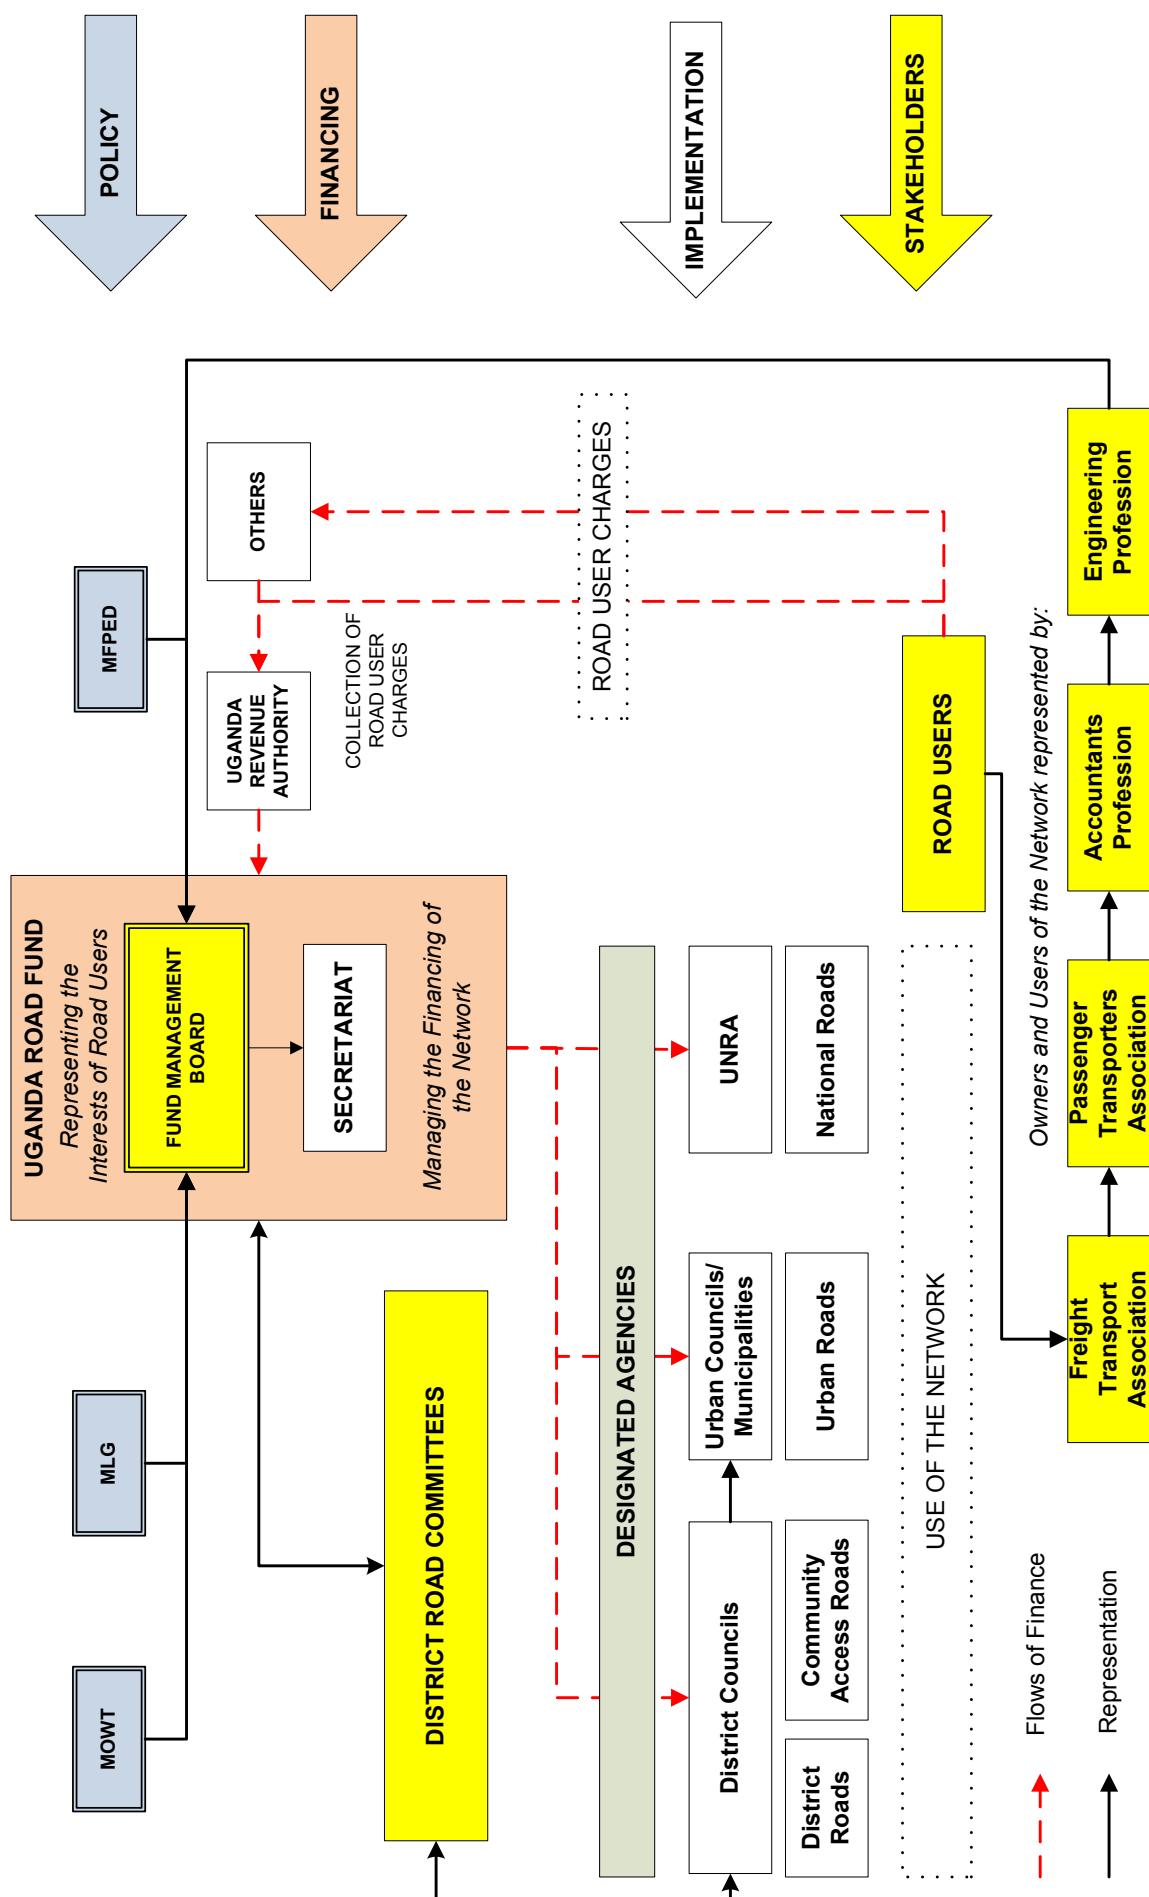

The Uganda Road Fund falls within the policy oversight of Ministry of Finance, Planning and Economic Development (MFPED) while reporting to Parliament through the works and transport sector headed by the Minister for roads.

In the Works and Transport Sector, programmes and actions of key institutions in the sector are coordinated through the Sector Working Group (SWG). The key institutions include MoWT, MFPED, MoLG, URF, Uganda National Roads Authority (UNRA), Development Partners (DPs), Civil Aviation Authority (CAA), Uganda Railways Corporation (URC) and other sector stakeholders.

In addition to the MFPED policy oversight over the Fund, there exists a consultative arrangement with MoWT and MoLG. Figure 3 shows the key features of the sector institutional linkages with the URF. The Minister for roads is mandated under section 28 of the Act to table Road Maintenance Plans and Performance Statements of the Fund before Parliament.

Figure 3 –Institutional Relationships with URF

2.0 PERFORMANCE IN FY 2011/12

Performance of the Fund in FY 2011/12 is reported here in the following thematic areas; governance and administration; operations of the Fund; key performance indicators; strategies adopted in delivering URF services; financial statement for FY 2011/12; and the Auditor General's report of FY 2011/12. These are discussed further in sections 2.1 – 2.6 below.

2.1 Governance and Administration

Performance of the Board which is responsible for governance of the Fund and performance of the Secretariat, which is responsible for the day-to-day administration and management of the Fund are discussed in sections 2.1.1 and 2.2.2 below.

2.1.1 Performance of the Fund Management Board

During FY 2011/12, the Fund was supervised by a seven member Board with representatives from engineers' profession, accountants' profession, passenger transporters, freight transporters, MFPED, MoWT and MOLG as shown in Table 1. The Board

membership was fully constituted in the year with full representation as required by the Act. The slot for MoWT however remained vacant for most of the year and was only filled in April 2012.

During FY 2011/12, four board members including: Eng. Dr. Francis Baziraake (representing Engineers), Mr. Patrick Ocailap (representing MFPED), Mr. Benon Kajuna (representing MoWT) and Mrs Jacqueline Lutaya (representing accountants) completed their initial terms of office and were reappointed in accordance with section 8 of the URF Act for a further 3 year term ending May 2015.

The Board established three Board Committees to increase effectiveness of the Board in the discharge of its functions at the Fund. The three committees include: Finance & Administration Board Committee (FABC); Board Audit Committee (BAC); and Policy & Strategy Board Committee (PSBC).

The Board exercised its mandate over the Fund as scheduled under section 14 of the URF Act by setting policy

directions and closely monitoring secretariat performance in the year. The Board held six board meetings and two special board meetings in the year. The Board Committees held a total of five meetings disaggregated as two meetings for BAC; two for PSBC; and one meeting for FABC.

In line with best practice, the Board held a retreat during the year at which they underwent training in corporate governance and held self appraisal by members facilitated by Institute of Corporate Governance.

2.1.2 Performance of the Fund Secretariat in FY 2011/12

2.1.2.1 Staffing

The Secretariat carries out the main administrative and operational functions of the Fund. During FY 2011/2012 the structure of the Secretariat was revised slightly from an establishment of 27 to 30. Staffing based on the revised structure stood at 26 positions or 86.7% filled as shown in Table 2. The detailed staff return for the Secretariat in FY 2011/12 is appended in Annex 1.

Table 2– Summary of Staff Disposition

SN	Position	Establishment	Filled	Vacant
1.	Executive Director	1 (Scale SG 1)	1	0
2.	Managers	5 (Scale SG 2)	5	0
3.	Officers	14 (Scale SG 3-4)	12	1
4.	Technical	1 (Scale SG 6)	1	0
5.	Support	10 (Scale SG 5-9)	7	3
Total		30	26	4

In April 2012, the Monitoring and Evaluation Officer (Mr. Moses Nkojo Murungi) left the establishment and the staffing levels fell to 83.3% with the number of vacant positions increasing to five.

2.1.2.2 Monitoring and Evaluation

In FY 2011/12, Monitoring & Evaluation activities were undertaken in a total of 39 designated agencies comprising of 32 district local governments; 3 municipal councils; and 4 stations under UNRA shown in Table 3. The monitoring involved tracking of implementation of funded work plans against performance agreements.

Table 3: Summary of Agencies Monitored, FY 2011/12

UNRA Station	District Council	Municipal Council
Jinja, Kasese, Moyo and Mubende	Adjumani, Alebtong, Budaka, Bugiri, Bukomansimbi, Bushenyi, Busia, Butambala, Iganga, Kaberamaido, Kaliro, Kamwenge, Kanungu, Kapchorwa, Katakwi, Kayunga, Kiboga, Kiruhura, Kisoro, Kitgum, Kyankwanzi, Kyenjojo, Lyantonde, Mayuge, Mityana, Moyo, Nebbi, Ntungamo, Oyam, Rukungiri, Sironko and Yumbe.	Iganga, Rukungiri and Ntungamo
4 Stations	32 Districts	3 Municipal Councils

The Fund used a mix of in-house capacity and outsourcing to undertake the M&E activities. Table 4 shows the geographical coverage of the M&E activities while Table 5 shows the generic findings and recommended remedial action.

2.1.2.3 Planning and Programming Department

Planning and programming is the function responsible for developing of the statutory road maintenance plans; allocation of funds and development of the statutory road maintenance expenditure programmes as well as issuing of annual planning guidelines to the designated agencies. Under the function, the Fund co-ordinated programme review process; undertook two research programmes in road maintenance related areas; developed the funds allocation formula; undertook studies for harmonisation of unit costs; prepared the One-Year Road Maintenance Plan (OYRMP) and Expenditure Programme for FY 2012/13; and issued budget guidelines to DAs to guide the preparation road maintenance plans of FY 2012/13.

In addition, the Fund disseminated the programming manual; undertook training of district engineers and finance officers; and coordinated with MoWT in developing of the guidelines for use of force account in local governments.

2.1.2.4 Fund Management

Fund management is the function responsible for collections and management of revenue; expenditure; and management of disbursements from the fund. Under this function, the Fund successfully managed all disbursements for programmed works in the designated agencies; developed guidelines and procedures for management and accountability for the disbursed funds; and undertook capacity improvement programmes for accountants and auditors in the various DUCAR agencies.

Table 5; Schedule of M&E Findings, FY 2011/12

S/N	Generic finding	Designated Agencies			Remedial Action	
		UNRA Station	DUCAR	Districts LGs	Municipals	Town Councils
a	Late transfer of funds to sub-agencies	Iganga, Kapchorwa, Butambala, Kayunga, Miyana, Oyam, and Moyo, Yumbo, Adjumani				Guidelines to harmonise transfer of funds to sub-agencies were issued; and wide and timely circulation of disbursement schedules is being done to address the reasons given for delays.
b.	Absorption of funds	11% in Kapchorwa, 99% in Kaliro,			5% in Busembatya and Katakwi, 50% in Kaberamaido	<ul style="list-style-type: none"> - Early issuance of planning figures and budgeting guidelines; - Rollout of the force account policy will reduce time lost in procurements. - Regional training of engineers and accountants
c.	Extreme delays in implementation of works in sub-counties.	Oyam- only 4 out of 11 sub-counties had started implementation of road works of FY 2010/11.				Disbursement of funds to sub-counties will be improved from 2 tranches in the 2 nd and 4 th quarters to a single tranche in the 2 nd quarter to give sub-counties more time to implement planned works within the FY.
d.	Use of mechanical imprest without attendant physical outputs	Miyana, Kayunga Kiboga				The DAs will be audited to assure the Board of prudence in the utilisation of funds
e.	Spending above 4.5% limit on operational costs	Budaka, Bugiri				The DAs will be audited to assure the Board of prudence in the utilisation of funds; limit for operational costs will be rationalised when the road maintenance budget increases.
f.	Understaffing in Works department	Mubende, Jinja, Kasese	Bukomansimbi, Burambala, Kayunga, Kyankwanzi, Lyantonde, Adjumani, Alebtong, Oyam, Kitgum, Nebbi		Budaka, Kaberamaido, Kapchorwa	URF will work with MoLG and the DAs to agree on remedial action. Hire of consultants to offer technical assistance will be considered as a mitigation measure.
g.	Unconventional BoQs- gravelling split into 5 items			Bugiri		The DA will be audited to assure the Board of prudence in the utilisation of funds
h.	Certification of works based on instructed works as opposed to actual works done.			Adjumani		The DA will be audited to assure the Board of prudence in the utilisation of funds
i.	Shoddy works	Iganga, Kaberamaido (Ochero- Bugoi rd), Kaliro (Bidehe- Kyani rd), Katakwi (Usuk-Ngogoja & Ngogoja- Obwoowo rds)				The DAs will be audited to assure the Board of prudence in the utilisation of funds; URF will in addition work with MoWTF to enforce quality road maintenance works

S/N	Generic finding	Designated Agencies			Remedial Action
		UNRA Station	DUCAR	Districts LGs	
		Municipals	Town Councils		
k.	Unsupported expenditure	Kapchorwa			The DAs will be audited to assure the Board of prudence in the utilisation of funds
l.	Diversion of funds to emergencies	Sironko			The DAs will be audited to assure the Board of prudence in the utilisation of funds
m.	Unidentifiable gravelled sections under Spot improvement works.	Bukomansimbi, Burambala, Kyankwanzi.			The DAs will be audited to assure the Board of prudence in the utilisation of funds
n.	Lack of follow up on RM on maintenance on roads that roads that received PM periodic maintenance	Bukomansimbi, Burambala, Kayunga, Kyankwanzi, Lyantonde			Annual budget guidelines are issued every year to guide DAs in planning and programming for works. Adherence will be enforced through programme reviews and negotiation meetings with DAs.
o.	Delayed commencement of planned works due to lack of contracts committees	Mubende	Bukomansimbi, Burambala, Kiboga		Rollout of the force account policy will mitigate the delays as volume of procurements decreases.
p.	Roads extensively ravaged by recent rains		Kirgum, Oyam (Anyeke-Icembe road), Yumbe, Adjumani (Kurekuru-Amelo road)		URF will continue advocating for direct transfer of road user charges, which will provide an opportunity for timely response to emergencies on public roads. In the meantime, agencies were guided to programme the ravaged roads with in the FY 2012/13 budget
q.	Unreasonable use of URF funds in allowances-per diems paid to staff travelling 50km to the bank		Kaberamaido		The DA will be audited to assure the Board of prudence in the utilisation of funds

2.1.2.5 Internal Audit

The purpose of the internal audit function of the fund is to provide assurance to the Board that funds are being applied as intended at disbursement. In FY 2011/12, audit activities mainly included completion of audits commenced in FY 2010/11 in the designated agencies shown in Table 6.

Table 6: Agencies Audited in FY 2011/12

S/N	Technical and Financial audit of the following agencies:
Lot 1	Uganda National Roads Authority in all 22 stations
Lot 2	Entebbe Municipal, Luwero, Masindi, Mpigi, Mubende, Mukono and Wakiso Districts
Lot 3	Soroti Municipal, Mbale Municipal, Kamuli, Kumi, Palisa, Soroti and Tororo Districts
Lot 4	Gulu Municipal, Lira Municipal, Apac, Arua, Lira, Pader, Abim Districts
Lot 5	Mbarara Municipal, Bundibugyo, Hoima, Kanungu, Kasere, Kibaale, and Isingiro Districts
Lot 6	KCC (currently KCCA), Bushenyi

The audits were undertaken using a mix of in-house capacity and outsourced services. Findings from the audits, which were communicated to the designated agencies for action and corrective measures, were as shown in Table 7. Adverse findings such as loss of funds were in addition forwarded to the several government investigative agencies.

Audit of internal processes of the Fund was also carried out notably in the procurement and fund management functions. Key findings were:

- (a) Lack of an information management system to facilitate planning, monitoring and reporting on finances and related operations. A requisite study is however underway towards establishing one such system.
- (a) Absence of framework for collection of Road User Charges in preparation for full operationalisation of the Fund with the attendant direct flow of proceeds of road user charges into the Fund account.
- (b) Non compliance with Section 37 (2) of the Uganda Road Fund Act 2008 on preparation, submission and publishing in the Gazette of financial statements. It was noted that the three months deadline required by the above section was not being adhered to.
- (c) Procurement plans were not aligned to the budget for proper budget monitoring.

The Fund was accordingly taking corrective measures to address the issues identified by its audit function.

2.1.2.6 Corporate Services

Corporate Services is the function of the Fund responsible for legal, administrative, human resource, ICT and communication activities of the Fund. Under this function, the Fund undertook operational and management activities in the above areas including recruitment of staff (Program Officer, Internal Auditor, receptionist and four drivers), drafting of training policy, drafting of the corporate communications policy, legal functions and general administration works.

In addition, the Fund relocated its offices from 5th Floor of

Soliz House, Plot 23 Lumumba Avenue to larger premises on the 5th Floor of Twed Towers, Plot 10 Kafu road to cater for the increased number of staff and increased workload. The Fund established a Local Area Network (LAN) and a dedicated email system of the fund; and maintained the internet domain “roadfund.ug” and the website www.roadfund.ug, which are essential features of the Fund’s outreach strategy.

2.1.2.7 Procurement and Disposal Unit

The Procurement and Disposal of Assets Unit is the function of the Fund responsible for management of procurements and disposal of assets of the fund in accordance with the requirements of the PPDA Act, 2003. Under this function, the Fund undertook 54 macro and several micro procurements necessary for the execution of other function of the Fund; submitted ten monthly and two quarterly reports to PPDA in line with the PPDA Act and Regulations; prepared the Fund’s procurement plan for FY 2012/13; and facilitated the function of the Contracts Committee, which held 44 meetings in FY 2011/12.

The Contracts Committee was composed of the following membership:

- (a) Eng. Andrew Naimanye – Chairman;
- (b) Mr. Ronald Namugera – Secretary;
- (c) Mr. Milton Mumanye – Member;
- (d) Ms. Fatuma Nanziri – Legal adviser from Solicitor General’s (SG) office; and
- (e) Mr. James Ekonga – Member

Table 7: Generic Audit Findings in FY 2011/12

S/N	Generic Audit finding	Designated Agencies				Remedial Action
		UNRA Station	DUCAR	Districts LGs	Municipals	
a.	Lack of road maintenance mgmt systems and long term strategic plans	Head Office	Kampala Capital City Authority			Agency advised to establish road maintenance management systems and develop multi-year plans to offer road user plans about aspirations on road maintenance
b.	Diversion of funds from plans	Head Office	Apac District UShs. 28,376,306	Entebbe Municipal Council		Agencies were advised to recover funds and adhere to work plans and performance agreements signed with the URF.
c.	Lack of separate books of accounts for URF funds.	Head Office	KCCA – UShs. 148,000,000			Districts were advised to seek approval of the Councils and the Ministry of Local Government to open separate bank accounts for road funds
d.	Failure to achieve set quarterly and annual targets.		Mpigi, Soroti, Kumi, Tororo, Bushenyi, Kamuli, Pallisa Districts & Kampala Capital City Authority	Soroti, Mbale		The Board advised Accounting Officers to put in place measures to ensure future road maintenance targets are achieved on time
e.	Lack of Solicitor General's approval of contracts above approved thresholds.		Mpigi, Kumi, Luwero, Masindi, Mubende, Wakiso & Tororo Districts	Entebbe Municipal Council		The Board advised the management of the agency to investigate the matter and take appropriate actions.
f.	Lack of designs, specifications and drawings for executed works.		Kampala Capital City Authority	Kampala Capital City Authority & Bushenyi		Agencies were cautioned to prepare proper designs and perform works to the required standards.
g.	Irregularities in using Force account under JICA			Entebbe & Gulu Municipal Councils		The Agencies were advised to apply proper procurement procedures and the PPDA law.
h.	Splitting of tenders to circumvent competitive bidding.		Bushenyi & Mukono			These agencies were cautioned to avoid this practice in future

S/N	Generic Audit finding	Designated Agencies			Remedial Action
		UNRA Station	DUCAR Districts LGs	Municipals	
i.	Ineligible expenditures		Luwero – Shs 11,993,634, Wakiso – 2,404,378		The agencies have been advised to recover the funds and use it for maintenance activities.
k.	Expiry of contracts without charging of liquidated damages	Southern Region	Kampala Capital City Authority		Agencies have been advised to enforce contract termination clauses at all times.
l.	Delayed transfer of funds to sub agencies	Head Office	Soroti & Kumi Districts		As a corrective measure, strict adherence to terms and conditions of the performance agreements is advocated and shall be enforced by the Fund through new model performance agreements;
m.	Delayed procurement of works and services		Kampala Capital City Authority		URF has now strongly communicated to agencies that declaration of IPFs constitutes a cue for procurements.
n.	Lack of Internal quarterly audits of road maintenance funds.		Bushenyi, Kamuli, KCCA, Kumi, Pallisa, Soroti, Tororo DLG	Mbale & Soroti Municipal Council	URF is presently working on a programme of partnering with internal audit departments in agencies to facilitate training in oversight and auditing of agencies.

2.1.2.8 Establishment of Operational Procedures

Progress was made with drafting various regulations and manuals to guide and streamline various aspects of its operations and inter-relationship with agencies and stakeholders. Progress on establishment of operational procedures in key functional areas was as shown in Table 8.

Table 8 – Progress with Key Control Documents

SN	Functional Area	Manual	Regulations	System
1.	Fund Management	Issued by Board	In process	Being procured
2.	Programming	- Ditto -	- Ditto -	n.a.
3.	Human Resource & Administration	- Ditto -	n.a.	Module of MIS
4.	Monitoring & Evaluation	In process	In process	n.a.
5.	Internal Audit	Issued by Board	In process	Being Procured
6.	District Roads Committees	n.a	In process	n.a.

Strategies used in leveraging capacity of the Secretariat in FY 2011/12

The Fund adopted a policy of maintaining the Secretariat as a relatively lean organisation, whilst extending its reach by the judicious use of external support services for selected discrete tasks in the main areas of M&E, Audit, work plan reviews, collection and preliminary analysis of road data. Planning and procurement for most of these services was initiated in FY 2011/12. The average accomplishment of deliverables for the services by the end of the FY ranged between 50–90 percent. Table 9 shows the list of services outsourced by the Fund in FY 2011/12.

Table 9 – List of Services Outsourced by the Fund in FY 2011/12

S/N	Department	Outsourced tasks	Service Provider	Status by 30/06/2012
1.0	Corporate services	Recruitment of staff	M/S Dama Consultants	PO, IA, Receptionist and 4 drivers recruited
		Communication Strategy	M/S Vantage Communications Limited	Draft before Board
2.0	Fund Management	Management Information System		Concept before the Board. System expected to be functional by 30/03/13
3.0	Planning and Programming	Study on Budget Allocation formula	M/S AH Consulting Limited	Final report before Sector Working Group
		Unit Cost Study	M/S AIM Engineering Ltd	Draft Final report presented to secretariat
		Review of Workplans	KOM Consultants	Final report submitted to secretariat
4.0	Internal Audit	Technical and Financial Audits	None	Procurements were not finalised by year end
5.0	Monitoring and Evaluation	Monitoring and Evaluation in 36 agencies.	PWC Ltd, Newplan Ltd and Dativa & Associates	Draft final report submitted for all 4 Lots.

2.2 Funding Operations

Performance of the funding operations of the Fund is presented below in sections 2.2.1 – 2.2.8 under the following thematic areas: funding process; determination of funding levels; financial systems and budgeting; operational linkages to the sector; funds allocation and disbursements; road maintenance outputs in FY 2011/12; and funds rolled over to FY 2012/13.

2.2.1 Determination of Funding Levels

Determination of Funding levels is a critical function of the Board as defined under section 14 of the URF Act. It constitutes a major step in the planning processes scheduled under sections 24, 25, and 26 of the URF Act. Some of these critical planning processes were however not done due to the fact that funding for road maintenance was still under the Medium Term Expenditure Framework (MTEF) which is not linked to the maintenance requirements of the public roads network. In particular, the framework for collection of fuel levies and direct transfer of RUCs to URF accounts had not been enabled to commence and therefore the Board did not recommend to the Minister for Finance appropriate levels of tariffs as required

under section 14 (2) (b) of the Act.

2.2.2 *Funding Process*

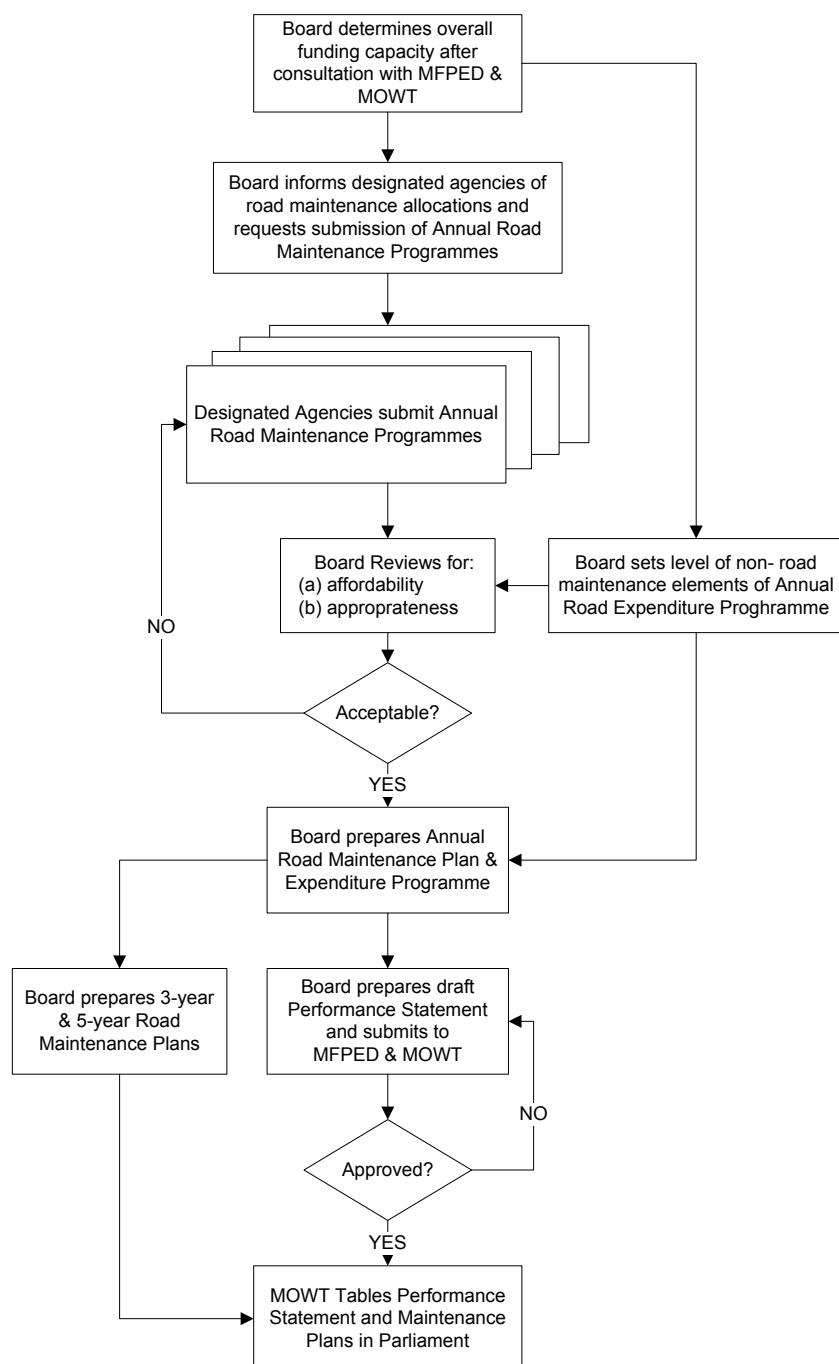

The operational procedure and systems followed by the Board during FY2010/11 is outlined in Figure 4. The procedure was designed to ensure smooth and transparent operational mechanisms of the Fund.

2.2.3 *Financial Systems and Budgeting*

Section 40 of the URF Act requires that the Fund complies with provisions of the Public Finance and Accountability Act, 2003 (PFAA). Accordingly, in FY 2011/12 the Fund used financial systems derived from the public finance management system required to be used by all public institutions.

The Fund used the modified Integrated Financial Management System (IFMS) for processing all payments and transfer of funds pending migration to the full IFMS. The full IFMS is envisaged to give the Fund a platform for communication between MFPED and the agencies.

Figure 4 – URF Funding Process

The only source of funds for road maintenance in FY 2011/12 was the Consolidate Fund. As such the budget process for road maintenance was conducted through the regular government budget process in line with provisions of the Budget Act.

In response to the Budget Call Circulars (BCC) issued by MFPED, the Fund prepared a Budget Framework Paper (BFP) in consultation with designated agencies, which was included in the Transport Sector BFP submitted to MFPED. The BFP amongst others outlined the hierarchy of objectives (vision, mission), past performance, outline of deliverables in the medium term, a list of KPIs and constraints envisaged. The FY 2011/12 road maintenance budget was prepared under Vote 118 with the following three output areas: DUCAR maintenance (UGX91.19bn); National Roads maintenance - (UGX 181.87bn); and URF Secretariat (UGX 7.89bn).

2.2.4 Operational Linkages to the Sector

As part of the operationalization process, the Fund sought to establish sound operational linkages with other stakeholder government Ministries, Departments and Agencies (MDAs) as shown in Figure 3.

Performance agreements were executed with all 135 URF designated agencies, which included: UNRA, 111 District Local Governments, 22 Municipal Councils and Kampala Capital City Authority (KCCA). The Fund also maintained active participation in the SWG including nomination of URF staff on all SWG sub-committees. In addition, consultative forums with Development Partners (DPs) including the European Union (EU), African Development Bank (AfDB), and the Danish International Development Agency (DANIDA) were maintained.

2.2.5 Funds Allocation

In FY 2011/12, the Fund used similar criteria to that previously applied by MFPED and also used by URF in FY 2010/11. Specifically, allocation across the different road network categories was based on both historical budget allocations and MTEF allocations for the year. Allocation to agencies and sub-agencies within the different DUCAR categories was based on historical allocation formulae which mainly depend on population and surface area data.

While the criteria does not fully respond to section 22 (2) of the URF Act, it nevertheless used population and surface area as surrogate measures for the parameters identified in the Act. The two stage process resulted in a vertical allocation across networks in proportions of 63.28% for national roads; 1.45% operational expenses of UNRA; 22.0% District roads; 4.32% Municipality roads; 1.51% Mechanical Imprest in DUCAR agencies; 4.63% KCCA; and 2.81% Secretariat Funds. The horizontal allocations across DUCAR Agencies resulted into the Indicative Planning Figures (IPFs) that were given to the agencies to guide planning and development of road maintenance work plans for the year.

2.2.6 Funds Inflows and Disbursements

In FY 2011/12, the Fund realised a total of UGX 258.088bn from the consolidated fund, representing a performance of 91.9% against the approved annual budget of UGX 280.95bn. Performance of MFPED releases along the three budget output areas was at 92.3% for National Roads maintenance; 92.5% for DUCAR maintenance; and 73.9% for URF Secretariat as shown in Table 10.

Table 10– Summary of MFPED Releases to the Fund –FY 2011/12

Sn	Description	Annual Budget	Q1	Q2	Q3	Q4	Total	% of Budget
1.	UNRA	181.87	45.468	45.467	45.467	31.464	167.866	92.30%
2.	DUCAR	91.19	23.019	22.798	22.798	15.775	84.390	92.54%
3.	URF Secretariat	7.889	2.521	1.434	1.229	0.648	5.832	73.93%
	Total	280.949	71.008	69.699	69.494	47.887	258.088	91.86%

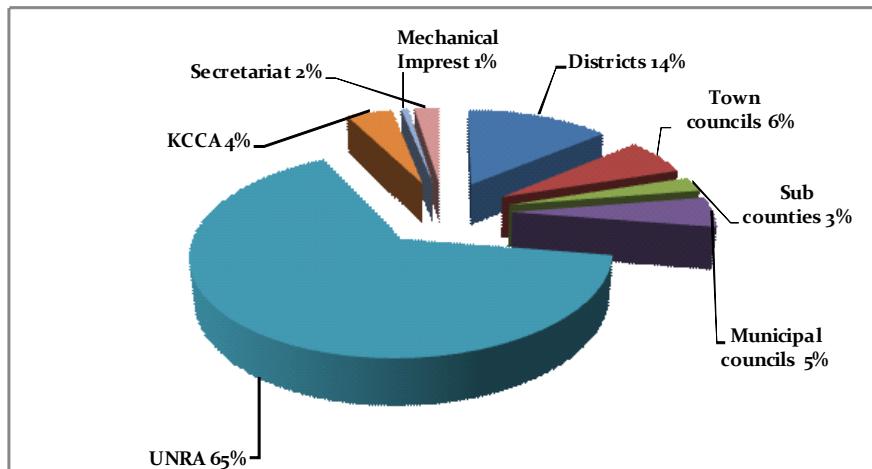

In FY 2011/12, the Fund disbursed all the funds received from MFPED as shown in Table 11.

Table 11– Funds Disbursement Summary –FY 2011/12

Sn	Agency	UShs (billion)					Remarks
		Q1	Q2	Q3	Q4	Total	
1.	UNRA	45.467	45.468	45.468	31.464	167.867	Included road maintenance activities and operational costs
2.	Districts (111No)	12.597	19.477	14.366	13.381	59.822	111No districts including Town Councils and sub-counties
3.	KCCA	3.854	3.073	3.197	1.338	11.462	Includes all 5 Divisions
4.	Municipalities	3.119	3.847	3.358	2.781	13.105	22No Municipalities
5.	URF Secretariat	2.521	1.434	1.229	0.648	5.832	Operational costs
	Total	67.576	73.282	67.618	49.618	258.088	100% disbursement

Figure 5 shows the total disbursements to the different categories of DAs and sub-agencies as a percentage of the total funds disbursed by URF during FY 2011/12.

Figure 5: Disbursements in FY 2011/12 by Category of Agencies

The disbursements generally complied with the vertical allocation levels given in the FY 2011/12 OYRMP. Table 12 shows a summary of the performance of disbursements against budget in FY 2011/12, with the performance under local governments disaggregated into four regions namely: Central; East & North East; North & North West; and West & South West.

Table 12– Summary of Disbursements against Budget–FY 2011/12

Agency/Region	Annual Budget FY 2011/12 (UGX - million)	Disbursements FY 2011/12 (UGX - million)	% of Budget Disbursed	Agencies by region			
				DLGs	MCs	TCs	SCs
UNRA	181,870	167,867	92.3%				
KCCA	12,788	11,462	89.6%				
LGs - Central	18,432	17,472	94.8%	22	3	43	179
LGs - East & North East	23,207	21,447	92.4%	39	7	44	379
LGs - North & North West	15,750	14,467	91.9%	24	3	28	224
LGs - West & South West	21,013	19,542	93.0%	26	9	59	322
Total LGs	78,402	72,928	93.0%	111	22	174	1,104
Total Overall	273,060	252,257	92.4%				

The following can be observed from Table 12:

- Releases generally performed at 92.4%, with UNRA at 92.3%, KCCA at 89.6% and Local Governments at 93.0%
- Releases to the Local Governments by region were in the range 91.9% in North & North West region to 94.8% in the central region. Variations were mainly from releases for minor mechanical repairs, which were pegged on equipment capacity of agencies and the force account component in the respective work plans. All agencies were allocated mechanical imprest in anticipation of the commencement of the force account policy using the new equipment from China. Distribution of the equipment however did not happen during the FY thereby affecting release of the allocated mechanical imprest for agencies without equipment.

Details of the quarterly disbursements to each designated agency are appended in Annex 2 and details of road maintenance works funded appended in Annex 3.

2.2.7 Financial Performance of Road Maintenance Programmes - FY 2011/12

2.2.7.1 Performance of expenditures against releases

Table 13 shows a summary of expenditures against releases in FY 2011/12, with the performance under local governments disaggregated into four regions.

Table 13– Summary of Expenditures against Releases—FY 2011/12

Agency/Region	Funds rolled from FY 2010/11 (UGX - million)	Releases FY 2011/12 (UGX - million)	Actual Expenditure (UGX - million)	% of Releases Absorbed
	(a)	(b)	(c)	d= (c-a)/b
UNRA	(35,469)	167,867	180,826	128.8%
KCCA	12,355	11,462	7,034	0.0%
LGs - Central	354	17,472	9,802	54.1%
LGs - East & North East	1,933	21,447	13,349	53.2%
LGs - North & North West	2,444	14,467	11,180	60.4%
LGs - West & South West	835	19,542	12,240	58.4%
Total LGs	5,566	72,928	46,571	56.2%
Total Overall	(17,548)	252,257	234,431	99.9%

The following can be observed from Table 13:

- On the overall, designated agencies had outstanding payment obligations amounting UGX 17.5bn at the beginning of FY 2011/12. This was a sum total of outstanding payment obligations from UNRA amounting UGX 35.469bn and unspent rollover funds amounting UGX 12.355bn from KCCA, and UGX 5.566bn from local governments.
- Total release to the agencies amounted to UGX 252.257bn, while total funds rolled from FY 2010/11 amounted to UGX (17,548) million. Total available funds (releases plus opening balances) in the FY therefore amounted to UGX 234.709bn of which UGX 234.431bn was expended, indicating an aggregate unspent balance of UGX 278 million.
- Absorption of funds released during the FY was 99.9% overall with UNRA spending 28.8% above the releases; KCCA having no absorption; and local governments spending 56.2% of the releases. During the FY, KCCA only utilised 57% of funds rolled over from FY 2010/11 with the rest of the rollover funds and the FY 2011/12 releases being unspent as at the end of the FY.
- Performance of local government agencies by region varied between 53.25% in East & North East region to 60.4% in the North & North West region, indicating a fairly even trend across the country.

2.2.7.2 Performance of expenditures against budget

Table 14 gives the summary of performance of expenditures against the planned spending levels in the annual budget for FY 2011/12.

Table 14– Summary of Expenditures against Budget –FY 2011/12

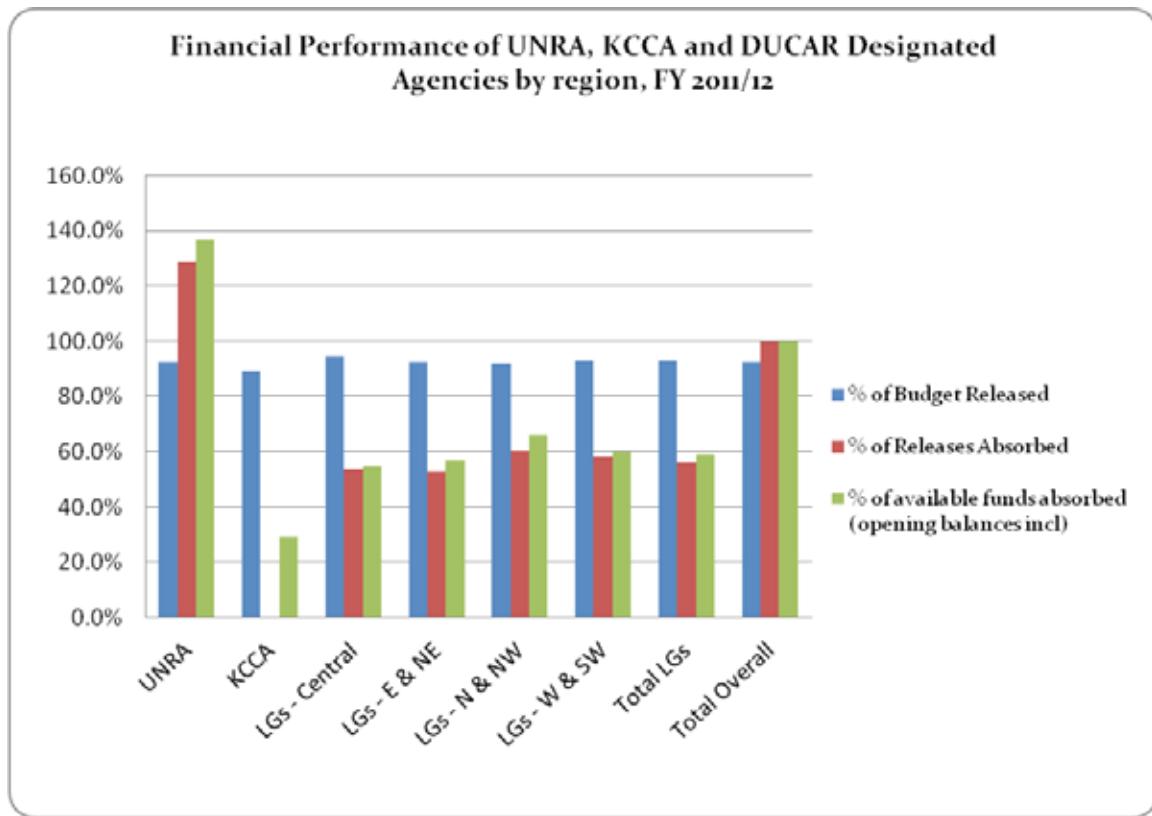

Agency/ Region	Annual Budget FY 2011/12 (UGX - million)	Funds rolled from FY 2010/11 (UGX - million)	Releases FY 2011/12 (UGX - million)	Total Funds Available FY 2011/12 (UGX - million)	Actual Expenditure (UGX - million)	Unspent Balances, FY 2011/12 (UGX - million)	% of available funds absorbed	Expenditure as % of budget
	(a)	(b)	(c)	(d) = (b+ c)	(e)	(f) = (d-e)	(g) = (e/d)	(h) = (e/a)
UNRA	181,870	(35,469)	167,867	132,399	180,826	(48,427)	136.6%	99.4%
KCCA	12,788	12,355	11,462	23,817	7,034	16,783	29.5%	55.0%
LGs - Central	18,432	354	17,472	17,674	9,802	8,024	55.0%	53.2%
LGs - E & NE	23,207	1,933	21,447	22,570	13,349	10,031	57.1%	57.5%
LGs - N & NW	15,750	2,444	14,467	16,045	11,180	5,730	66.1%	71.0%
LGs - W & SW	21,013	835	19,542	19,945	12,240	8,137	60.1%	58.3%
Total LGs	78,402	5,566	72,928	76,233	46,571	31,922	59.3%	59.4%
Total Overall	273,060	(17,548)	252,257	232,449	234,431	278	99.9%	85.9%

The following can be observed from Table 14:

- On the overall, expenditure against available road maintenance funds (releases plus opening balances) changed from an over expenditure of UGX 17.548bn to unspent balance of UGX 278m. However, this is due to observed divergent trends between UNRA and the DUCAR agencies, which tended to even out.
- While the level of expenditure in UNRA was at 99.4% of the planned annual expenditure, they over spent the annual release by UGX 12.959bn. The over expenditure portfolio in UNRA increased from UGX 35.469bn to 48.427bn (96% growth), indicating serious laxity in expenditure controls.
- In KCCA, actual expenditure relative to planned expenditure was at 55% and their unspent balances portfolio increased from UGX 12.355bn to 16.783bn (35.8% growth), indicating serious absorption challenges within the agency.
- Among local governments, actual expenditure relative to planned expenditure was at 59.4% on average. The trend across regions was fairly even ranging from 53.2% in the central region to 57.5% in the East and North East region, with the North and North West region an outlier at 71%. The unspent balances portfolio among local governments increased tremendously from UGX 5.566bn to 31.922bn (574% growth). This observation will be investigated further to uncover the underlying reasons and provide corrective measures.

Figure 6 provides a graphical representation of the financial performance of designated agencies in FY 2011/12 on the basis of releases against budget; absorption against releases; and absorption against the total available road maintenance funds. Figure 6 also depicts the financial performance of local government agencies across the four regions of Central; East & North East; North & North West; and West & South West.

Figure 6: Graph Showing Financial Performance of DAs – FY 2011/12

Details of financial performance of DUCAR agencies are appended in Annex 4 and that of UNRA in Annex 5.

2.2.8 Road Maintenance Outputs in FY 2011/12

In line with section 22 of the URF Act, the funds appropriated to URF in FY 2011/12 were applied for various categories of road maintenance works and services as detailed in Table 15.

Table 15– Summary of Funded Activities against Planned - FY 2011/12

Sn	Maintenance Activity	Planned				Financed			
		UNRA Qty	DUCAR Qty	TOTAL Qty	Amount (UGX Million)	UNRA Qty	DUCAR Qty	TOTAL Qty	Amount (UGX Million)
1	Routine Maintenance								
	Manual (Km)	19,591	35,151	54,742	45,091	19,437	33,726	53,163	46,398
	Mechanized (Km)	14,849	5,562	20,411	84,931	13,588	5,023	18,611	72,539
2	Periodic Maintenance								
	Paved (Km)	28	58	86	34,295	28	48	76	36,578
	Unpaved (Km)	556	4,209	4,765	53,302	556	3,693	4,249	53,326
3	Bridges								
	Routine (No)	175	55	230	1,906	175	55	230	3,711
	Periodic (No)	9	0	9	5,228	9	0	9	9,530
4	Road Signs (No)	4,000	0	4,000	2,000	1,020	0	1020	1,200
5	Axle load control	12	0	12	5,760	8	0	8	5,760
6	Ferry Services	9	0	9	9,695	7	0	7	9,695
	Total				242,208				238,737

It can be seen from Table 15 that quantities of periodic and routine maintenance funded were less than planned. This was mainly due to the shortfall in funding of UGX 22.9bn realized in Quarter 4 of FY 2011/12. It can also be seen that generally the unit cost of outputs increased. This was due to inflationary pressures which peaked at 30.5% in October 2011. Actual performance against funded activities as at the end of the FY was as shown in Table 16. Summaries of the physical performance are appended in Annex 5 for UNRA and Annex 6 for DUCAR agencies. Annexes 7-11 give lists of road names worked on in each DA under periodic maintenance, routine mechanised maintenance, and routine manual maintenance.

Table 16–Actual Performance against Funded Activities, FY 2011/12

Sn	Maintenance Activity	Financed			Actual		
		UNRA Qty	DUCAR Qty	TOTAL Qty	UNRA Qty	DUCAR Qty	TOTAL Qty
1	Routine Maintenance						
	Manual (Km)	19,437	33,726	53,163	19,437	22,018	41,455
	Mechanized (Km)	13,588	5,023	18,611	9,390	3,369	12,759
2	Periodic Maintenance						
	Paved (Km)	28	48	76	6	33	39
	Unpaved (Km)	556	3,693	4,249	197	1,850	2,047
3	Bridges						
	Routine (No)	175	55	230	6	13	19
	Periodic (No)	9	0	9	0	0	0
4	Road Signs (No)	1,020	0	1020	0	0	0
5	Axle load control	8	0	8	8	0	8
6	Ferry Services	7	0	7	7	0	7

It can be seen from Table 16 that there was wide variance between funded and achieved outputs in FY 2011/12. Numerous agencies reported late commencement of contracted works due to procurement related challenges; inadequate staffing of works departments; capacity constraints of contractors; and low quarterly disbursements to town councils and sub-counties, which delayed take off of contracted works.

2.3 Key Performance Indicators

Broadly, the secretariat's KPIs cover four business areas namely *Administration and Human Resource*; *Funding Operations*; *Impact of Funding*; and *Governance*. It is envisaged that the KPIs will be continuously refined and augmented in the coming financial years to provide a robust and effective monitoring and evaluation framework. Achievement against the secretariat KPIs in FY 2011/12 is discussed below.

2.3.1 Performance Rating of KPIs

Table 17 shows a summary of the performance rating of KPIs under each key business area as well as the overall aggregate performance.

Table 17 Summary of Performance Rating of KPIs in FY2011/12

	Administration and Human Resource		Funding Operations		Impact of Funding		Governance		Overall Totals	
	No. of KPIs	% of Total	No. of KPIs	% of Total	No. of KPIs	% of Total	No. of KPIs	% of Total	No. of KPIs	% of Total
No Data	0	0.0%	0	0.0%	3	75.0%	0	0.0%	3	12.5%
Achieved	2	66.7%	9	69.2%	0	0.0%	1	25.0%	12	50.0%
Not Achieved	1	33.3%	4	30.8%	1	25.0%	3	75.0%	9	37.5%
Totals	3		13		4		4		24	

From Table 17, the following can be seen:

- a) A total of 24 KPIs were adopted to measure performance of the secretariat in FY 2011/12 (up from 16 in FY 2010/12);
- b) There was no data to enable measurement of 3 KPIs (12.5% of total) – down from 4 KPIs and 25% in FY 2010/11;
- c) 3 out of 4 KPIs for impact of Funding could not be measured due to lack of data – same as was in FY 2010/11;
- d) The number of KPIs *achieved* were 12 (50.0 % of total) – up from 6 KPIs and 37.5% in FY 2010/11;
- e) The number of KPIs *not achieved* were 9 indicating (37.5 % of total) – up from 6 indicators and 37.5% in FY 2010/11;

The description of the KPIs under their respective business areas, targets, achievements in FY 2011/12 and reasons for the performance are discussed below.

2.3.2 Performance in Administration and Human Resource

Table 18 shows the description, targets and achievements of the KPIs under *administration and human resource* in FYs 2010/11 and 2011/12.

Table 18 - KPIs in Administration and Human Resource, FY2011/12

KPI	Explanation	FY 2010/11		FY 2011/12	
		Target Value	Achievement	Target Value	Achievement
Staffing Level	Percentage of establishment (average over a year)	95% min	77.2%	95% min	93.1%
Staff Turnover	Vacancies arising as a result of leavers in calendar year as percentage of establishment	10% max	7.4%	10% max	3.4%
Administrative Overheads	Percentage of budgeted expenditure	2.8% max	1.5%	2.81% max	2.3%

It can be seen from Table 18 that 3 KPIs were used to monitor the performance of the Fund under the business area of administration and human resource. The KPIs for staff turnover and administration overheads were achieved as a result of the strong ability for URF to attract and retain suitably qualified personnel. However there was underperformance in the staffing level where the KPI achievement was 93.1% against the target of 95% minimum. This was due to a combination of factors that included: the fact that the staff structure was revised from 27 to 30 staff, which increased the number of vacant positions over a number of months; unsuccessful recruitment processes, in which the process for 2 positions had to be repeated; and the departure of the monitoring and evaluation officer. In effect a total of 8 positions were vacant for a period of 2-months and an additional 5 positions remained vacant for the entire year. The staffing level however improved from an average of 77.2% in FY 2010/11 to 93.1% in FY 2011/12 as a result of the recruitments undertaken during the FY.

2.3.3 Performance in Funding Operations

Table 19 shows the description, targets and achievements of the KPIs under *Funding operations*, in FYs 2010/11 and 2011/12.

Table 19 - KPIs in Funding Operations, FY2011/12

KPI	Explanation	FY 2010/11		FY 2011/12	
		Target Value	Achievement	Target Value	Achievement
Efficiency of collection	Percentage of potential revenue collected in each category	98% min	99.8%	98% min	91.86%
Timeliness of collection and deposit to account of Fund	Average days from collection to deposit for each category	14 business days max	19 business days	14 business days max	23.5 business days
Adherence to approved Fund management plan	Adverse deviation from the Fund management plan, which shall be an average deviations from the forecast month end balances for the financial year	2% max	39.7%	10% max	9.0%
Allocation by type of maintenance work: % of budget	Percentage of overall road maintenance expenditure	Not set in FY 2010/11	Nil		
i) Routine Manual Maintenance				20%	13.5%
ii) Routine Mechanized Maintenance				15%	33.2%
iii) Periodic Maintenance				45%	34.00%
Allocation by road class: % of budget	Percentage of overall road maintenance expenditure	Not set in FY 2010/11	Nil		
i) National Roads				64.70%	65.00%
ii) District Roads				14.40%	14.50%
iii) Urban Roads				15.60%	15.70%
iv) Community Access Roads				2.50%	2.50%
Efficiency of disbursement	Percentage value of approved plans Funded and disbursed in the same financial year	98% min	99.8%	98% min	100.0%
Timeliness of disbursement	Average lag of disbursement after submission of acceptable work plan – stated by quarter	20 business days max	25 business days	20 business days max	7.5 business days
Completeness of disbursements	Percentage of funds collected and disbursed within the FY	Not set in FY 2010/11	Nil	98% min	100%

It can be seen from Table 19 that a total of 8 KPIs were developed to monitor performance of the Fund under the business area of *Funding operations*. A total of 5 KPIs including: *adherence to approved Fund Management Plan*; *Allocation by road class*; *Efficiency of disbursements*; *Timeliness of disbursements*; and *completeness of disbursements* were achieved as a result of the strong budget discipline ensured by the Fund during the FY. The following indicators were however not achieved:

- a) *Efficiency of Collections*, where the KPI achievement was 91.9% against the target of 98% minimum. Performance was contingent on releases from MFPED, which suffered a shortfall in releases of 8.1%.
- b) *Timeliness of Collections*, where the KPI achievement was 23.5 business days against the target of 14 business days. Performance was contingent on releases from MFPED, which on average took 23.5 business days.
- c) *Allocation by type of maintenance work*, where the KPI achievement were 13.5% against 20% target for routine manual maintenance; and 34% against 45% target for periodic maintenance. Performance was affected by emergency interventions funded following extensive ravaging of public roads from heavy rains/ floods experienced across the country during FY 2011/12.

2.3.4 Performance in Impact of Funding

Table 20 shows the description, targets and achievements of the KPIs under *Impact of Funding*, in FY 2011/12.

Table 20 - KPIs in Impact of Funding in FY2011/12

KPI	Explanation	FY 2010/11		FY 2011/12	
		Target Value	Achievement	Target Value	Achievement
Cost of routine maintenance (Mechanised)	Average cost per kilometre	Not set in FY 2010/11	UGX 2.9m (national roads)	UGX 3.2m	UGX 9.7m (national roads)

It can be seen from Table 20 that only one KPI was used to monitor performance of the Fund under the business area of *Impact of Funding*. The KPI *Cost of Routine Maintenance* was however not achieved due to however due to inflationary pressures which caused sharp increments in cost of construction inputs like fuel, labour, materials and spare parts among others. It is envisaged that 3 more KPIs monitoring this business area will become effective in subsequent financial years when modalities for providing credible sector data under the Sector Strategic Plan for Statistics (SSPS) project are concluded.

2.3.5 Performance in Governance

Table 21 shows the description, targets and achievements of the KPIs under *governance*, in FY 2011/12.

Table 21 - KPIs in Governance, FY2011/12

KPI	Explanation	FY 2010/11		FY 2011/12	
		Target Value	Achievement	Target Value	Achievement
Board oversight	Member attendance – percentage of meetings attended	90% min	81%	90% min	86%
Audit	Percentage of agencies audited	10% min	24%	10% min	12.6%
Reporting	Punctual presentation of annual report	Within 30 business days of end of each FY	235 business days	240 business days	Not yet met at 250b-days
External Audit	Completion of Audit by OAG	No significant qualification/reservation	Met	No significant qualification/reservation	Met

It can be seen from Table 21 that 4 KPIs were used to monitor performance of the Fund under the business area of *governance*. A total of 2 KPIs including: *Audit*; and *External Audit* were achieved as a result of the initiative by the Fund to leverage its capacity through outsourcing of some key audit functions; strict financial discipline; and swift cooperation and responsiveness with the Office of the Auditor General (OAG). The following indicators were however not achieved:

- a) *Board oversight*, where the KPI achievement was 86% against the target of 90% minimum. Performance was affected by absence of the MoWT representative on the Board for most of the FY.
- b) *Reporting*, where the KPI had not yet been achieved after 250 business days against the target of 235 business days. Performance was contingent on completion of the OAG Audit, which was beyond the control of the Fund; and lethargy of local government agencies in submitting final reports, from which data for the annual report is compiled.

2.3.6 URF Performance in the FY 2011/12 Government Annual Performance Report (GAPR)

The GAPR is a report compiled by the Government of Uganda under the Office of the Prime Minister (OPM) to outline the performance of Government during a given Financial Year. The FY 2011/12 GAPR focused on an assessment of progress against the Government's commitments made in the National Development Plan 2010/11 – 2014/15, in the Budget Speech of 2011/12, and against Parliament-approved Ministerial Policy Statements for the financial year. It also tracked progress made against actions agreed upon in the Joint Assessment Framework (JAF); Presidential Investor's Round Table (PIRT) meetings, and in the Cabinet Retreat of December 2011 at which the Government Annual Performance Report of FY2010/11 was discussed. The report provides an assessment of the performance of every Ministry, Department and Agency (MDA) against performance targets set by each MDA prior to the start of the FY.

Table 23 shows the performance of URF in the FY 2011/12 GAPR. It can be seen that a total of 6 indicators and 2 actions were used to measure the performance of URF in the GAPR. Targets for 5 indicators were achieved while the target for 1 indicator was not achieved. Performance was affected by MFPED budget cut of 7.7%; the low annual budgetary provisions; and the

increased maintenance needs on national roads.

The rating of URF on the performance score card by OPM was at 83% as shown in Table 22. The Table also show the performance of other key sector institutions and the overall sector performance, which was rated at 79%.

Table 22 – Sector Performance Scorecard, FY 2011/12 GAPR

Output Performance				
Outputs	% Achieved	% Not Achieved	% no data	Denominator
Sector	79%	21%	0%	63
MoWT	86%	14%	0%	37
UNRA	65%	35%	0%	20
URF	83%	17%	0%	6

Table 23 – URF Performance Indicators and Actions, FY 2011/12 GAPR

Performance issues	Performance Indicators	JAF 4 (FY 2011/12)			Comments
		Target	Actual	DP Rating	
<i>National Road maintenance</i>	Percentage of Funds released to UNRA on time (as per performance agreement) ¹	95%	100%	Achieved	Performance was affected by MFPED budget cut of 7.7%; the low annual budgetary provision; and the increased maintenance needs on national roads
	Percentage of Funds released to national road maintenance requirements	65%	65%	Achieved	
	Average time (Days) of delayed disbursement	21	11.25	Achieved	
<i>District, Urban and community access road Maintenance</i>	Average time (Days) of delayed disbursement	21	11	Achieved	
	Percentage of agreed budget of DUCAR for maintenance of DUCAR network financed agreement	75	97.5	Achieved	
	Percentage of funds released to DUCAR agencies on time (as per performance agreement)	95	92.5	Not Achieved	

JAF 4 Actions	Status at end of FY 2011/12	Performance
Define fuel levy and other RUCs in URA legal administrative framework	Cabinet memo drafted and due for submission to Cabinet	Not Achieved

Agreed Actions in Cabinet Retreat of December 2011					
Code	Issue	Action	Status	Explanation for status	Performance rating
1	Uganda Road Fund not fully operational	Revise Uganda Revenue Authority Act	Cabinet Memo drafted and due for submission to Cabinet	This is for the action of MFPED	Off track

3.0 FINANCIAL STATEMENT

3.1 Overview

FY2011/12 was the second full year of operations of the Fund under Vote 118 with a budget of UGX 280.949 Billion. These funds were appropriated by parliament for financing routine and periodic maintenance of public roads. During the period the Fund received 91.9% of the budgetary allocation from the consolidated fund and disbursed 100% of the received funds to designated agencies, against approved work plans entered in performance agreements. This chapter gives the financial statement of the Fund for the FY 2011/12, which was audited by the Auditor General. The chapter responds to the requirements under Section 39 (2) of the URF Act, 2008.

3.2 Financial Statement

The performance statements of the Fund for the FY 2011/12 are presented in Tables 25-29, which respectively show: the *Statement of Financial Performance for the Year ended 30th June 2012*; *Statement of Financial Position as at 30th June 2012*; *Statement of Change in Equity as at 30th June 2012*; and *Cash Flow Statements for the Year ended 30th June 2012*.

Table 24 – Statement of Financial Performance for the year ended 30th June 2012

	Notes	Actual 30th June 2012 Shs	Actual 30th June 2011 Shs
Operating revenue			
Grants from foreign Governments	2		
Grants from International Organizations	3		
Transfers received from the Treasury	4	258,088,104,319	283,408,076,570

4.0 AUDITOR GENERAL'S REPORT

The URF Act 2008 requires that at the end of the financial year an audit of the Fund will be undertaken by the OAG. Accordingly the Auditor General audited the Fund covering the period FY 2011/12. The detailed report of the Auditor General on the Financial Statements of URF is appended here in Annex 12.

4.1 Opinion of the Auditor General

The Auditor General gave a qualified opinion as set out in Box 1.

Box 1: Opinion of the Auditor General on the Financial Statements of URF for FY 2011/13

PART "A"

Basis for qualified opinion

- Unspent bank balance - Shs 2,962,354,491

Section 433 of Treasury accounting instruction provides that at the close of the financial year, un-expended bank balances shall be repaid to the Consolidated Fund. Contrary to this provision, it was noted that balances amounting to Shs.2,062,354,491 outstanding at the end of the previous financial year were transferred from the General Treasury Bank account to Collection account and Operations account as committed Funds.

- Unaccounted for special releases

The Uganda Road Fund transferred Shs. 3,243,530,000 to selected designated agencies as special releases for emergency interventions. The criterion/basis used to the beneficiaries was not defined. It was further observed that the funds remained unaccounted for.

Qualified Opinion

In my opinion, except for the effect of the matters disclosed in the Basis for Qualified Opinion paragraph;

- The financial statements fairly present in all material respects the financial position of the Uganda Road Fund as at 30th June, 2012 and its financial performance and cash flows for the year then ended, and comply in all material respects with the Public Finance and Accountability Act, 2003 and the modified cash basis of accounting described under accounting policy 2(a).
- The expenditure and receipts have been applied in all material respects for the intended purposes.

Emphasis of Matter

Without qualifying my opinion further, attention is drawn to the following matters which are also included in Part B of this report and my annual report to Parliament.

- Transactions not captured on the IFMS system

A review of the records of Uganda Road Fund revealed that it operates two other bank accounts; the collection account and operations account whose total expenditures were Shs.5,087,891,791 and Shs.21,180,635,706 respectively. The expenditure records for these accounts were not captured through the IFMS system. The failure to process the transactions through the IFMS system implies non-compliance with financial regulations and therefore limits the achievement of government's intentions for which the payment and accounting processes were automated.

- Implementation of the Road Fund Act-Collection of Road User Charges

According to Section 21 of the Uganda Road Fund Act, Uganda Road Fund is required to collect Road user Charges. However, it is Uganda Revenue Authority (URA) that collects Road user charges. Due to this conflict in the two laws, Management of Uganda Road Fund has failed to operationalize the provision in the Road Fund Act which may hamper the activities of the entity.

John F.S. Muwanga

AUDITOR GENERAL

KAMPALA

22nd MARCH, 2013

4.2 Management Response to the Auditor General's Report

URF Management received the report of the Auditor General on the financial statements of the Fund for the year ended FY 30th June 2012, and accordingly prepared a response to the issues raised as shown in Table 30.

The responses were presented to the Public Accounts Committee of Parliament with the relevant supporting documentary evidence not included in this Annual Report.

Table 29: Responses to the Audit Report for the Financial Year Ended 30 June 2012

ISSUE IN THE AUDIT REPORT	URF RESPONSE/UPDATE
1. Transactions not captured on IFMIS <p>A review of the records of URF revealed that it operates two bank accounts, i.e. the collection account and operations account whose expenditure were Shs 5,087,891,791 and Shs 21,180,635,706 respectively. The expenditure records of these accounts were not captured through the IFMIS system.</p>	<p>It is true that URF operates 2 bank accounts in BoU. URF opened the two accounts in Bank of Uganda - the collections account and the operations account - in order to operationalize its mandate in Sec. 32 of the URF Act. URF deposits all its revenues to the collections account while the operations account is used for Secretariat operations. These funds were transferred from TGA Account from the previous financial year into the collection and operations accounts as commitments for activities and invoices outstanding for goods and services supplied. IFMIS is intended to only handle the TGA accounts transactions and does not capture transactions in the BoU accounts. A separate system is being designed to handle the transactions on the BoU accounts. In the interim, a report consolidating all transactions on IFMIS and BOU to present a comprehensive URF report will be prepared.</p> <p>However no funds were lost as a result of opening these 2 accounts.</p> <p>Note: There is a typo error by OAG in the figure Shs 21,180,635,706= which should actually be Shs 2,180,635,706=</p>
2. Implementation of the Road Fund Act – Collection of road user charges <p>According to section 21 of the Uganda Road Fund Act, Uganda Road Fund is required to collect Road User charges. However, it is Uganda Revenue Authority (URA) that collects Road User charges and remits to the Consolidated Fund as mandated under Section 14 of the URA Act. Due to this conflict in the two laws, management of Uganda Road Fund has failed to operationalize the provision in the Road Fund Act which may hamper the activities of the entity.</p>	<p>It is true that the URF has not yet started collecting road user charges four years after its set up. The URF has made efforts and strides towards independence from the Consolidated Fund. This includes but is not limited to the amendment to the URA Act to allow for the direct remittance of RUGCs to the URF. This issue is external to URF.</p>
3. Unspent bank balance Shs. 2,962,354,491 <p>Treasury accounting instruction provides that at the close of the financial year, un-expended bank balances shall be repaid to the Consolidated Fund. Contrary to this provision, it was noted that balances amounting to Shs. 2,962,354,491 outstanding at the end of the previous financial year were transferred to collection and operations account as committed funds.</p>	<p>It is true that URF did not return the funds to the consolidated account at the end of FY2010/11. The reason for this was that URF had commitments for the said funds and therefore applied to MFPED for permission to rollover unspent balances. This was granted as per the attached letter from the Accountant General.</p>

ISSUE IN THE AUDIT REPORT

4. Budget Performance

During the year under review, Uganda Road Fund planned to undertake a number of activities indicated in the policy statement. A review of the reported performance by the entity revealed that some key planned activities were not undertaken. Details are in the table below:

Budget Output Review

Planned Activities	Expected Outputs	Approved Budget Estimated Shs. 000,000*	Actual Outputs	Actual Expenditure Shs.000,000*	Deviation
National & district road maintenance	Disburse funds for the routine manual maintenance of 20,200km, routine mechanized maintenance of 1,739km	181,870	Disbursed UGX 167.866bn for routine manual maintenance of 19,59km, Routine mechanized maintenance of 13,503km, Periodic maintenance of 384km, Routine maintenance of 175 bridges, installation of road signs, road marking; road reserves demarcation	167,866	14,004
District, Urban and Community Access Road Maintenance	Fund the routine maintenance of 22,500km of district roads, 5,000km of urban roads and bottleneck removal on 30,000km of community access roads.	91,190	Disbursed 84.34bn to fund routine maintenance 18,932km of District Roads, 1,005km of urban roads and 61.5km of KCCA roads. Periodic maintenance of 6,591km of district roads, 230km of urban roads, 230km of urban roads and 38km of KCCA roads.	834,390	6,800 District roads 3568km not done.
Total					20,844

The Accounting Officer explained that apart from the shortfall in releases, Uganda Road Fund has challenges related to:

- The high costs of input materials into road maintenance making it difficult for the agencies to attain the planned outputs as agreed in the performance agreement due to inflationary pressures which at one time peaked at 28% in the year.
 - The lack of adequate capacities at agencies in terms of manpower and road equipment
 - Poor procurement planning
- I urged the Accounting Officer to always ensure that all anticipated factors are incorporated into the plans to ensure achievement of planned activities.

URF RESPONSE/UPDATE

A unit cost framework is now available to guide agencies on costing of projects.

Costs further lowered by applying of Force Account as a standard mode of implementation in Agencies.

ISSUE IN THE AUDIT REPORT

ISSUE	URF RESPONSE/UPDATE																																																
5. Inadequate performance Statement	<p>Uganda Road Fund Management in compliance with the above prepared and submitted to the Minister, the Performance Statement and One year Road Maintenance Plan and Expenditure Programme for the Years 2010/11 and 2011/2012.</p> <p>A review of the performance statements for the Years 2010/11 and 2011/2012 revealed inadequacies in terms of information provided in the report and specifically the details of the roads and bridges (inventory) showing their maintenance regimes through UNRA, districts and municipalities are not maintained by URF. In absence of this information Uganda Road Fund risks financing similar activities year after year under each designated agency.</p> <p>The Accounting Officer explained that it is planned that a road management system will be developed to manage inventory of roads. The action is awaited.</p>																																																
6. Lack of a strategic plan	<p>In the previous audit reports, it was indicated that Uganda Road Fund did not have medium and long term plans to facilitate the management and operations of the entity. These are supposed to be contained in a strategic plan which is still lacking. There appears to be no clear road map under which the strategic plan is to be developed. Lack of a strategic plan implies that the implementation of activities aimed at achieving the entity's mission and long term objectives may not be properly guided.</p> <p>The Accounting Officer explained that the strategic plan is expected to be in place by 30th June 2013.</p> <p>I urged the Accounting Officer to adhere to the stipulated timeline.</p>																																																
7. Unaccounted for payment Shs. 623,280,000	<p>Shs 623,280,000 was transferred to Uganda National Roads Authority from Collection Account no.0031800880000000 as additional funding to cater for emergency funding of some roads and bridges in Kigezi and Bunyoro regions.</p> <p>It was observed that UNRA intended to carry out the work using force account, however the funds remained unaccounted for at the time of audit making it difficult to confirm that the funds were properly utilized for the intended purposes.</p>

ISSUE IN THE AUDIT REPORT

URF RESPONSE/UPDATE

8. Non deduction of 6% Withholding Tax

Treasury Accounting Instructions Section 257 requires that; Accounting Officers in accordance with the Section 120 of the Income Tax Act, 1997, will make deductions of withholding tax from payments to suppliers. Contrary to this requirement, it was noted that the Fund made qualifying payments to suppliers for goods and services but the mandatory 6% WHT amounting to Shs.42,038,471 was not deducted at the time of payment to the firms. Details are shown in the table below.

Payments without deducting WHT

The Accounting Officer explained that steps have been taken to deduct the funds from the suppliers and remit them to UNRA

The results of this action are awaited.

9. Special releases Ushs 3,243,530,000

The URF transferred UGX 3,243,530,000 to selected Designated Agencies as special release for emergency interventions. The criterion / basis used to select the beneficiary agencies is not defined. In addition, the beneficiary designated agencies had not accounted for the funds.

A follow up was made by letters to the affected companies/ suppliers of services requesting them to honour their tax obligations and remit the withholding tax to URA.

It is true that during the FY 2011/12, URF disbursed these funds to the Designated agencies as emergency intervention on the network. At the time of release, the criterion for disbursement of these specific funds was proposed to the Board and the Board approved the special release. However Board requested management to establish a policy for selection of the beneficiaries and this has been approved by the Board and put in place.

On the issue of accountabilities for these funds, there is always a challenge of getting the accountabilities on time from the agencies. However, URF has since vigorously followed up these agencies and so far 50% of the agencies have provided their accountabilities. These accountability reports that have been submitted are available for verification.

10. Failure to open Road Fund Bank Accounts by agencies

In compliance with the provision of section 40 of the Public Finance and Accountability Act (PPAA), 2003 a letter dated 21st April 2011 was written to the Accountant General seeking authority to direct the Designated Agencies to open a separate account for road maintenance funds. To date no response has been received from the Accountant General despite several reminders.

The accounting Officer explained that URF has written to Accountant General to allow the opening of Road Fund Accounts at the agencies. The outcome is awaited.

5.0 CHALLENGES EXPERIENCED IN FY 2011/12

In FY 2011/12 the following challenges, which affected performance of the Fund and road maintenance activities across the country were experienced:

5.1 Budget Cut in URF Funding

During FY 2011/12, the Fund suffered a budget cut of 8.1% of the approved annual budget. In addition, disbursements from the Treasury to URF took on average 23.5 business days (approximately 1 calendar month) from the start of every quarter. This is contrary to the principle behind the 2nd generation fund which is to put roads in the market place and manage them on a fee-for service basis thereby inherently increasing adequacy, reliability and timeliness of road maintenance financing.

It is therefore crucial that direct transfers of RUCs to URF account is achieved to allow stability and predictability in road maintenance funding. The steps currently being implemented to steer URF to the status of a 2nd generation fund include:

- Completion of staff recruitment and set up of financial systems for efficient and effective management of URF business activities;
- Coordination with MFPED in processing of amendment of Section 14 of the URA Act to facilitate the collection and direct transfer of RUCs to the Fund account;
- Completion of the establishment of regulations and manuals to guide implementation; and to
- Drafting of the performance agreement to be entered into with URA as RUCs collector.

5.2 Weakness of Designated Agencies in Estimation of Needs

The current challenge in assessing road maintenance needs is inaccurate/inadequate real-time data on the road network condition and size for both national and DUCAR roads to carryout effective programming and budgeting of maintenance works. URF plans to undertake a strategy study in FY 2012/13, utilizing the outputs of the road data collection studies lined up in UNRA for national roads and in MoWT for DUCAR roads.

5.3 Weaknesses in Operation of District Road Committees

The Act provides for the establishment of district road committees, which are expected to provide overall oversight in the preparations of plans for district and community access roads in liaison with the Ministry of Works and Transport. About 43 districts (38% of total number of districts) had formed these committees by the end of FY 2011/12.

In addition compliance to reporting requirements by

the agencies, which was affecting timely reporting on performance of the Fund and funded road maintenance programmes across the country.

URF will continue to work with the Ministry of Local Governments to engage and sensitize the remaining districts to comply. In addition to this, URF shall continue to emphasize transparency and adherence to the Finance and Accountability manual and regulations approved by the Board; and to encourage greater involvement of the private sector consultants in the very demanding areas of reviewing work plans/progress reports, technical and financial audits and the requisite monitoring and evaluation.

URF will develop and introduce use of an online Road Maintenance Management and Monitoring System (RMMS) to improve planning, reporting and accountability among agencies.

5.4 Weak Institutional Capacity of Designated Agencies

Low absorption of road maintenance funds was observed in some agencies with the immediate effect of deferment of programmed works and therefore decreased impact on the condition of public roads.

Other institutional weaknesses observed included poor staffing of works departments both in DUCAR agencies and UNRA upcountry stations; procurement delays, which hamper implementation of maintenance programmes and absorption of funds; and weak equipment capacities especially in UNRA which continues to use obsolete equipment with high breakdown rates and maintenance costs.

In mitigation, URF plans to continue training of agency personnel and to encourage early commencement on procurement of works contractors. URF will also coordinate with the respective relevant key players like MFPED, MoWT, MoLG, PPDA and other government institutions in addressing the capacity constraints at the agencies.

5.5 Extreme Deterioration of the Network Sections

Nearly half of the expanded national road network (managed by UNRA), which formed the increment in size from 10,500km to 21,000 in July 2009 is in poor state. Previous interventions on the expanded network achieved minimal results in terms of condition improvement due to the poor initial state of the roads, which required rehabilitation rather than the routine maintenance that the roads received. An estimated UGX350bn over a three year timeframe is required to rehabilitate them to national standards. The MTEF projections given in the FY 2012/13 BCC do not contain this funding. The current backlog of maintenance on the original half of the national roads network (1800Km

of paved roads and 7000Km on unpaved section) require up to USD1.2bn over the next 10 years to bring them into the maintenance realm.

The DUCAR networks are in similar, if not worse condition; collection of pertinent data is yet under planning by Ministry of Works and Transport. Most urban roads including for Kampala Capital City Authority (KCCA) have exceeded their life spans and require reconstruction/strengthening (possibly using recycling technology) to restore condition to maintainable status. URF had intended to escalate KCCA's budget starting FY2011/12 from UGX13bn to UGX50bn for the purpose. This flopped when there was a reduction in URF's budget for the year.

5.6 Use of Non-Automated Systems in Disbursement of Funds

One of the major constraints faced during FY 2011/12 was the continued use of manual systems in the implementation of the FY 2011/12 OYRMP particularly in respect to timely disbursement of funds to the agencies. The requisite IFMS financial system for processing transactions was still lacking at URF forcing recourse to manual systems of processing transactions before input into the IFMS which was accessed at live points in offices of sister agencies. URF plans continue pursuing establishment of onsite IFMS at the Fund offices.

5.7 Poor Coordination among Funding Agencies

There is a multiplicity of uncoordinated financing for road works to DAs by various Ministries, donors and NGO's that overlap functions of the Road Fund and therefore distort planning and programming of road maintenance across the public roads network. For the DUCAR network such interventions include those under the Peace, Recovery and Development Programme (PRDP) under the Office

of the Prime Minister (OPM); Community Agricultural Infrastructure Improvement Programme (CAIIP) under MoLG; urban road resurfacing project under MoWT; dust and mud project in the City; and interconnectivity programme under MoWT. URF will continue to engage the key players in the sector with the aim of harmonizing the roles.

5.8 Weak Local Construction Industry

Weakness of the private sector in the construction industry, which contributed to the poor quality and expensive road maintenance works, was a challenge to the effectiveness of road maintenance implementation in both UNRA and DUCAR agencies. In mitigation, URF will actively support efforts to roll out reforms in the local construction industry as proposed in the National Construction Industry Policy like creation of Uganda Construction Industry Commission (UCICO), which is expected to regulate spur growth of the industry.

5.9 Misuse and Abuse of Road Maintenance Funds by DAs

Audit and M&E activities carried out by the Fund in FY 2011/12 continued to uncover misuse and abuse of road maintenance funds by DAs. The nature of the identified cases included: non-compliance to work plans and annual budgets; diversion of funds; expenditure outside approved work plan; operational budget overruns; internal borrowing of funds; un-authorised reallocation of funds; un-accounted funds; large cash based transactions in some agencies; accountabilities with inaccurate information; poor book keeping, among others.

In mitigation, URF will step up its oversight functions, build synergies with audit functions of the DAs and other government entities, and actively follow up on implementation of the arising recommendations.

6.0 WAY FORWARD AND CONCLUSION

6.1 Way Forward

As a way forward, the following strategies are proposed to guide actions of the Fund in FY 2012/13:

- a) Pursuance of independence from the consolidated fund to enable URF operate as a 2nd generation fund as envisaged in the URF Act;
- b) Establish the first 5-year URF Corporate Plan;
- c) Establish the first 3 & 5 year road maintenance plans;
- d) Restoration of the EU-funded Long Term Technical Assistance to leverage capacity of the newly recruited staff especially in establishment of management systems;
- e) Sensitization and training of DAs in improved methods of operation, accountability and reporting;
- f) Finalisation of critical studies aimed at improving resource allocation and rationalisation of road maintenance unit costs;
- g) Enhance working relationships with sister institutions and key stakeholders through participation in the sector working group meetings and regular interface meetings with development partners;
- h) Completion of the establishment of manuals and regulations;
- i) Automation of systems to improve planning, disbursements, accountability and reporting;
- j) Restructuring of the Secretariat in order to improve efficiency and effectiveness of the Fund in the exercise of its mandate;
- k) Undertake research in use of alternative materials and low cost seals; and
- l) Enhance Monitoring & Evaluation, and Technical and Financial Audits on funded programmes within the DAs
- m) Establish robust financial management systems
- n) Conclude the establishment of the funds allocation formula in response to Section 22 of the URF Act;
- o) Develop a RUCs management framework;

- p) Roll out implementation of the corporate communications strategy to increase visibility of the fund and interactions with the public/ road users;

6.2 Conclusion

The operations of URF during the year continued to yield improvements and the Fund was able to facilitate improvements and sustenance of the public road network in a good and safe condition through improved efficiency and effectiveness of road maintenance financing although not to the expected target level of reducing roads in poor condition by at least 10%. The Fund was unable to improve reliability and timeliness of road maintenance financing due to the continued reliance on releases from the Treasury as opposed to the monthly collections envisaged under Section 21 of the URF Act.

The Fund continued to consolidate its mandate in the works and transport sector through active coordination key stakeholders and participation in sector activities; issuance of guidelines for road maintenance planning and budgeting; establishment of key control documents like manuals and regulations; establishment and automation of systems to increase efficiency; undertaking of regular oversight on the utilisation of funds disbursed to agencies through audits and monitoring & evaluation; undertaking continuous improvements in reporting and accountability; active follow up on implementation of recommended actions from the oversight functions including recovery of funds from offending agencies.

However, the major challenges experienced in FY 2011/12 included: budget cuts linked to the continued dependence on the Consolidated Fund; weak institutional capacity of DAs; extreme deterioration of some sections of the public road network; weaknesses in operation of DRCs; misuse and abuse of funds by DAs; poor coordination of funding agencies; and use of non-automated systems in disbursement of funds.

Annex 1: Detailed Return for Board Members and Secretariat Staff

The hierarchical governance structure of the Uganda Road Fund (URF) is comprised of an oversight Fund Management Board on the one hand, and the Management and staff of the Secretariat.

1. URF Board

The composition of the Fund Management Board entails representation from both the public and private sectors as follows:

- i) Eng. Dr. Francis Baziraake (Chairman) – representative of the engineers profession;
- ii) Mr. Patrick Ocaillap – representative of the Ministry for Finance (MFPED);
- iii) Mr. Benon Kajuna– representative of the Ministry of Works and Transport;
- iv) Mr. Charles Katarikawe – representative of the Ministry of Local Government;
- v) Mrs. Jennifer Mwijukye – representative of freight transporters;
- vi) Mr. Solomon Nsimire – representative of passenger transporters;
- vii) Mrs. Jacqueline Lutaya – representative of the accountants' profession.

2. URF Management and Staff

The URF organogram provides for a work force of 30 staff and 2 temporally staff as outlined in the organizational structure referred to in the main text of this document. The staff return for the Secretariat as in FY 2011/12 was as follows:

- i) Executive Director – Eng. Dr. Michael Moses Odongo;
- ii) Manager Programming – Mr. Andrew Naimanye;
- iii) Manager, Fund Management – Mr. John Ocitti;
- iv) Manager, Corporate Services – Ms. Lelia Katusiime ;
- v) Manager Internal Audit – Mr. Joseph Etiang;
- vi) Technical Assistant to the Executive Director – Mr. Chris. Ntegakarija*;
- vii) Manager Monitoring and Evaluation- Eng. Andrew Kagoda
- viii) Road Maintenance Engineer – Mr. Ronald Namugera;
- ix) Programming Officer – Mr. Timothy Mukunyu
- x) Financial Accountant – Mrs. Juliet Kizza Magenyi;
- xi) Administrative Officer – Mr. Milton Mumanye;
- xii) Head Procurement and Disposal- Annette Tamale Katuramu;
- xiii) Systems Administrator- Fred Luyima;

- xiv) Management Accountant- James Ekonga;
- xv) Monitoring and Evaluation Officer- Moses Murungi;
- xvi) Internal Auditor- Mr. Roland Ndyomugenyi;
- xvii) Corporate Communications Officer – Vacant;
- xviii) Procurement and Disposal Unit Assistant:-Martin Byamukama;
- xix) Procurement and Disposal Unit Assistant- Ebrahim Luswata Kanakulya*;
- xx) Executive Assistant – Mrs. Josephine Namono Ssenyonjo;
- xxi) Assistant Accountant – Mr. Henry Kaganda;
- xxii) Assistant Accountant – Mrs. Susan Taffumba Isubiikalu;
- xxiii) Receptionist – Ms. Brenda Ninsiima;
- xxiv) Driver – Mr. Stephen Agaba;
- xxv) Driver – Mr. Richard Sembatya;
- xxvi) Driver – Mr. Ali Andeson Ogwang;
- xxvii) Driver – Mr. Asuman Bamweyana;
- xxviii) Driver – Mr. Aziz Wakate;
- xxix) Driver – Vacant;
- xxx) Driver – Vacant;
- xxxi) Office Assistant – Mr. Tony Mugalu;
- xxxii) Office Attendant – Vacant.

As indicated above, 4 positions were still vacant at the end of FY 2011/12 however the recruitment process was underway and all positions were expected to be filled in FY 2012/13.

The following positions marked with '*'are not provided for in the present URF organizational structure, but have since been approved by the URF Board to be filled on fixed term contract basis:

- i) Technical Assistant to the Executive Director – at its 13th Meeting held on 13th February 2010 vide Min. 5.2(c), the URF Board approved the creation of the position of Technical Assistant to the Executive Director and the appointment of Mr. Chris Ntegakarija to this position effective 1st July 2010. Mr. Ntegakarija was originally seconded from the Ministry of Finance Planning and Economic Development due to his institutional memory to help kick-start the Fund.
- ii) Procurement and Disposal Unit Assistant- Ebrahim Luswata Kanakulya

In April 2012, the Monitoring and Evaluation Officer (Mr. Moses Nkojo Murungi) left the establishment and the number of vacant positions increased to five.

Annex 2: Details of Disbursements to Designated Agencies in FY 2011/12

Annex 5: Summary of Physical and Financial Performance of National Roads Maintenance, FY 2011/12

UGANDA NATIONAL ROADS AUTHORITY, PERFORMANCE IN FY 2011/12					FINANCIAL PERFORMANCE	
Activity Category	Sub-Category	Annual Planned Quantity	Achieved Quantity	Remarks	Summary of receipts and expenditure	
					Receipts	
Routine Maintenance				Routinely maintained (manual)		Balance brought forward
Paved Roads (Km) - Manual Maintenance	2,801	2,800				50,812,424
Paved Roads (Km) - Mechanized Maintenance	2,107	1,890		Paved roads patched. Increased road deterioration		Release for quarter one
Un paved Roads (Km) - Manual Maintenance	16,790	16,640		Some roads being upgraded (Matugga-Semutu-Kapeeka, Kampala - Gayaza - Ziribabwe, Kabale-Kisoro-Bunagana, Fort Portal-Bundibugyo-Lamia).		Release for quarter two
Un paved Roads (Km) - Mechanized Maintenance	11,396	7,500		Unpaved roads routinely maintained (mechanized) - graded & spot graveled.		Release for quarter three
Bridges (Number)	90			A big part of the network damaged by floods. Some resources utilized to repair damaged road sections. Available resources for maintenance do not match the needs.		
	175			Bridges maintained.		Release for quarter four
				Bridges on the additional network required rehabilitation/reconstruction. Some resources utilized to repair damaged culverts.		
Periodic Maintenance					Total receipts	Payments
Paved Roads (Km) - Reseal	28	6		Bridges maintained. Design review took long.		
Un paved Roads (Km) - Regravelling	556	197		Unpaved roads regravelled. Long procurement time.	1	Routine Manual Maintenance
Road Safety works					2	Routine Mechanized Maintenance
						65,433,926,305
						17,851,475,931
						167,917,812,424

UGANDA NATIONAL ROADS AUTHORITY, PERFORMANCE IN FY 2011/12

PHYSICAL PERFORMANCE

Activity Category	Sub-Category	Annual Planned Quantity	Achieved Quantity	Remarks	Summary of receipts and expenditure	
					Receipts	FINANCIAL PERFORMANCE
Routine Maintenance						
	Marking of Roads (Km)	200	52 km of paved roads marked.		3	Periodic Maintenance 51,598,590,567
					4	Road Safety 1,920,928,016
Axle Load Control					5	Other qualifying works 19,591,612,407
	Operations and Maintenance (5 fixed & 7 mobile)	5 fixed & 7 mobile	5 fixed & 2 mobile	141,891 vehicles weighed. 55% overload on axle Overloading has not reduced because the existing fines are not deterrent.	6	Road Materials 2,395,246,176
Ferries					7	Operational expenses 22,054,052,397
	Operations, Maintenance and Landing sites maintenance (9 ferries)	9 ferries	6	Ferries operated & maintained at 95% availability. A constant budget for ferry operations in the last 4 years yet the demand for improved ferry services is increasing		GRAND TOTAL 180,845,831,799

**REPORT OF THE AUDITOR GENERAL ON THE FINANCIAL
STATEMENTS OF UGANDA ROAD FUND
FOR THE YEAR ENDED 30TH JUNE, 2012**

OFFICE OF THE AUDITOR GENERAL

UGANDA

REPORT OF THE AUDITOR GENERAL ON THE FINANCIAL STATEMENTS OF
UGANDA ROAD FUND
FOR THE YEAR ENDED 30th JUNE, 2012

THE HON. SPEAKER OF PARLIAMENT

I have audited the financial statements of Uganda Road Fund for the year ended 30th June 2012 as set out on pages 6 to 41. These financial statements comprise of the Statement of Financial Position, the Statement of Financial Performance and the Cash flow Statement together with other accompanying statements, notes and accounting policies.

Management Responsibility

Under Article 164 of the Constitution of the Republic of Uganda and Section 8 of the Public Finance and Accountability Act, 2003, the Accounting Officer is accountable to Parliament for the funds and resources of the Fund. The Accounting Officer is also responsible for the preparation and fair presentation of these financial statements in accordance with the requirements of the Public Finance and Accountability Act 2003, and the modified cash basis of accounting, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement whether due to fraud or error.

Auditor's Responsibility

My responsibility as required by Article 163 of the Constitution of the Republic of Uganda and Sections 13 and 19 of the National Audit Act, 2008 is to audit and express an opinion on these statements based on my audit. I conducted the audit in accordance with International Standards on Auditing. Those standards require that I comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing audit procedures to obtain evidence about the amounts and disclosures in the financial statements as well as evidence supporting compliance with relevant laws and regulations. The procedures selected depend on the Auditor's judgment including the assessment of risks of material misstatement of financial statements whether due to fraud or error. In making those risk assessments, the Auditor considers internal control relevant to the entity's preparation and fair presentation of financial statements in order to design audit procedures that are appropriate in the circumstances but not for purposes of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management as well as evaluating the overall presentation of the financial statements. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

Part "A" of this report sets out my qualified opinion on the financial statements. Part "B" which forms an integral part of this report presents in detail all the significant audit findings made during the audit which have been brought to the attention of management.

PART"A"

Basis for qualified opinion

- **Unspent bank balance - Shs 2,962,354,491**

Section 433 of Treasury accounting instruction provides that at the close of the financial year, un-expended bank balances shall be repaid to the Consolidated Fund. Contrary to this provision, it was noted that balances amounting to Shs.2,062,354,491 outstanding at the end of the previous financial year were transferred from the General Treasury Bank account to Collection

account and Operations account as committed Funds.

- **Unaccounted for special releases**

The Uganda Road Fund transferred Shs.3,243,530,000 to selected designated agencies as special releases for emergency interventions. The criterion/basis used to the beneficiaries was not defined. It was further observed that the funds remained unaccounted for.

Qualified Opinion

In my opinion, except for the effect of the matters disclosed in the Basis for Qualified Opinion paragraph;

- The financial statements fairly present in all material respects the financial position of the Uganda Road Fund as at 30th June, 2012 and its financial performance and cash flows for the year then ended, and comply in all material respects with the Public Finance and Accountability Act, 2003 and the modified cash basis of accounting described under accounting policy 2(a).
- The expenditure and receipts have been applied in all material respects for the intended purposes.

Emphasis of Matter

Without qualifying my opinion further, attention is drawn to the following matters which are also included in Part B of this report and my annual report to Parliament.

- **Transactions not captured on the IFMS system**

A review of the records of Uganda Road Fund revealed that it operates two other bank accounts; the collection account and operations account whose total expenditures were Shs.5,087,891,791 and Shs.21,180,635,706 respectively. The expenditure records for these accounts were not captured through the IFMS system. The failure to process the transactions through the IFMS system implies non-compliance with financial regulations and therefore limits the achievement of government's intentions for which the payment and accounting processes were automated.

- **Implementation of the Road Fund Act-Collection of Road User Charges**

According to Section 21 of the Uganda Road Fund Act, Uganda Road Fund is required to collect Road user Charges. However, it is Uganda Revenue Authority (URA) that collects Road user charges. Due to this conflict in the two laws, Management of Uganda Road Fund has failed to operationalize the provision in the Road Fund Act which may hamper the activities of the entity.

John F.S. Muwanga

AUDITOR GENERAL

KAMPALA

22nd MARCH, 2013

PART”B

DETAILED REPORT OF THE AUDITOR GENERAL

This Section outlines the detailed audit findings, management responses, and my recommendations in respect thereof.

1.0 INTRODUCTION

In accordance with Article 163(3), of the Constitution of the Republic of Uganda I am required to audit and report on the public accounts of Uganda that is to say, all public offices including the courts, the central and the local government administrations, universities and public institutions of the like nature and any public corporation or other bodies or organizations established by an Act of Parliament. Accordingly, I carried out the audit of the Road Fund to enable me report to Parliament.

2.0 BACKGROUND INFORMATION

In August 2008, Parliament passed the Uganda Road Fund (URF) Act, with the object of financing routine and periodic maintenance of all public roads undertaken by designated agencies based on funds generated from road user charges.

The Uganda National Roads Authority (UNRA) is designated in the URF Act to maintain national roads while other designated agencies are responsible for District, Urban and Community Access Roads.

The entity is located at 5th Floor, Twed Towers, Plot 10, Kafu Road Nakasero. The Fund’s vision is “Adequate, timely and reliable financing of road maintenance for a safe and efficient network.”, and its mission is “To manage the Fund with prudence, integrity and transparency in a commercial, cost effective and efficient manner.”

3.0 OBJECTIVES OF UGANDA ROAD FUND

The Objectives of the Fund are articulated in key business areas of Funding, Operations, Impact of funding, Governance and Administration.

Objectives under funding operations

- To collect the maximum proportion of potential revenue on time and to ensure deposits to the accounts of the Fund.
- To ensure the liquidity of the fund at all times
- To ensure that disbursement of monies of the fund is undertaken fully in accordance with commitments and on time.

Objectives under impact of funding

- The fundamental objective of the Fund is to facilitate the improvement and sustenance of the Public road network in good and safe condition by effective funding. The objectives of this business area are therefore;
- To bring about sustained improvement of road condition of all classes of public roads;
- To encourage techniques and procurement models that reduce the unit cost of road maintenance activities;
- To reduce the incidence of fatal and personal injury accidents by improvement of road condition and funding specific targeted improvements;
- To bring about progressive increases in road user satisfaction;

Objectives under Governance;

- To ensure effective Board oversight by full and regular attendance of members and by their due diligence in fund affairs;
- To develop and implement a statistically robust and defensible programme of monitoring and evaluation, augmented by technical and financial audit programme;
- To report comprehensively and in a timely manner on the activities of the Fund;

Objectives under Administration and Human Resource;

- To recruit and sustain an appropriately qualified, experienced and motivated Secretariat under the leadership of the Executive Director;
- To administer the Fund effectively and efficiently with due regard to limitation of overhead costs within acceptable budgeted limits.

4.0 AUDIT OBJECTIVES

The audit was carried out in accordance with International Standards on Auditing and accordingly included a review of the accounting records and agreed procedures as was considered necessary. The audit was carried out with regard to the following objectives:-

- a. Whether the financial statements have been prepared in accordance with the requirements of the Public Finance and Accountability Act 2003 and the regulations, and fairly present the income and expenditures for the year and of the financial position as at the end of the year.
- b. Whether all Fund funds were utilized with due attention to economy and efficiency and only for the purposes for which the funds were provided.
- c. Whether goods and services financed have been procured in accordance with the PPDA Act.
- d. To evaluate and obtain a sufficient understanding of the internal control structure of the Fund, assess control risk and identify reportable conditions, including material internal control weaknesses
- e. Whether management was in compliance with the Government of Uganda financial regulations.
- f. Whether all necessary supporting documents, records and accounts have been kept in respect of all activities, and are in agreement with the financial statements presented.

5.0 AUDIT PROCEDURES PERFORMED

The following audit procedures were undertaken:-

a. Revenue

Obtained all schedules of all revenues collected and reconciled the amounts to the Fund's cashbooks and bank statements.

b. Expenditure

The Fund payments vouchers were examined for proper authorization, eligibility and budgetary provision, accountability and support documentation.

c. Internal Control System

Reviewed the internal control system and its operations to establish whether sound controls were applied throughout the period

d. Procurement

Reviewed the procurement of goods and services under the Fund during the period under review and reconciled with the approved procurement plan.

e. Fixed Assets Management

Reviewed the use and management of the Fund assets during the period under review

f. Financial Statements

Examined, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessed the accounting principles used and significant estimates made by management; as well as evaluating the overall financial statement presentation.

6.0 FINDINGS

6.1 Transactions not captured on the IFMS system

A review of the records of Uganda Road Fund revealed that it operates two other bank accounts; the collection account and operations account whose total expenditures were Shs.5,087,891,791 and Shs.21,180,635,706 respectively. The expenditure records for these accounts were not captured through the IFMS system.

The failure to process the transactions through the IFMS system implies non-compliance with financial regulations and limits the achievement of government's intentions for which the payment and accounting processes were automated.

The Accounting Officer explained that this was due to the funds that were rolled over on activities and these funds were outside the Treasury General Account.

I advised the Accounting Officer to ensure that all transactions of Uganda Road Fund are processed through the IFMS system.

1.2 Implementation of the Road Fund Act-Collection of Road User Charges

According to Section 21 of the Uganda Road Fund Act, Uganda Road Fund is required to collect Road User Charges. However, it is Uganda Revenue Authority (URA) that collects Road User charges and remits to the Consolidated Fund as per section 14 of Uganda Revenue Authority Act. Due to this conflict in the two laws, management of Uganda Road Fund has failed to operationalize the provision in the Road Fund Act which may hamper the activities of the entity.

The Accounting Officer explained that efforts had been undertaken to have the URA Act amended and recognize the need to transfer funds directly to URF account in Bank of Uganda.

It was also explained that the Board through interface meetings with the Ministry of Finance Planning and Economic Development (MFPED) had presented their requirement to have the Fund operate as a second generation road fund.

I advised the Accounting officer to continue liaising with other stake holders and pursue the amendment and implementation of the Act and have the laws reconciled to avoid the conflict.

1.3 Unspent bank balance - Shs 2,962,354,491

Section 433 of Treasury accounting instruction provides that at the close of the financial year, un-expended bank balances shall be repaid to the Consolidated Fund. Contrary to this provision, it was noted that balances amounting to Shs.2,062,354,491 outstanding at the end of the previous financial year were transferred from the General Treasury Bank account to Collection account and Operations account as committed Funds.

The Accounting Officer explained that URF through the Permanent Secretary/Secretary to the Treasury has applied to the Solicitor General seeking a legal opinion as to the URF retaining unutilized balances at the end of the financial year in conformity to its status as a Fund.

The outcome from the above action is awaited.

6.4 Budget Performance

During the year under review, Uganda Road Fund planned to undertake a number of activities as detailed in the policy statement. A review of the reported performance by the entity revealed that some key planned activities were not undertaken.

Details are in the table below:

Budget Output Review

Planned Activities	Expected Outputs	Approved Budget Estimated Shs.000,000'	Actual outputs	Actual Expenditure Shs.000,000'	Deviation
National & District Road Maintenance	Disburse funds for the routine manual maintenance of 20,200km, routine mechanized maintenance of 12,500km and periodic maintenance of 1,739km	181,870	Disbursed Shs.167.866bn for Routine manual maintenance of 19.591km, Routine mechanized maintenance of 13,503km, Periodic maintenance of 584km, Routine maintenance of 175bridges and periodic maintenance of 25 selected bridges, installation of road signs, road marking; road reserves demarcation	167,866	14,004 1. Routine manual maintenance 601 km not done. 2. Periodic Maintenance 1155 km not done.
District, Urban and Community Access Road Maintenance	Fund the routine maintenance of 22,500km of district roads, 5,000km of urban roads and bottleneck removal on 30,000km of community access roads.	91,190	Disbursed 84.34bn to fund routine maintenance 18,932km of District Roads, 1,005km of urban roads and 61.5km of KCCA roads. Periodic maintenance of 6,591km of districts roads, 230km of urban roads and 38km of KCCA roads.	84,390	6,800 District Roads 3568km not done.
Total					20,844

The Accounting Officer explained that apart from the shortfall in releases, Uganda Road Fund had challenges related to:

- The high costs of input materials into road maintenance making it difficult for the agencies to attain the planned outputs as agreed in the performance agreement due to inflationary pressures which at one time peaked at 28% in the year.
- The lack of inadequate capacities of the agencies in terms of manpower and road equipment.
- Poor procurement planning.

I urged the Accounting Officer to always ensure all that anticipated factors are incorporated into the plans to ensure achievement of planned activities.

6.5 Inadequate performance statement

Uganda Road Fund Management in complying with the above prepared and submitted to the Minister, the Performance Statement and One year Road Maintenance Plan and Expenditure Programme for the Years 2010/11 and 2011/2012.

A review of the performance statements for 2010/11 and 2011/2012 revealed inadequacies in terms of information provided in the report and specifically the details of the roads and bridges (inventory) showing their maintenance regimes through UNRA, districts and municipalities are not maintained by URF. In absence of this information the Uganda Road Fund risks financing similar activities year after year under each designated agency.

The Accounting Officer explained that it is planned that a road management system will be developed to manage the inventory of roads.

The action is awaited.

6.6 Lack of a strategic plan

In the previous audit reports, it was indicated that Uganda Road Fund did not have medium and long term plans to facilitate the management and operations of the entity. These are supposed to be contained in a strategic plan which is still lacking. There appears to be no clear road map under which the strategic plan is to be developed. Lack of a strategic plan implies that the implementation of activities aimed at achieving the entity's mission and long term objectives may not be properly guided.

The Accounting Officer explained that the strategic plan is expected to be in place by 30th June, 2013.

I urged the Accounting Officer to adhere to the stipulated time line.

6.7 Un accounted for payment -Shs 623,280,000

Shs.623,280,000 was transferred to Uganda National Roads Authority from Collection Account no.0031800880000000 as additional funding to cater for emergency funding of some roads and bridges in Kigezi and Bunyoro regions.

It was observed that UNRA intended to undertake the work using force account; however the funds remained unaccounted for at the time of audit making it difficult to confirm that the funds were properly utilized for the intended purposes.

The Accounting Officer explained that the funds were disbursed in June 2012 and works had not been completed by the time of the audit.

I urged the Accounting Officer to ensure that the funds are accounted for.

6.8 Non deduction of 6% Withholding tax

Treasury Accounting Instructions Section 257 requires Accounting Officers and in accordance with the Section 120 of the Income Tax Act, 1997 to make deductions of withholding tax from payments to suppliers.

Contrary to this requirement, it was noted that the Fund made qualifying payments to suppliers for goods and services but the mandatory 6% WHT amounting to Shs.42,038,471 was not deducted at the time of payment to the firms. Details are shown in the table below:

Payments without deducting WHT

Invoice/Vr.	Amount	Payee 6% WTH	Remarks
URF2550	68 362 400	COWI Uganda Limited	4,101,744
URF2551	67 614 400	COWI Uganda Limited	4,056,864
4508	25 595 655	Graphic Systems (U) Ltd	1,535,739
991PCOE113000NBM	37,052,000	Kom Consult	2,223,120
991PCOE113000NBL	74,104,000	Com Consult	4,446,240
991PCOE113000NBJ	44,565,000	Iam Engineering U Ltd	2,673,900
991PCOE11325008L	55,012,000	Dativa and Associates	3,300,720
991PCOE113000NBK	201,779,857	MFI solutions	12,106,791
991PCOE1135703QV	103,523,843	New Plan Ltd	6,211,430
3143	23,032,420	Multilines International	1,381,945
			42,038,471

The Accounting Officer explained that steps had been taken to deduct the funds from the suppliers and remit them to URA.

The results of this action are awaited

6.9 Special releases to designated agencies-Shs 3,243,530,000

The Ministry of Finance Planning and Economic Development releases funds to Uganda Road Fund on a quarterly basis basing on the National approved budget and MTEF ceilings. Similarly Uganda Road Fund releases funds to designated agencies on a quarterly basis depending on how much is received from MFPED. The quarterly release of funds to designated agencies is based on the formula which gives each designated agency a chance to benefit from every release.

Contrary to the above defined procedure, Uganda Road Fund transferred Shs.3,243,530,000 to selected Designated Agencies as special release for emergency interventions over and above the normal second quarter releases to the same designated agencies. The criterion/basis used to select the designated beneficiary agencies was not defined since many had applied and few were selected. In addition, the beneficiary designated agencies had not accounted for the special funds released to them by the time of audit.

Special releases reduced the quarterly amounts that should have been released to the other agencies while the beneficiaries of the special releases received more than their due share. This practice distorts implementation of the planned road maintenance activities.

6.10 Failure to open Road Fund bank accounts bv agencies

It was observed that funds remitted to agencies (Districts) to implement road maintenance activities were banked together with other funds received by the Districts. There were reported instances where funds remitted were attached by URA due to tax obligations. The failure to separate the road fund bank accounts from the other accounts operated by the agencies may result in misuse of the funds or failure to have a follow up of the funds by management of Uganda Road Fund.

The Accounting Officer explained that URF had written to the Accountant General to allow for the opening of Road Fund accounts at the Agencies. The outcome is awaited.
