FOREWORD BY CHAIRPERSON OF BOARD

Merian Sebunya

BOARD CHAIRPERSON

It gives me great pleasure as the Chairperson of the Uganda Road Fund (URF) Board, to present the annual report of the Fund for the sixth full year of operation since commencement in January 2010.

The report is a statutory requirement issued in compliance with section 39 of the URF Act 2008. It details achievements of the Fund in the period of reporting. It also contains a section on the URF Audited accounts for Financial Year 2015/16 by Office of the Auditor General whose opinion has been unqualified for the period.

At the outset, I sincerely thank the Minister of Finance, Planning and Economic Development and the Ministers of Works and Transport and Local Government for effectively playing their statutory role of providing policy guidance to the Fund during the period of reporting, directly and through their respective ministries' representatives on the Board. I also recogonise the role of the engineering and accountancy professions, passenger and goods transporters through their representatives on the Board. I also thank the Board and the URF Secretariat for judiciously managing the road maintenance funding portfolio worth UGX 418bn in FY 2015/16 which contributed to the reduction of roads in poor condition by approximately 5%.

Furthermore, I recognise the role of key stakeholders and the Development Partners support and advice on policy matters on road maintenance in the period. The ranges of outputs from the last EU Technical Support provided to the Fund from November 2012 to February 2014 have continued to yield tangible fruits in respect of systems establishment, planning, and accountability and reporting.

During the period, the Board relied more on followup of the implementation of the 5 year corporate and 5 year road maintenance strategic plans in place. It met 20 times (7 as a full Board and 13 times as Committees). The key achievements included advancement of the design for the URF permanent office, drawing up strategies for road maintenance improvement and systems for sustainable value for money practices.

However, full operationalization of the fund still remains an outstanding task for Government to carry through to completion. This requires that section 14 of the URA law get amended to enable URF directly access lines of road user charges as specified in section 21 (3) of the URF Act, with a view to stabilising road maintenance funding. I also encourage all stakeholders in Government to join effort in providing funding for mitigation of backlog escalation so as to return the dilapidated sections of the network to a maintainable state.

STATEMENT BY THE EXECUTIVE DIRECTOR

Introduction

This report presents the performance of Uganda Road Fund during the sixth full financial year (FY 2015/16) of operation since its establishment by Act of Parliament in August 2008.

The report responds to section 39 of the URF Act by reporting achievements of the Fund for the resources appropriated to it by Parliament to finance maintenance of public roads in FY 2015/16.

During this fiscal year, revenue streams into the URF were only realized from appropriations by Parliament through quarterly **Treasury** releases drawn from the Consolidated Fund. Collection and direct remittance of road user charges still awaits amendment of section 14 of the URAAct. Atotal of UGX 417.93bn was allocated to URF for road maintenance of public roads by Parliamentary appropriations in May 2015 as part of the Transport Sector financing plan for FY 2015/16. This was UGX 10.172bn less than the UGX 428.102bn in FY 2014/15 (equivalent to 2.4%

budget decrease).

A total of UGX 357.589bn was released to URF from Treasury, representing approximately 85.6% of the approved annual budget and reflecting funding cut of 14.4%. The Fund disbursed a total of UGX 347.909bn to the URF Designated Agencies (DAs) to finance their respective annual road maintenance programmes while a total of UGX 8.329bn (equivalent to 2.3% of the received funds) was retained for operational costs of the URF Secretariat.

Major Achievements

FY 2015/16 coincided with the 2nd year of implementation of the URF 5-year Road maintenance financing strategic plan (for the period 2014/15 - 2018/19). The year also saw accelerated implementation of the 5-year Corporate Plan (for the period 2013/14-2017/18). The achieved milestones of the Corporate Plan included advancement of the design for URF permanent office now at the approval stage, recruitment of 6 staff to fill key vacant posts including that of the Manager Policy and Strategy, preparation of the 7th OYRMP for FY 2016/17, improved oversight of DA's through increased technical and financial audits covering 26 DAs (equivalent to 19.2% of the total agencies against a set target of 25%).

Other key achievements included the conducting of the Road Users Satisfaction Survey (RUSS) under URF, rolling out of the road maintenance management system (RMMS) to improve DA's reporting and accountability, filing of the statutory procurement reports with PPDA and OBT reports to the Office of the Prime Minister

(OPM) and MFPED.

URF also disbursed 99.6% of the released road maintenance funds in the amount of UGX 349.260bn from the Treasury to all the 135 designated agencies of which 99.8% was utilised, undertook monitoring and evaluation in 55 agencies representing 70.5% of the target 78 funded DA's portfolio. The Fund also prepared and submitted to the office of the Auditor General the final URF accounts for FY 2015/16 and successfully responded to queries by the OAG and PPDA.

Furthermore, the Fund engaged MFPED on the establishment of the 2nd generation road fund and the key Sector stakeholders on the ongoing review of the prevalent FA grey areas and establishment of TSUs as the way forward to ensure effective DAs oversight and sustainable value for money in road maintenance.

A special commitment in the year was the rolling out of extended periodic maintenance in form of tarmacking 12.8km of selected roads in 20 selected Town Councils and one Municipal Council to reduce on maintenance costs, control dust and stimulate development.

Challenges

The key challenge experienced by the Fund during the period was inadequate funding of maintenance. leading road continual deferment of scheduled maintenance, a major driver for backlog. In FY 2015/16, the road maintenance budget from the Consolidated Fund (UGX 417.930) was only 28% of the required funding in URF's Strategic Road Maintenance Financing Plan (5YRMP for FY 2014/15 - FY 2018/19) which left a funding gap of UGX 1.083 Trillion. The Fund estimates that it requires about UGX 800bn per year to optimally finance public road maintenance but due to the underfunding over time, the backlog has kept accumulating due to the deferred maintenance.

Other challenges faced included persistent weak institutional capacities of DA's to plan and deliver road works in time; weakness in oversight District Road Committees (DRCs); extreme deterioration of some sections of the public road network; grey areas in force account policy implementation; poor coordination of agencies funding road maintenance in local governments; poor reporting and accountability of DAs; URA garnishing of road maintenance funds to recover taxes, slow procurement periodic maintenance projects, lack of total quality

management systems by DAs and outdated classification of the road network.

Way forward

As a way forward, the Fund will intensify coordination MFPED to enable Government undertake amendment section 14 of URA law to facilitate full operationalisation of the Fund, fast track implementation of the key strategic plans (i.e. the 5-year corporate plan and the 5 year road maintenance strategic financing plan), rollout of the RMMS, liaison with UNRA on procurement delays and timely fund releases to stations, review of FA grey areas and improved oversight through establishment of regional TSUs.

Conclusion

Due to the 14.4% funding cut experienced during FY 2015/16 and the above mentioned challenges, the performance combined routine periodic maintenance declined by about 8.6%. URF shall focus on addressing the key challenges e.g. elimination of grey areas in Force Account, URA garnishing of maintenance funds, slow procurement, so as to realize sustainable continuous improvement in roads maintenance and value for money.

- odga.

Eng. Dr. Michael M. Odongo

EXECUTIVE DIRECTOR/ SECRETARY TO BOARD

EXECUTIVE SUMMARY

Introduction

Financial year 2015/16 was the sixth full year of operation of the Uganda Road Fund (URF). During this fiscal year, revenue streams into the URF were only realized from appropriations by Parliament through quarterly Treasury releases drawn from the Consolidated Fund. Collection and direct remittance of road user charges still awaits amendment of section 14 of the URA Act. A total of UGX 417.93bn was allocated to URF for road maintenance of public roads by Parliamentary appropriations in May 2015 as part of the Transport Sector financing plan for FY 2015/16. This was UGX 10.172bn less than the UGX 428.102bn allocated in FY 2014/15 (equivalent to 2.4% budget decrease).

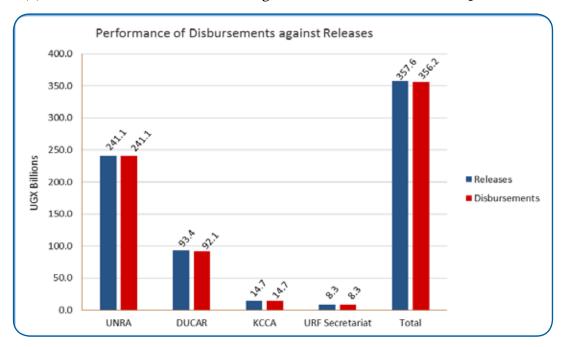

During the year, a total of UGX 357.589bn was released to URF from the Treasury, representing approximately 85.6% of the annual budget representing an overall 14.4% funding cut. The Fund disbursed a total of UGX 347.909bn to the URF Designated Agencies (DAs) to finance their respective annual road maintenance programmes assummarised in Table 1(a) and illustrated in Figure 1 (a) below. A total of UGX 8.329bn was retained for operational costs of the URF Secretariat. On average, the disbursements to UNRA took an average of 9.3 calendar days and 13.2 calendar days to DUCAR agencies, from the dates of receipt of funds from MoFPED.

Source: URF Final Accounts & DA's Quarterly Progress Reports for FY 2015/16

Figure 1(a): Performance of disbursements against Released Funds in FY 2015/16

Although the Fund budget suffered a general cut of 14.4% in FY 2015/16, the Secretariat ensured that 100% of the allocated funds for CARs and emergencies were disbursed to the respective DA's as they were already grappling with relatively minimal budgets. About UGX 1.4bn originally allocated for tarmacking of TC roads, was reallocated by the Board to offset the URF offices rent increase due to forex volatility.

During the year, the public roads network was managed by 135 DAs (2 authorities (UNRA and KCCA) and 111 DLGs and 22MCs). The districts oversaw Town Councils and Sub-counties as their sub-agencies. In total there were 1,109 sub-counties and 176 town councils as sub-agencies of the respective district local governments. The DAs and sub-agencies collectively looked after a total of 107,020km of public roads made up of 20,563km of national roads under UNRA management; 1,207km of KCCA roads; 30,000km of district roads; 8,500km of urban roads managed by town councils; 4,500km of urban roads managed by Municipal Councils; and 42,250km of Community Access Roads (CARs) managed by sub-counties.

The funded road maintenance programmes during the year included routine and periodic maintenance of public roads, road safety aspects and various categories of bridges maintenance. The key innovation funded during the year was the rollout of the extended periodic maintenance to town council roads (in form of tarmacking of 12.8km of roads in selected 20 Town Councils and o1 Municipal Council). Operational expenses of UNRA and to a lesser extent for KCCA and DUCAR agencies were as well met by the Fund. The scope of work and extent of financing was agreed with DAs in the annual performance agreements signed by the Fund and the agencies.

UNRA and KCCA employed a mix of force account and contracting to deliver maintenance interventions on national and city roads respectively. The Local Governments mainly employed force account and road gangs to deliver maintenance interventions on the DUCAR network in line with the existing Force Account Policy that was introduced in FY 2012/13 and utilising Government supplied road equipment obtained from China.

During the planning process, DAs prepared annual road maintenance programmes and submitted them to URF for consolidation into the One Year Road Maintenance Plan (OYRMP) as required under Section 25 of the URF Act. The FY 2015/16 OYRMP was presented to Parliament by the Minister for roads which was approved as part of the transport sector ministerial budget policy statement in May 2015.

Disbursements to UNRA, KCCA, districts and municipalities were made on a quarterly basis. The agencies submitted accountabilities for the funds to URF on a quarterly basis as well. Sub-agencies accounted through their respective districts.

Key Achievements

During the period of reporting, the fund registered a number of achievements which included improved DA's physical performance especially in routine maintenance across the entire road network, periodic maintenance of paved national and City roads and bridges maintenance under DUCAR.

The summary of the DA's physical performance achievements against the plan for FY 2015/16 is shown in Table 1 (b) below:

Table 1 (b): Summary of DA's Physical Performance achieved in FY 2015/16

	Culvert (Lines)	5,083	3,984	78%	3,137	2,403	1,236	51%	39%		

As can be observed from Table (1 b), that:

- a) There was a significant improvement in periodic maintenance of paved national roads which stood at 75% of the funded target in FY 2015/16 compared to 21% registered in FY 2014/15.
- b) The performance of periodic maintenance on unpaved roads and bridges and lowcost sealing under UNRA fell below average compared to what was realised in FY 2014/15.
- c) The achieved KCCA routine mechanised and periodic maintenance stood at 115% and 125% of the funded activities compared to 101% and 20% respectively realised in FY 2014/15 representing an overall improvement;
- d) The achieved combined DUCAR routine and periodic maintenance was 36,684km representing a decline of about 17% compared to 44,461km realised in FY 2014/15;
- e) The DUCAR bridges maintenance also declined by about 27% compared to that

realised in FY 2014/15.

Other key achievements registered by the Fund in FY 2015/16 included:

- a) Rolling out of the extended periodic maintenance of 12.8km in 20 selected Town Councils and one Municipal council to boost commerce and poverty reduction in local areas;
- o) Implementation of the 5-year Corporate plan to address URF strategic objectives which included full operationalization of the 7S's (i.e. systems, structure, strategy, staff, skills, styles and shared values of the Fund), advancement of the design for the URF permanent office now at the approval stage, recruitment of 6 staff to fill vacant posts and preparation of the OYRMP for FY 2016/17 among others. The overall achievements against the Corporate Plan targets for FY 2015/16 stood at 89% in FY 2015/16 compared to 78% in 2014/15 (equivalent to 11%) as shown in Table 14;
- c) Improved oversight of DAs road maintenance

activities through increased technical and financial audits to minimize misuse of funds. During the year, technical and financial Audits were undertaken in 26 agencies (out of the total 135 Agencies) equivalent to 19.2% compared to 7.8% coverage in FY 2014/15. The attendant findings were fed back into the planning and the programming process for FY 2016/17. Furthermore, Monitoring & Evaluation exercises covered 55 agencies out of the planned 78 agencies (equivalent to 70.5% of target).

d) Conducting of the Road Users Survey (RUSS) by URF for the first time, the outcome of which will be shared with stakeholders in due course.

- Review and implementation of the communications strategy which has led to improved information flow and branding of URF;
- f) Recalibration of the funds allocation formula in preparation for use in drawing up of the DAs IPFs for FY 2016/17;
- g) Implementation of the 2nd year of the URF 5 year road maintenance financing strategic plan (for FY 2014/15-2018/19) developed in accordance with section 25 of the URF Act. A summary of the realised financial and physical performance in the 2nd year plan targets are outlined in Table 1 (d) while the full strategic plan is shown in Table 13.

Table 1(c): Summary of achievements on 5-YRMP Targets for FY 2015/16

		Financial					Physical

Key:

Forex: 1 US \$ = UGX 3,500

RM&PM=Combined Routine manual & Periodic maintenance

It can be observed from Table 1 (c) that:

- The overall realised funding against the 5YRMP targets was 28% in FY 2015/16 compared to 34% in FY 2014/15 representing a decline of 6%.
- b) The achieved National roads and DUCAR maintenance activities against the 5YRMP targets in FY 2015/16 stood at 57.1% and 38.3% respectively compared to 61.5% and 45.2% registered in FY 2014/15;
- c) The achieved periodic maintenance was lowest on national roads and DUCAR as it stood at 12% and 14% respectively compared to 19% and

24% in FY 2014/15

Challenges and proposed mitigation measures

The key challenges experienced during the period included:

1) Inadequate road maintenance funds, leading to continual deferment of scheduled maintenance, a major driver for backlog. In FY 2015/16, the road maintenance budget (of UGX 417.930) represented only 28% of the required funding in accordance with the URF's Strategic Road Maintenance Financing Plan for FY 2014/15 – FY 2018/19, leaving a funding gap of UGX 1.083 Trillion responsible for the spiralling of the road maintenance backlog.

In mitigation, the following measures are needed:

 a) Major capital investments to remove backlog and eliminate bottlenecks through undertakings for rehabilitation/ reconstruction/upgrading of roads to bring

^{*}Exclude provisions for rehabilitation, upgrading and re-engineering of national roads (currently provided for under the UNRA Development budget).

^{**}Exclude URF Secretariat budget.

- the entire network to maintainable state.
- b) Government concurrent declaration of a fuel levy by Amendment to the Uganda Revenue Authority Act to permit transfer of the road user charges to the URF account on a monthly basis; and by providing funds for maintenance backlog removal from the Treasury.
- 2) Several historical challenges that have compounded the effects of underfunding and have dogged effective maintenance, management and financing of the public roads network over the past decades.

These included:

- a) Weak institutional capacities of DUCAR agencies especially in planning, management, reporting, and accountability which has resulted into poor maintenance practices and accumulation of backlog.
 - In mitigation, <u>URF</u> is pursuing establishment of regional <u>TSUs</u> and it will continue to work with other government entities in addressing the various forms of capacity gaps in <u>DUCAR</u> agencies.
- b) <u>Procurement delays hampering the implementation</u> of road maintenance programmes and absorption of funds especially under UNRA.
 - In mitigation, <u>URF</u> will continue coordination with other government entities in addressing the underlying issues in delays to procurements;
- c) <u>Haphazard upgrading of community access</u> roads especially by NGOs adding them to district roads without well-documented criteria that is uniform nation-wide.
 - URF proposes a review of the classification of roads in Uganda with a view of removing network size instabilities; functional inconsistencies; management ambiguities etc. The updated Roads Act is also awaited to guide on procedure of reclassifying upgraded road network.
- d) Insufficient oversight among DUCAR designated agencies arising from the fact not all districts have constituted District Roads Committees (DRC) as required under section 25 of the URF Act following the 2016 elections. In mitigation, URF plans to complete the process for establishment of DRC regulations and to dialogue with stakeholders in improving functionality of DRCs. In the meantime, personalised letters were sent to the newly elected MPs educating them on their roles as DRC members.

- e) <u>Irregular collection of data on size and condition</u> of the DUCAR network.
 - In mitigation, <u>URF will continue to coordinate</u> with <u>DAs</u>, <u>MoWT</u>, and other stakeholders in collection of data on road inventories and condition.
- f) Wide variations in unit costs of similar road maintenance works among DAs that can't be explained by topographic and climatic differences.
 - In mitigation, <u>URF</u> is using a unit cost framework to harmonise unit rates across the different regions of the country and envelopes within which unit rates should fall per region are being issued out every FY as part of the planning and operational guidelines to URF DAs.
- g) Low compliance with reporting requirements by designated agencies, which afflicts timely reporting on performance of the sector.
 - In mitigation <u>URF plans to roll out use of a Road Maintenance Management and Monitoring System</u> (RMMS) to improve planning, reporting and accountability among DAs.
- h) <u>Late release of funds from MoFPED</u>, which in FY 2015/16 took an average of 17.8 calendar days from the start of each quarter.
 - In mitigation, <u>URF</u> will continue engaging <u>MoFPED</u> to ensure achievement of direct monthly remittances of RUCs to the URF account as envisaged under Section 21 (3) of the URF Act;
- i) Loss of road maintenance funds to the Uganda Revenue Authority observed in some tax defaulting designated agencies.
- In mitigation, URF, in its annual planning and operational guidelines to designated agencies, is advocating protection of road maintenance funds from garnishing by URA. Additionally, URF is enforcing refund of the garnished moneys from the agencies, though this takes time.
- j) Grey areas in implementation of the force account policy which is the main method of road maintenance delivery in local governments.
- In mitigation, <u>URF</u> will continue coordinating and synergizing with <u>MoWT</u> in revision and improvement of the Force Account policy.
- k) Misuse and abuse of road maintenance funds by DAs. Audit and M&E activities carried out by the Fund in FY 2015/16 continued to uncover misuse and abuse of road maintenance funds

by DAs.

In mitigation, <u>URF</u> will step up its oversight functions, build synergies with audit functions of the DAs and other government entities, and actively follow up on implementation of the arising recommendations.

Way forward

As a way forward, the following key strategies are proposed to guide actions of the Fund in FY 2016/17:

- a) Intensified coordination with MFPED to facilitate finalisation of the process for amendment of Section 14 of URA Act, to enable full operationalisation of Fund to a 2nd Generation Fund in the medium term;
- b) Liaison with MoWT and other key stakeholders on review of FA grey areas, establishment of TSU's and re-classification of the entire road network to remove prevalent ambiguities;
- c) Instituting of total quality management systems in DAs to ensure sustainable value for money road maintenance service delivery.

Conclusion

In FY 2015/16, a total of 66,220km of combined routine and periodic maintenance was achieved by the DA's compared to 72,413km in FY 2014/15 equivalent to a decrease of 8.6%. Similar the achieved bridges maintenance stood at 133 in FY 2015/16 compared 342 in FY 2014/15 equivalent to 61% decrease. Overall there was a decrease in the key road maintenance activities compared to that achieved in FY 2014/15.

In this regard, there is need for more emphasis on roads periodic maintenance, major bridges maintenance, and installation of culverts to mitigate escalation of backlog maintenance and bottlenecks especially on DUCAR roads.

1.0 GENERAL INTRODUCTION

1.1 Business of the Fund

The Uganda Road Fund (URF) was established by an Act of Parliament in 2008 to finance routine and periodic maintenance of public roads in Uganda principally from road user charges. The objective is to ensure that public roads are maintained at all times through provision of adequate and stable financing for routine and periodic road maintenance undertaken by Designated Agencies (DAs). It became operational in January 2010.

During FY 2015/16, the public roads network was managed by 135 DAs comprised of 111 Districts (DLGs), 2 Authorities (KCCA and UNRA) and 22 Municipalities (MCs). The districts oversaw Town Councils (TCs) and Sub-counties as their subagencies. In total there were 1,109 sub-counties and 174 town councils as sub-agencies of the respective district local governments. The DA's and sub-agencies collectively looked after a total of 107,020km of public roads made up of 20,563km of national roads under UNRA management; 1,207km of KCCA roads; 30,000km of district roads; 8,500km of urban roads managed by town councils; 4,500km of urban roads managed by Municipal Councils; and 42,250km of Community Access Roads (CARs) managed by sub-counties.

Under Sections 21 and 22 of the URF Act, the Fund is required to facilitate delivery of road maintenance services through the collection of funds, principally from Road User Charges (RUCs), and financing approved annual road maintenance programmes contained in the annual road maintenance plan and expenditure programme (OYRMP). Section 22 of the Act also stipulates that the funds may be applied for routine and periodic maintenance of public roads, roads safety; operation expenses of UNRA and URF, research in road works and such activities relevant to maintenance of public roads as determined by the Board. The RUCs are supposed to accrue from fuel levies, transit fees, road license fees, axle load fines, weight/distance charges, bridge tolls and road tolls. Other sources include fines under the traffic and road safety Act; appropriations by parliament and revenues or assets received by the Fund in the performance of its functions under the Act.

During FY 2015/16, the only source of funds was appropriation by parliament. Collection and direct transfer of RUCs to URF account as envisaged in Section 21(3) of the URF Act could not take place owing to pending amendments to the Uganda Revenue Authority (URA) Act which

will enable direct transfer of funds from_URA to URF. However, in FY 2014/15 the Fund established a RUCs collection and management framework in anticipation of the resolution of the lacuna in law.

Section 39 of the URF Act, requires the Board to submit to the Minister for Finance, a report after the end of each Financial Year, detailing activities and operations of the Fund. It also requires that the report should contain the audited accounts of the Fund and the Auditor General's report on the accounts of the Fund; and such other information as the Board may consider necessary. The Minister is required to submit the annual report to Parliament within two months after receiving the report. Accordingly, this report has been prepared to cover URF performance for FY 2015/16 in fulfilment of the statutory requirements.

1.2 Statutory Objectives

According to Section 6 of the URF Act, the statutory objectives of the Fund are to:

- a) Finance the routine and periodic maintenance of public roads in Uganda;
- b) Ensure that public roads are maintained at all times;
- Advise the Minister, in consultation with the Minister responsible for roads and the Minister responsible for local governments on -
 - The preparation and efficient and effective implementation of the Annual Road Maintenance Programme (OYRMP); and
 - ii) The control of overloading of vehicles on public roads.

1.3 Strategic Objective

The strategic objective of the Fund as laid out in its 5-year Corporate Plan for FY 2013/14-2017/18 is to:

Ensure adequate, reliable and timely financial resources for routine and periodic maintenance of public roads, efficient management of maintenance planning and oversight and accountability for road maintenance funds.

1.4 Specific Objectives

The specific objectives of the Fund to facilitate the achievement of the Strategic Objective are to:

i) Strengthen institutional capacity for better

service delivery;

- ii) Efficiently and effectively mobilise and administer funds for maintenance and safety of public roads;
- iii) Ensure effective and timely preparation of road maintenance programmes;
- iv) Strengthen oversight to ensure sustainable total quality management of road works and satisfactory accountability for road maintenance funds;
- v) Improve coordination with stakeholders and build strong partnerships to facilitate efficient and effective policy implementation.

1.5 Business Processes

To fulfil its mandate the Fund functions through the key business areas of funding operations; impact of funding; corporate governance; and administration and human resource management as expounded below:

1.5.1 Funding Operations

This business area relates to how funds are sourced and applied in relation to the One Year Road Maintenance Plan (OYRMP). The functions of the Fund under this key business area include:

- i) Collection of maximum proportion of potential revenue on time and ensuring deposit of the revenues to the account of the Fund:
- ii) Ensuring liquidity of the Fund at all times;
- iii) Ensuring that disbursement of monies of the Fund is undertaken fully in accordance with commitments and on time; and
- iv) Ensuring full accountability of all disbursed funds.

1.5.2 Impact of Funding

This area relates to the judicious use of maintenance resources evidenced by improvements in factors such as percentage of road network in fair to good condition, vehicle operating costs, journey times and safety. As outlined in the OYRMP for FY 2015/16, it was envisaged that the overall road network condition would improve by 5% during the period.

The functions of the Fund under this key business area include:

- a) Bringing about sustained improvement of road condition of all classes of public roads by ensuring stable and reliable financing;
- b) Encouraging techniques and procurement

- models that reduce the unit cost of road maintenance activities through regular and efficient monitoring and audits;
- Reducing the incidence of fatal and personal injury accidents by improvement of road condition and by funding specific targeted improvements; and
- d) Bringing about progressive increases in road user satisfaction through feedback systems including holding of regular stakeholder's forums.

1.5.3 Corporate Governance

This business area relates to the oversight functions of the Fund Management Board as envisaged in the URF Act and in line with the best practice principles of corporate governance. Functions of the Fund under this key business area include:

- Ensuring effective oversight by the Board through full and regular attendance of meetings by members;
- ii) Developing and implementing a statistically robust and defensible programme of monitoring and evaluation, augmented by a technical and financial audit programme; and
- iii) Reporting comprehensively and in a timely manner on the activities of the Fund.

1.5.4 Administration and Human Resource

This business area relates to capacity of the Secretariat and its support functions. The functions of the Fund under this key business area include:

- Recruiting and retaining appropriately qualified, experienced and motivated secretariat staff_under the leadership of the Executive Director;
- ii) Administering the Fund effectively and efficiently with due regard to limitations of overhead costs within acceptable budgeted limits.

1.6 Organization Structure

The administration of the Fund has two components: the Fund Management Board who are responsible for policy/strategic guidance and governance and the Secretariat, which takes responsibility for the day-to-day administration and management of the activities of the Fund.

1.6.1 The Fund Management Board

The Fund is governed by a 7-member Fund Management Board, which is mandated under Section 7 of the URF Act to manage the business of the Fund in accordance with sound commercial principles to enable efficient, effective and stable road maintenance expenditures through the RUCs system.

The Management Board is comprised of three members from the public sector and four members from the private sector as shown in Table 1, which also shows the respective position holders in FY 2015/16.

Table 1: Composition of URF Board as at 30th June 2016

No.	Name	Representation	Position
1.	Mrs. Merian Sebunya	Freight Forwarders	Chairperson
2.	Eng. Victor Ocaya	Professional Engineers	Member
3.	Ms. Rosemary Owino	Professional Accountants	Member
4.	Mr. Nathan Byanyima	Passenger Transport Services	Member
5.	Mr. Kenneth Mugambe	Ministry of Finance, Planning and Economic Development (MFPED)	Member
6.	Eng. Robert Rwanga	Ministry of Works and Transport (MoWT)	Member
7.	Mr. Paul Okot-Okello	Ministry of Local Government (MoLG)	Member
8.	Eng. Dr. Michael M. Odongo	URF Secretariat	ED/Board Secretary

1.6.2 The Secretariat

The Secretariat is headed by the Executive Director and is responsible for the day-to-day management of the Fund and for the implementation of the decisions of the Board in line with Section 16 of the URF Act.

In FY 2015/16, the Secretariat organisational structure was revised as shown in Figure 1. The Secretariat is <u>functionally comprised of seven pillars that include:</u> fund management, policy and strategy, planning and programming, monitoring and evaluation, corporate services, procurement and disposal of assets and internal audit. The functional areas of the Fund constitute the seven pillars as shown in Figure 2.

The Executive Director and the 7 departmental managers constitute the Fund Management Committee (FMC), which is the top technical and management organ of the Secretariat, reporting to the Board.

relations

1.7 Institutional Relationships

The Uganda Road Fund falls within the policy oversight of the Ministry of Finance, Planning and Economic Development (MFPED) while it reports and account to Parliament through the Works and Transport Sector headed by the Minister for roads.

In the Works and Transport Sector, programmes and actions of key institutions are coordinated through the Sector Working Group (SWG). The works and Transport Sector SWG is led by Ministry of Works and Transport. It composes of; MoFPED, MoLG, Institutions in the Transport Sector notably URF, UNRA, CAA and URC, Civil Society, DPs, Consultants and Contractor providers. Its functions are based on the sector wide coordination principles and framework.

In addition to the MFPED policy oversight to the Fund, there exists a consultative arrangement with the MoWT and MoLG. Figure 3 shows the key features of the sector institutional linkages with the URF. The Minister for roads is mandated under Section 28 of the Act to table Annual Road Maintenance Plans and performance statements of the Fund before Parliament.

2.0 Performance of URF in FY 2015/16

2.1 Overview

This Chapter presents the performance of the Fund in FY 2015/16 on the basis of the governance functions of the Board and the key functional areas of the Fund. It also covers rating of the FY 2015/16 key performance indicators (KPI's) in the various business areas of the Fund and the respective component in the Government Annual Performance Report (GAPR).

2.2 Governance and Administration

Section 7 of the URF Act established a Fund Management Board which is required to manage the business of the Fund on sound commercial principles to enable effective, efficient and stable road expenditures through implementation of a road user charges system. The Fund Management Board is responsible for the governance and general management of the Fund. The URF Secretariat on the other hand is responsible for the day-to-day management of the Fund and for the implementation of decisions of the Board. The performance of the Board and the Secretariat in FY 2015/16 are respectively outlined in sections 2.3 and 2.4

2.3 Performance of the Fund Management Board

During FY 2015/16, the Fund was supervised by a seven member Board with representatives from the engineers' profession, accountants' profession, passenger transporters, and freight transporters, MFPED, MoWT and MoLG as shown in Table 1. The Board membership was fully constituted in the year as required by the Act.

The three Board Committees established in FY 2011/12 to increase effectiveness of the Board in the discharge of its functions under section 14 of the URF Act operated normally throughout the year. They included the Finance and Administration Board Committee (FABC), Board Audit and Risk Committee (BARC), and the Policy and Strategy Board Committee (PSBC)). Composition of the Board Committees during the year was as shown in Table 1 and Annex 4.

In FY 2015/16, the Board held 7 full board meetings representing 87.5% of the total planned meetings compared to 10 meetings (125%) held in FY 2014/15. The Board Committees held a total of 13 meetings

disaggregated as 4 meetings for BARC; 4 for PSBC; and 5 meetings for FABC representing (125%) of the total planned Board Committee meetings. In addition, Board members attended 4 joint URF/PPDA meetings on the design and construction of offices.

2.4 Performance of the Fund Secretariat in FY 2015/16

Section 16 of the URF Act designates the Executive Director (ED) as the head of the Secretariat. The Fund Management Committee (FMC) comprises the Top Technical Team of the Secretariat whose membership includes the ED as chairperson and all departmental heads as members. In FY 2015/16 the FMC held 26 meetings (of which 22 were scheduled and 4 special meetings) against the planned 24 FMC meetings representing 108% achievement. The performance of the Fund Secretariat in FY 2015/16 under its functional areas is presented in the sections 2.4.1 – 2.4.7.

2.4.1 Corporate Services

The Corporate Services Department is responsible for human resource, legal services, general administration, corporate communications and systems administration functions of the Fund. Under this Department, the Fund undertook operational and management activities in the above areas including provision of legal Advisory and Support services to the Fund Management Board and Committees, review of the draft URF regulations 2015 and general administration works. In addition the Fund undertook revisions of the Human Resource, Administration, I.C.T Policy manuals; staff training policy / plan and routine IT resource works.

The Fund finalized the recruitment process for six staff who included the Manager Policy and Strategy(MPS), Financial Accountant (FA), Internal Auditor (IA-Technical), Human Resource Officer (HRO), Monitoring and Evaluation Officer (MEO-Statistics), and Procurement and Disposal Unit Assistant (PDUA) who reported for duty on 1st July 2015.

The staffing level of the Secretariat as at 30th June 2016 based on the positions filled stood at 30 staff out of the revised establishment of 36 as summarized in Table 2.

Table 2: Filled staff positions as at 30th June 2016

CNI	SN Position Establishm		30 th June 2015		30 th June 2016	
SIN	SN Position	Establishment	Filled	Vacant	Filled	Vacant
1.	Executive Director	1 (Scale SG 1)	1	О	1	О
2.	Managers	6 (Scale SG 2)	6	О	6	О
3.	Officers	19 (Scale SG 3-4)	15	4	15	4
4.	Assistants	1 (Scale SG 5-6)	2	1	1	2
5.	Support	9 (Scale SG 7-9)	7	О	7	О
Total		36	31	5	30	6
6.	Interns		9	n/a	15	n/a

As result, the average percentage of filled staff positions during FY 2015/16 stood at 81.0% compared to 65.7% in FY 2014/2015 which was a big improvement in staff availability.

The Fund also engaged a total of 15 interns from various disciplines who benefited from industrial training while side by side leveraging the staffing capacity of the Fund. Table 3 outlines a summary of key achievements of the Fund under the Corporate Services function in FY 2015/16.

Table 3: Key Achievements Corporate Services in FY 2015/16.

SN	Sub-function	Planned	Achieved output	Remark (s)
1.	Systems Admin	Routine maintenance of ICT infrastructure;	Well maintained ICT systems.	Target achieved.
		Partial upgrade of ICT systems (email server, domain controller, etc.);	Procured and installed ICT supplies e.g. replacement of batteries for IFMS UPS, etc.	Target Achieved.
		Acquisition and installation of anti-virus software licence.	Anti-virus software licence acquired.	Target Achieved
2.	Human Resource	Recruitment of staff to fill vacant posts.	Recruitment of 6 staff (the FA, IA (T), MEO(S) HRO, PDUA, AA) and 15 interns.	Target achieved.
		Training of all staff in various courses.	Various staff training done.	Partially achieved.
		Hold staff team building retreat.	Held one staff team building retreat.	Target achieved.
		Conduct staff appraisals.	Scheduled staff appraisals were effected.	Target achieved.
3.	Corporate Communication.	Maintenance of website and internet domain.	Maintained Website and Internet domain.	Target Achieved.
		Re view of PR and communications strategy.	Enhanced strategic communication.	Target achieved.
		Managing of inflow and outflow of information and advertising.	Streamed Public information for feedback e.g. disseminated OYRMP for FY 2016/17, quarterly disbursements and Fund releases to DAs.	Target achieved.
		Website content management and monitoring.	Developed a new interactive URF Website theme.	Target achieved.
		Enhance visibility of URF Brand.	Started branding of URF through production of materials for visibility.	Target Achieved.
4.	Legal	Legal support to URF contracts and FMC.	Legal support to URF contracts, 22 FMC and 4 SFMC meetings provided in-house.	Target achieved.
		Preparation and signing of DA's performance agreements,	Prepared and guided signing of DA's performance agreements FOR FY 2015/16.	Target achieved.

SN	Sub-function	Planned	Achieved output	Remark (s)
		Draft Regulations pending signature by Hon. MFPED.	Followed up signing of URF regulations by MFPED;	Target achieved.
		Legal support to the URF/ Board.	Support to 7 Board and 13 Board Committee meetings through Minute taking and follow up of actions.	Target achieved.
5.	General Admin	Periodic and routine Office admin.	Routine and periodic Administration services offered including the following among others: Remuneration of staff; Management of Stores and Assets management. Customer care services; Vehicle fleet management system.	Target Achieved.
		Insurance covers procured.	Staff medical insurance, workman compensation and vehicle insurance provided.	Target achieved.

2.4.2 Monitoring and Evaluation

In FY 2015/16, Monitoring and Evaluation activities were undertaken in a total of 55 agencies out of the planned 78 agencies (50% of 156 agencies including 22 UNRA Stations, 1 KCCA, 111DLGs, and 22 MCs). This was equivalent to 70.5% of target achievement. The agencies monitored comprised 34 district local governments; 9 municipal councils; and 12 UNRA stations as shown in Table 4. The monitoring involved tracking of implementation of the funded work plans against the performance agreements entered into with the DAs for FY 2015/16.

Table 4: Summary of Agencies Monitored in FY 2015/16

Type of DA	Planned	Achieved	DAs Monitored/Stations	Achieved (% of Target)
UNRA (Stations)	11	12	Kampala, Luwero, Mubende, Mbale, Soroti, Tororo, Arua, Gulu, Kitgum, Lira, Kasese, Masindi	109.1%
KCCA	1	О	No division was monitored under KCCA during the period.	0.0%
District Local Governments	55	34	Mubende, Nakaseke, Buikwe, Mukono, Kiboga, Lwengo, Mpigi, Masaka, Jinja, Tororo, Manafwa, Pallisa, Sironko, Kumi, Bududa, Yumbe, Agago, Adjumani, Kitgum, Oyam, Pader, Lamwo, Zombo, Maracha, Amolatar, Otuke, Koboko, Kasese, Kiryandongo, Isingiro, Kiruhura, Ibanda, Mbarara, Kibaale	61.8%
Municipal Councils	11	9	Entebbe, Masaka, Mukono, Jinja, Mbale, Tororo, Gulu, Arua, Hoima	81.8%
Total	78	55		70.5%

The Fund used a mix of in-house capacity and outsourcing to undertake the M&E activities. Table 5 shows the geographical coverage of the M&E activities undertaken in FY 2015/16.

Table 5: Geographical Coverage of M&E Activities in FY 2015/16

			Designated agencies			Agencies	Agencies
S/N	Region	District LGs	UNRA Stations	KCCA Divisions	Municipal Councils	covered in FY 2015/16	covered in FY 2014/15
01	Central	8	3	О	3	14	10
02	Eastern	7	3	О	3	13	19
03	Northern	12	4	О	2	18	29
04	Western	7	2	О	1	10	20
Total		34	12	О	9	55	78

It can be seen from Table 5 that the coverage of M&E activities decreased from 78 agencies in FY 2014/15 to 55 agencies in FY 2015/16. This was occasioned mainly by the shift from use of a blend of in-house and outsourced capacities to exclusive use of in-house capacities towards the end of FY 2015/16.

The summary findings and mitigation actions undertaken by URF so far include among others:

- i) Prevalent grey areas in implementation of the force account policy in relation to weak attraction/retention of road gangs, record keeping, poor access to zonal equipment, deduction of tools advances from gangs meagre wages of UGx 100,000 per worker per month and the high cost of repair/maintenance of equipment by FAW (the local dealer for the Chinese equipment). In mitigation, URF has requested MoWT to review the force account guidelines and explore the need to update the existing force account manual.
- ii) Obsolete equipment with high breaking rate especially at UNRA stations which has led to continuous low and poor quality work. URF has urged MoWT to expedite the procurement of the replacement equipment from Japan.
- iii) Too many stream crossings on the road networks in some DLGs creating many bottleneck sections. URF has decided to prioritise Bududa DLG among the DAs to benefit from URF funding of small bridges.
- iv) <u>Delayed procurement of FA materials and contracts for stations</u> by UNRA headquarters affecting the station work outputs. To ease the process, URF has urged UNRA to decentralise the procurement of FA materials and contracts to regions.
- v) <u>Limited capacity of cross drainage systems to cope with large volumes of storm water runoffs</u> leading to some road wash always on the

national roads network. URF has requested UNRA to provide guidance to their stations on culvert sizing and provision of adequate culverts.

- vi) Loss of road maintenance funds through garnishing by URA. This mainly affected agencies with tax obligations on withholding tax, VAT and PAYE. In mitigation, as a first step, the affected DAs were requested to reimburse the road maintenance funds within specified time in order to avoid penalties.
- vii) <u>Growing scarcity of quality gravel with increasing haulage distances</u>. URF will fast track support to DA's in use of alternative road surfacing materials already researched on.
- viii) Overloading contractors beyond their capacities which have led to poor performance and shoddy works. URF has advised UNRA to stop loading contractors with contracts beyond their capacities.
- *Lack of road safety signages especially at sharp bends.* DAs have been advised to always budget
 for road safety aspects where critically needed
 to avert accidents.
- x) Late downstream distribution of funds to stations by UNRA headquarters. In mitigation, UNRA has been advised to always transfer funds to stations within a period not exceeding one week from the date of receipt of funds from URF.
- xi) Non adherence to work plans and funding of non-road maintenance related aspects. In mitigation, URF is coordinating with the MoWT and MoLG on the establishment of regional TSUs to institute total quality management systems (TQMs), effective oversight among DUCAR DA's and functionality of DRCs.

A more detailed schedule of monitoring findings and actions taken is appended in *Annex 1*.

2.4.3 Planning and Programming

Planning and programming function is responsible for developing statutory road maintenance plans; allocation of funds and development of statutory road maintenance expenditure programmes; as well as issuing of annual planning guidelines to the designated agencies. Under the function, the achievements of the Fund in the year of reporting included preparation of the URF revenue and expenditure report for FY 2016/17, accountability and programme reviews and oversight for

extended periodic maintenance (sealing) of 1.0 km urban roads in selected 21 Town Councils and 1 Municipality.

The function also continued configuration of the Road Maintenance Management and Monitoring System (RMMS) whose main purpose is to improve timeliness of collection, analysis and consolidation of work plans and quarterly accountabilities. Action achievements of the function included preparation of the OYRMP and issuance of budget guidelines for FY 2016/17 as presented in Table 6.

Table 6: Achievements of URF in Planning and Programming Function, FY 2015/16

SN	Sub-function	Planned	Achieved	Remark (s)
1.	Planning	OYRMP for FY 2016/17.	Target.	Achieved OYRMP and performance statement prepared and presented to Parliament in April 2016.
		Budget Guidelines FY16/17.	Target achieved.	FY 2016/17 budget Guidelines were prepared and approved by PSBC on 09.11.15 and issued to DA's immediately after.
2.	Programming	Funds Allocation Formula calibration.	Target partly achieved.	Allocation Formulae re-calibrated and tested in preparation for use in drawing up the DA's IPFs for FY 2016/17.
		Oversight of Board project on sealing of 1.0 km of TC roads in each of the selected DAs.	Completed designs and preparations for surfacing works in 20TCs and 01 MC.	Oversaw design and approval of the adjusted project designs by MoWT. Project scope was adjusted to 12.8km from the original 21.0km to fit the funds available. Due to various challenges, physical works for some DA's commenced in July 2016 and others in August 2016 to end in November 2016. Progress of each beneficiary TC and MC is outlined in <i>Annex 2</i> .
		Implementation of URF Strategic Plan.	Target achieved.	Progressed URF strategic Plan implementation which commenced in FY 2014/15 - 2018/19;
3.	Control	Reviewed DA's accountability reports;	Target partly achieved.	Four (4) no. DA's accountability review reports prepared in FY 2015/16 were submitted to ED and FMC.
		Reviewed performance of DA's in line with signed performance Agreements.	Target achieved	Two (2) DA's programme review reports were prepared and issued to ED & FMC.
.4.	Reporting	Publication of IPF's.	Target achieved.	FY 2016/17 IPFs disseminated to DA's via email in April 2016.
		Quarterly Performance reports data for FY 2015/16.	Target achieved.	FY 2015/16 Q1-Q4 performance reports data collated.
		Board Committees reports.	Target achieved.	A total of 4 Board Committee (PSBC) reports prepared.
5.	Others	Review of emergency works applications;	Target achieved.	137 no. FY 2015-16 quarterly emergency requests reviewed and evaluated.
		Tracking of Agency programmes.	Target partly achieved.	Undertook tracking of PM works on national roads in Q4.

Note: 40% of the planned programming Department actions were achieved while 60% was partly achieved.

2.4.4 Fund Management

Fund management function is responsible for collections and management of revenue; expenditure; and management of disbursements from the Fund. Under this function, the Fund successfully managed all disbursements for programmed works in the designated agencies; developed guidelines and procedures for management and accountability for the disbursed funds; and undertook capacity improvement programmes for accountants and auditors in the various DUCAR agencies.

In addition, the function prepared and submitted to office of Auditor General the final accounts for FY 2015/16. The key achievements of the Fund under the Fund Management Function in FY 2015/16 are as shown in Table 7.

Table 7: Achievements of URF in Fund Management Function in FY 2015/16

Sub-function	Planned Activities	Achieved	Remarks
1.Revenue collection	 Application to MFPED for road maintenance and secretariat operational funds-Ush417.93bn Collection of non- tax revenue. 	 Received Ush357.589bn from MFPED. Collected Ush35.7mn from sale of bid documents. 	• There was a shortfall in release of Ush6o.341bn from MoFPED.
2.Financial Mgt Reporting	 o8 Monthly and o4 quarterly performance reports to be submitted to Board; Prepare o4 OBT reports for submission to MFPED; Prepare o4 disbursement reports to Board. 	 Submitted o8 monthly and o3 quarterly reports to FABC. The forth report is the annual report being prepared; 4 quarterly OBT reports submitted to MFPED; o4 quarterly disbursement reports submitted to Board. 	 All the reports were prepared as planned with the exception of the 4th quarterly report included in the annual report which is a consolidation of the URF performance for the whole year.
3.Disbursements	• Effect 04 Quarterly Disbursements to 135 DAs.	• 4 quarterly disbursements to 135 DAs in the total amount of UGx.349.278bn for maintenance of National and DUCAR roads.	 Disbursements made as planned. 85.6% of budget disbursed as a result of shortfall in budget.
4.Financial Controls	 Continuous monitoring of budget performance, Timely reconciliation of bank statements with cashbooks. 	 All the accounts reconciled and the financial statements prepared within the required time. 	• Financial records well maintained presented in the FY 2015/16 statements.
5.Capacity building	 Mentoring DA's on fund management and accountability. Monitoring financial performance and accountability at DAs. 	Physical visits made in 25 Designated Agencies to collate book records with accountability submitted.	 Activity performed as planned. Improvement in financial management and procurement procedures recorded.

Note: 80% of MFM Departmental targets were achieved while 20% was partly achieved.

2.4.5 Internal Audit

The purpose of the internal audit function is to provide assurance to the Board that funds are being applied as intended at disbursement. In FY 2015/16 audit activities undertaken included technical and financial reviews in 26 agencies, on road maintenance projects financed by the Fund. The coverage of the technical and financial reviews is summarised in Table 8 below.

Table 8: Summary of DA's covered by the Technical and Financial Audit FY 2015/16

Agencies Audited	Period covered
Buhweju DLG, Kabale DLG, Sheema DLG, Rakai DLG, Adjumani DLG, Dokolo DLG, Maracha DLG, Nebbi DLG, Serere DLG, Ngora DLG, Budaka DLG, Bukedea DLG (12 No)	Jan to Dec 2015
Busia DLG, Busia MC, Masaka MC, Bududa DLG and Buyende DLG (5 No.)	FY2014/15
Kamwenge DLG, Kyegegwa DLG, Ntoroko DLG, Kasese MC, Iganga DLG, Iganga MC, Kapchorwa DLG and Bugiri DLG (8 No.)	FY2014/15
Uganda National Roads Authority (UNRA) (1 No.)	FY2013/14

The summary of the findings are shown in Table 9 while the summary status of implementation of the previous audit recommendations are shown in Annexes 1 &2.

Table 9: Report of Generic Audit Issues and action matrix

	e 9. Report of deficite			Status of
	Findings	Agencies Affected	Recommended Action	implementations
1.	Non-performance by the District Roads Committees leading to poor planning and reduced oversight on implemented road maintenance works.	Iganga MC, Ntoroko DLG, Kyegegwa DLG, Kasese MC, Kapchorwa DLG, Iganga DLG and Iganga DLG Kabale DLG, Rakai DLG Adjumani DLG, Dokolo DLG, Serere DLG, Bukedea DLG and Budaka DLG	District Roads Committees were advised to hold meetings at least once every quarter to plan and perform oversight on implemented road works.	The agencies agreed to hold regular meetings going forward. URF will undertake nationwide sensitization to improve performance of the rest of the agencies.
2.	Lack of budget performance data for key maintenance projects leading to failure to monitor expenditure on budget lines.	Bugiri DLG, Kapchorwa DLG and Kamwenge DLG, Kabale DLG, Rakai DLG, Sheema DLG, Buhweju DLG, Adjumani DLG, Maracha DLG, Nebbi DLG, Dokolo DLG, Ngora DLG, Serere DLG, Bukedea DLG and Budaka DLG	The agencies were advised to put in place mechanisms to track their_performance against the budget in order to guide the decision making processes.	The agencies have committed to improve going forward.
3.	Poor quality and cost control measures manifested by use of poor quality of materials; failure to conduct site meetings; lack of material test results; poor culvert installations; lack of measurement sheets; poor drainage works and lack of project specific records for actual works done	Kamwenge DLG, Kyegegwa DLG, Ntoroko DLG, Kasese MC, Iganga DLG, Iganga MC, Kapchorwa DLG, Busia MC, Bududa DLG, Masaka MC and Bugiri DLG Kabale DLG, Sheema DLG, Buhweju DLG; Rakai DLG, Adjumani DLG, Maracha DLG, Nebbi DLG, Dokolo DLG, Ngora DLG, Serere DLG, Bukedea DLG and Budaka DLG.	Agencies were advised to test materials for suitability from recognized laboratories. The agencies should also ensure adherence to standard technical specifications set by the MoWT. Maintain independent project management files and site diaries for each project.	The agencies have committed to improve going forward. Going forward sensitization of other agencies will be done on best practices in record keeping and quality control.
4.	Failure to conduct road inventory and condition assessment leading to inefficient planning, inadequate maintenance interventions and inaccurate allocation of funds by URF.	Ntoroko DLG and Kyegegwa DLG Kabale DLG, Sheema DLG, Buhweju DLG and Buhweju DLG; Rakai DLG, Adjumani DLG, Maracha DLG, Nebbi DLG, Dokolo DLG, Ngora DLG, Serere DLG, Bukedea DLG and Budaka DLG.	Agencies were advised to comply with the provision of the performance agreement to submit road inventory and condition assessment.	The agencies have committed to improve going forward.
5.	Non-adherence to the performance agreements and work plan for the period reviewed	Kapchorwa TC, Kamwenge TC and Iganga MC	to adhere to the work plans during project implementation. Revision of work plans should obtain approvals from the authorities.	The agencies have committed to improve going forward.
6.	Inconsistent and incomplete accountability reports causing difficulty to monitor physical and financial performance.	Kapchorwa DLG, Iganga DLG, Kasese MC, Iganga MC and Kamwenge DLG, Bugiri DLG Kabale DLG, Sheema DLG, Buhweju DLG, Adjumani DLG, Maracha DLG, Nebbi DLG, Dokolo DLG, Ngora DLG, Serere DLG, Bukedea DLG and Budaka DLG	Agencies were advised to prepare accurate accountability reports and account for discrepancies in their respective reports.	Agencies have not submitted revised accountability reports. Accountability reports are now reviewed and certified in compliance with the performance agreements.
7.	Slow recovery of garnished funds by court order	Iganga MC (UGX 183M)	The Accounting officer should recover the garnished funds as per MoU signed between Iganga MC and URF.	The recovery is behind schedule. The agency was advised to implement the MoU as per the agreed schedule.

	Findings	Agencies Affected	Recommended Action	Status of implementations
8.	Understaffing of the works department leading to poor planning and implementation of URF projects.	Kapchorwa DLG	The agency was advised to recruit competent and adequate staff to manage road maintenance projects	Recruitment of key personnel for Road gangs is being done. Recruitment of permanent staff awaits clearance from the Ministry of Public Service.
9.	Un-supported expenditure causing uncertainty whether funds advanced for the activities were put to the right purpose.	Bugiri DLG (UGX 50.8M/=), Busia MC, Busia DLG, Bududa DLG, Buyende DLG and Masaka MC Kabale DLG (UGX 534.5M) and Rakai DLG (UGX 385M) Adjumani DLG (UGX 21M), Maracha DLG (UGX 105M), Serere DLG (UGX 39.9M)	The accountabilities for the funds should be availed for verification.	Supporting documentation were subsequently provided by all the agencies with exception of Bugiri DLG
•	Improperly kept accounting records manifested by: Payment vouchers not stamped "PAID"; Lack of subsidiary ledgers; Non approval of payment vouchers; Failure to make bank reconciliations Missing payment records.	Kamwenge DLG, Kyegegwa DLG, Ntoroko DLG, Kasese MC, Iganga DLG, Iganga MC, Kapchorwa DLG and Bugiri DLG Kabale DLG, Rakai DLG, Sheema DLG, Buhweju DLG, Adjumani DLG, Maracha DLG, Dokolo DLG, Ngora DLG, Serere DLG, Bukedea DLG and Budaka DLG	 Agencies were advised to maintain subsidiary legers for road maintenance funds. Ensure that all payment vouchers are approved and stamped PAID. Ensure that bank reconciliation statements are prepared, reviewed and certified by Head of Finance 	Going forward sensitization of other agencies will be done on best practices record keeping.
•	Deviation from engineering design and implementation standards and practices: Inadequate quality control procedures, Failure to install signage, Failure to control unit rates, Failure to conduct road condition surveys, Failure to maintain measurement records for completed works.		Agencies were advised to ensure that unit rates are derived for every road activity executed for proper monitoring of actual costs incurred on each project.	The agencies have committed to improve going forward.
12.	Abuse of equipment under force account leading to recurrent breakdowns Absence of quarterly internal audit reports signifying reduced oversight on road maintenance activities.	Iganga MC and Iganga DLG Bugiri DLG Kabale DLG, Adjumani DLG, Maracha DLG, Nebbi DLG and Serere DLG	Apply equipment appropriately and use hired equipment for heavy works. Agencies were advised to ensure adequate oversight on road maintenance activities by internal audit.	The agencies have committed to improve going forward. Agencies have committed to improve going forward. URF is going to improve capacity of audit in agencies through technical support.
•	Improper procurement function evidenced by: Failure to initiate of procurements. Lack of procurement action files Lack of contract management files Micro procurements not reported to CC. Usurping PDU powers	Iganga DLG, Kasese MC, Ntoroko DLG, Kamwenge DLG, Kyegegwa DLG, Busia DLG, Bududa DLG, Buyende DLG and Masaka MC Kabale DLG, Sheema DLG, Adjumani DLG and Nebbi DLG	Agencies were advised to ensure that all provisions of the PPDA Act and regulations are adhered to.	The agencies have committed to improve going forward.

	Findings	Agencies Affected	Recommended Action	Status of implementations
15.	Inadequacy of road maintenance interventions leading to risk of extended damage on the road asset Poor performance of road gangs for RMM	Kapchorwa DLG, Iganga DLG, Kasese MC, Iganga MC, Kamwenge DLG, Kyegegwa DLG, Bugiri DLG, Busia MC, Busia DLG, Bududa DLG, Buyende DLG and Masaka MC NtorokoDLG	The agencies were advised to undertake timely road inventories so as to implement the most critical projects and advise URF accordingly.	The agencies have committed to improve going forward.
16.	Delayed release of road maintenance funds to the town council leading to delays in implementation of road maintenance activities in the sub-agency.	Ntoroko DLG	The DA should ensure that funds for sub agencies are transmitted within 5 business days as stipulated in the PA.	The agency was agreed to ensure timely release of funds to the Town Council going forward.

Table 10: Summary of findings from Technical and Financial review of UNRA

Findings	Recommended Action	Status of implementation
1. Use of the Pastel accounting system instead of the Oracle database system During our review of UNRA's financial management system, we noted that according to the UNRA FMM, the Pastel accounting system should have been replaced by the Oracle database system, IFMIS, with effect from 1 July 2008. However, this transition had not been fully adopted for management of URF funds.	UNRA should put in place	UNRA was in the process of procuring an Enterprise Resource Planning (ERP) tool that will integrate and align with all the business areas including IFMS by January 2017. In the meantime, Accounts Managers have been recruited to enhance closer supervision at various regions.
2. Financial reporting challenges Our review of UNRA's reporting system noted the Pastel accounting system used for financial reporting was not online and real-time. The 22 stations had to back up their data monthly and send them back up to Headquarters for review and posting.	UNRA should put in place mechanisms or a system which will address the challenges noted by 30 April 2017.	The Financial Information management system is partly automated. UNRA was in the process of procuring ERP tool that will automate all the business processes as reported above.
 3. Records not availed for review. During our review, we were not availed the following pertinent documents: Procurement records for periodic and term maintenance contracts at UNRA HQ; Project management records Suppliers' and works contracts and service agreements for the procurements listed in Appendix 1. LBC contracts 	The failure to review this information limited the scope of the review. In future all information should be made available during the time of the review.	To be implemented going forward.
4. Delayed reporting to URF We reviewed UNRA's reporting to URF and noted that the quarterly reports were submitted after the contractual submission dates, on average 28 days later.	UNRA to submit reports within the contractual reporting dates.	Management of UNRA committed to submitting reports within the contractual reporting dates going forward.
5. Delayed release of funds to stations During our review of funds disbursement to stations, we noted that there were delays which caused the burn rate in quarter 4 to be significantly high due to the spill over from previous quarters.	Disbursements to stations should be made immediately funds are received.	Management of UNRA committed to reducing this to five working days or even less.

Findings	Recommended Action	Status of implementation
6. Inconsistency in UNRA accountability reports During our review of UNRA financial reports to URF, we noted discrepancies in the recorded income. The quarter 3 and 4 reported income did not match what was actually sent by URF. In addition, our review of advances to stations revealed that they had not been consistent and accurately recorded in the quarterly accountability reports to URF.	UNRA should increase diligence in the preparation and review of the quarterly financial reports to ensure the integrity, accuracy, timeliness and consistency of the quarterly reports. UNRA should adhere to the requirements of the Public Finance Management Act regarding the refund of unspent money, or seek the relevant approval for rolling over the unspent funds into the next financial year.	Management of UNRA committed to avoid inaccuracies in future reports.
7. Expenditure outside the approved work plan It was noted that there were several instances of expenditure outside the approved work plan and performance agreement signed between URF and UNRA.	UNRA should endeavour to curb expenditures outside the work plan.	Management of UNRA committed to avoid inaccuracies in future reports.
8. Poor management of fuel During our review of fuel management, it was discovered that the fuel transactions were not adequately supported or explained and that there was no contract with the supplier M/s Hared Petroleum.	The Agency should; i) Retrieve the records that were maintained for usage of fuel during the period and confirm that the reported disbursements were accurate and reasonable. ii) Clearly separate administrative fuel from project fuel and report as such. iii) Record and monitor fuel usage on a project by project basis.	UNRA have formalized the contract with M/s Hared Petroleum.
9. Non-payment of withholding tax We noted that withholding tax was not deducted on some transactions without evidence to show that the suppliers were WHT exempt.	The Agency should follow up the suppliers in question and ensure that the WHT obligations are settled by 31 st December, 2016 and a report furnished to URF accordingly.	The accounting procedures and processes are being streamlined to ensure that such non compliances are not repeated.
no. Irrational budgeting leading to inefficiencies During the review it was noted that there were irrational budget allocations by HQ to the stations without due regard to road maintenance needs. The stations undertake road condition assessments from which they derive their budget needs and execution mode (contracting or force account depending on scope) which are submitted to HQ. However, these were being scaled down arbitrarily at HQ and consequently the activities that could have been performed cheaply using force account were contracted out. Term maintenance contracts were allocated budgets that were disproportionate to interventions.	In future, if the Headquarters decide that the planned scope of maintenance works of any station needs to be scaled down for any reason, the process should be done in consultation with the station engineer. Unless substantial regravelling and culvert installation works are to be undertaken on any set of roads, mechanized routine maintenance by force account should be the first option to be considered instead of term maintenance contracting.	Term maintenance contracts are now competitively procured and the PPDA regulation requires the Accounting Officer to do a market re-assessment, therefore the issue of rates will always be justified going forward.
II. Noncompliance with criteria for selection of mode of execution (force account Vs term maintenance) The criteria for selection of the mode of execution of works between term maintenance and force account was based on traffic levels. Highly trafficked roads were supposed to be maintained using term maintenance contract and low trafficked roads, force account.	The response to this finding is general. It does not address the issue observed in Mpigi station. It is recommended that when planning road maintenance activities, the Agency should exercise more prudence and endeavour to optimize benefits of force account compared with term maintenance contracting.	Management gradually improving the capacity of stations to implement force account.

Findings	Recommended Action	Status of implementation
However, it was found that some low trafficked roads had been under term		
maintenance contracts. Furthermore, it		
was noted that although some stations		
had enough equipment to maintain their		
networks, and there was no need for term maintenance contracting.		
	Subsequent contracts should give	This has been addressed in
maintenance interventions	drainage provisions priority to	subsequent contracts which give
The review of the 29 selected national roads	ensure sustainable interventions.	drainage priority.
term maintenance contracts revealed that key routine manual maintenance activities		
had not been included. Subsequently, the		
works associated with these activities were		
not carried out for over 2 years.		TI CARG
13. Uncompetitive wage rates for manual routine maintenance works	It is recommended that in addition to reviewing LBC rates, procedures	The management of LBC including the rates have been

	harmonization of the existing laws)	

Findings	Recommended Action	Status of implementation
	and budget for and construct vehicle parking yards and storage facilities.	
18. Non-compliance with technical standards Site inspection during the review revealed that culverts were installed without head or wing walls. Road widths were not maintained to the standards set by MoWT for national roads. There were many instances where grading and shaping was not followed by watering prior to compaction.	The Agency is supposed to be the epitome of road construction standards in the country. Management must put in place an effective oversight mechanism to ensure that its staff observe and supervise construction and maintenance works to the standards set out in its various manuals.	A program was formulated to address the problem going forward.
19. Absence of quality control on term maintenance and force account operations During the review, records of quality control tests (compaction density) for term maintenance contracts and force account projects were not found at any of the stations.		UNRA acquired basic quality control kits for all Stations to manage quality during execution of maintenance contracts in addition to use of central Government materials laboratory which are located in various regions. In addition a fully-fledged quality control unit with a well-equipped laboratory will further strengthen the quality management of works.
20. Inadequate and Low Capacity of Personnel The authority had a severe shortage of qualified personnel at both headquarters and stations. It was also observed that many of the Agency's staff were pursuing further studies at the numerous universities and accredited professional institutions in Kampala. This was diverting their energies and concentration. There were severe capacity constraints in the Arua, Moyo, Mbale, Tororo, Jinja, Luwero, Hoima, Masaka, Mbarara and Kampala stations.	Management should put in place a robust mechanism for monitoring staff performance.	This has been addressed in the ongoing restructuring.
21. Inadequate Equipment It was noted that several stations especially those furthest from headquarters did not have adequate or appropriate equipment to enable them implement their planned force account works efficiently.	UNRA should exercise more prudence and endeavour to optimize benefits of force account compared with term maintenance contracting.	Management is gradually equipping Stations with the necessary equipment to undertake Force Account Operations. Some equipment like; Low bed trucks, Excavators, Graders and Rollers have already been acquired and delivered to some Stations.

An analysis of the status of implementation of audit recommendations from FY2010/11 to FY2015/16 is presented in Tables 8 and 9 and the outstanding recommendations detailed in Annexes 2 and 3.

2.4.6 Procurement and Disposal Unit (PDU)

The PDU function carries out procurement and disposal functions of the Fund, consistent with PPDA law. It also facilitates function of the Contracts Committee as established by section 31 (b) of PPDA Act, 2003.

The function drew up a procurement and disposal plan for FY 2014/15 in the amount of UGX 3.72 billion and implemented a worth of UGX 3.189 billion representing 85.7%. A unique method of fixed budget was applied in procurement of consultants for FY14/15. Therefore, the budget efficiency is estimated to have been over 95% with the variances resulting from mainly contracts for Hotel Services.

During FY 2015/16, the Contracts Committee was composed of four members shown in Table 11.

Table 11: Members of contracts Committee as at June 2015

No.	Name	Position	Organization		
1	Eng. Timothy Mukunyu	Chairman	Road Fund		
2	Mrs. Josephine Ssenyonjo	Secretary	Road Fund

2.4.7 Policy & Strategy

URF established the Policy and Strategy Department which became effective on 1st July 2015. During FY 2015/16 it fast tracked the implementation of outputs of the EU-supported Technical Assistance (LTA) provided to the Fund from November 2012 to February 2014. The key ones included among others the first 5 year Corporate Plan (for the period 2013/14-17/18) and the 5 year road maintenance strategic plan (for the period FY 2014/15-18/19). The full summary of the 5-year Road Maintenance Strategic Plan (5-YRMP) is depicted in Table 13 below.

Table 13: The 5-YRMP for FY 2014/15-2018/19 (In US \$ Mn)

Source: URF 5--Year Road maintenance Strategic Plan report.

The summary of achievements of the Fund on the target actions in the Corporate Plan for FY 2015/16 are depicted in Table 14 while those registered on implementation of the road maintenance strategic plan are shown in Table 15.

^{*} Percentage achieved compared to Plan for FY 2015/16 totalling UGX 1,444,960,460.

Table 14: Key Achievements on URF Corporate Plan Actions for FY 2015/16

SN	Action	Target 2015/16	Achievement FY 2015/16	Remark
1.1.1	Build Capacity of Board in leadership & organizational management	Board Retreat	Held Board retreat in July 2015.	Target achieved
1.1.2	Implementation of Training plan and continuous professional development (CPD).	All staff to get some training.	Trained Internal Audit and M&E Dept.'s staff on improved oversight roles.	Target Achieved
1.1.3	Periodic review of staff manual and welfare.	Annual review.	HR manual reviewed - to yield Admin Manual and HR manual	Target Achieved
1.1.4	Establish adequate staffing levels & remuneration.	Filling vacancies and review of salary structure.	Recruitment done, salaries reviewed.	Target Achieved
1.2.1	Acquire permanent URF Office premises and assets.	Project start and run for 5 years.	Finalised the Design process, commenced procurement of Contractor.	Achieved Target.
2.1.2	Enhance Partnership for improved availability and utilization of road maintenance funds.	Held meetings with MFPED and wider stakeholders on amendment of URA law.	Held meetings at SWG, TMT and MFPED.	Target partially achieved.
2.2.1	Acquire tools, equipment and logistics for URF Secretariat.	Procure tools and vehicles for Secretariat.	Various tools and logistical means procured.	Target achieved.
2.2.4	Implement timely signing and enforcement of performance agreements with DA's.	Sign performance and enforce agreements with DA's.	Agreements signed in Q1 of FY 2015/16.	Target achieved.
2.2.5	Timely preparation & dissemination of URF performance reports.	Publish Annual report and disseminate.	Annual report for FY 2014/15 prepared, ready for publishing and dissemination.	Target partially achieved.
3.1.1	Develop Plan for road maintenance and related activities.	Prepared OYRMP for FY 2016/17.	OYRMP for FY 2016/17 was done.	Target achieved.
3.1.2	Develop plans for financing road safety and axle load control.	Include Plans for safety and Axle load control in OYRMP for FY 2016/17.	Safety and Axle load control plans included in OYRMP for FY 2016/17.	Target achieved.
3.2.1	Timely collection and analysis of road condition data by DA's.	DA's to handle annually.	Arrangements made for DA's to start in FY 2015/16.	Target not achieved.
4.1.1	Undertake regular monitoring and periodic evaluation of funded maintenance programmes.	M&E to be done annually.	M&E for FY 2015/16 handled and reports disseminated.	Target achieved.
4.2.1	Carry out regular technical and financial audits of road maintenance programmes in DA's.	DA's to handle annually.	Handled Technical & Financial audit in 26 DAs equivalent to 19% of DA's.	Revised target of 25% partially achieved.
4.2.2	Build and enhance partnership with stakeholders to strengthen oversight in utilization of road maintenance funds.	Continue engagement of Board with DRCs in DA's to chart way forward.	Completed DRC regulations at MFPED for gazetting and guidelines to DA's.	Target Partially achieved.
4.3.1	Undertake periodic road users' satisfaction surveys.	Conduct surveys Annually.	The 1st URF survey was done in H1 of 2016.	Target achieved.
5.1.1	Develop and Implement the communication strategy.	Review existing communication Strategy.	Communication strategy reviewed and put to use.	Target achieved.
5.1.2	Sign and implement memoranda of understanding with key ministries and other government agencies.	Put the MoU with MoWT in place.	Draft in place, but MOU not yet approved for signature.	Target not achieved.

The road maintenance achievements against the 5 year road maintenance strategic plan (5-YRMP) targets are outlined in Table 15 below. It excludes provisions for *upgrading and re-engineering* of national roads (currently provided for under the UNRA Development budget) and the *rehabilitation* of DUCAR roads.

Key:

Forex 1 US\$ = UGX3,500

RM&PM=Combined Routine manual & Periodic maintenance

It can be observed from Table 15 that:

- a) In FY 2015/16 the national roads maintenance plan activities were funded at 54% and DUCAR at 14% compared to 63% and 18% respectively in FY 2014/15.
- b) Overall in FY 2015/16, only 28% of the road maintenance strategic plan actions were funded compared to 34% in FY 2014/15.
- c) The overall physical performance achieved stood at 42% compared to 47% in FY 2014/15.
- d) Periodic maintenance performance for National and DUCAR networks declined to 12% and 14% in FY 2015/16 compared to 19% and 24% in FY 2014/15.
- e) The rather ideal strategic financing plan targets need to be reviewed to become in harmony with current situation in respect to funding of road maintenance.

Other key Departmental achievements against the work plan for the P&S Department in FY 2015/16 are depicted in Table 16 below.

Table 16: Key Achievements under the Policy & Strategy Function in FY 2015/16

Planned Activities	Achieved	Remarks
Setting up of policy and strategy department	 Defined scope of responsibilities Set outputs of the department 	Achieved
Implementation of technical, strategic and policy research.	Research guidelines under development.	Not Achieved
Annual implementation of 1, 3 and 5 year road maintenance financing plans.	1. Implemented OYRMP for FY 2015/16 which is the 2nd year of 5YRMP.	Achieved
Coordinate implementation of the 5-yr Corporate Plan.	1. Implemented the 3 rd year i.e. 2015/16 of corporate plan. Key achievements in Table 1.c	Achieved
URF scheduled and statutory reporting.	Prepared: 1. Quarterly performance reports for FY 2015/16; 2. Annual Report FY 2014/15; 3. Transport Sector (SWG) reports;	Achieved

^{*}Actual =Budget out turn (Treasury releases);

^{**}DUCAR includes DLGs, MCs and KCCA.

Planned Activities		Achieved	Remarks
Mainstream sector plans, policies and standards in URF operations.	1.	Kkey deliverables from the NTMP/GKMA and the draft RSDP3 aligned with 5 year road maintenance financing plans.	Achieved
Oversee formation and operation of DRCs.	1. 2.	80% of DRCs were operational in FY 2015/16; Operation of DRCs guided with guidelines.	Achieved
Management of Risk.	1.	Draft Risk Register compiled.	Achieved
Sector Coordination.	1.	URF participation in transport sector forum and related fora.	Achieved

Key challenges faced by the Dept. during the period included:

- a) Inadequate staffing. The department was run by one man (MPS) for a full year. Support staff recruitment is on-going.
- b) Inadequate resources to implement the 5 YRMP plan for FY 2015/16 leading to huge periodic maintenance backlogs;

As a way forward, the URF will continue to push for the establishment of a 2nd Generation Road Fund as enshrined in the URF Act.

2.4.8 Establishment of Operational Procedures

Progress was made in drafting various regulations and manuals to guide and streamline various aspects of its operations and inter-relationship with agencies and stakeholders. Progress on establishment of operational procedures in key functional areas was as shown in Table 17.

Table 17: Status of Key Control Documents as at 30 June 2015

SN	Functional Area	Manual	Regulations	System

^{*}HR- Human Resource

2.5 Key Performance Indicators

Broadly, the Secretariat's Key Performance Indicators (KPIs) cover the four business areas of *Administration* and *Human Resource*; *Funding Operations*; *Impact of Funding*; and *Governance*. Achievements against the Secretariat KPIs in FY 2013/14 were as discussed in sections 2.3.1- 2.3.2.

2.5.1 Performance Rating of KPIs

FY 2015/16 was the sixth year of adoption of a set of key performance indicators (KPI's) for the operations of the Fund. Some of these indicators were adopted from headline indicators issued by African Road Maintenance Funds Association (ARMFA at www.armfa.org) while others were developed in-house.

As shown in Annex 3, the Fund used a total of 24 KPIs to monitor its performance under key business areas of administration, human resource, funding operations, impact of funding and governance. The summary of performance rating against the KPI's in FY 2015/16 is shown in Table 18.

Table 18: Summary of URF performance rating of KPI's - FY 2015/16

	Administration and HR		and HR Operations Funding		-	Governance		Overall Totals FY 2014/15		Overall Totals FY 2015/16		
	No. of KPIs	% of Total	No. of KPIs	% of Total	No. of KPIs	% of Total	No. of KPIs	% of Total	No. of KPIs	% of Total	No. of KPIs	% of Total
Achieved	1	33.3%	6	50.0%	3	75.0%	3	60.0%	12	50.0%	13	54.2%
Not Achieved	2	66.7%	6	50.0%	1	25.0%	1	20.0%	11	45.8%	10	41.7%
No Data	О	0.0%	О	0.0%	О	0.0%	1	20.0%	1	4.2%	11	4.1%
Totals	3	100%	12	100%	4	100%	5	100%	24	100%	24	100%

From Table 17, the following can be observed:

- a) A total of 24 KPIs was adopted to measure performance of the secretariat at the end of FY 2015/16 (same as at the end of FY 2014/15);
- b) There was no data to enable measurement of 1 KPI (4.2% of the total) at the end of FY 2015/16 (same as at the end of FY 2014/15);
- c) The number of KPIs achieved was 13 (54.2% of total) at end of FY 2015/16 (up from 50.0% at the end of FY 2014/15); and
- d) The number of KPIs not achieved was 10 (41.7% of total) at end of FY 2015/16 (Down from 45.8% at the end of FY 2014/15).

Generally, the best performing business area was impact of funding with an average score of 75.0% of its indicators achieved. This was followed by Governance at 60.0% and funding operations at 50.0%. The worst performing business area was Human Resource and Administration at 33.3%. The reasons for low performance and the corrective action being taken by URF in the respective business areas where the set targets were not achieved are clarified in section 2.4.2.

2.5.2 Actions Taken on Low Performing KPIs

Low performing KPIs in which actuals below targets are coloured red in *Annex 5*, were clarified and flagged for corrective actions as follows:

i) Staffing level (percentage of establishment – average over a year): Achievement was 81% against a target of 95%minimum compared to 69.4% minimum registered in FY 2014/15. The target was not achieved mainly because of 2 vacancies of officers of the policy and strategy department and the vacancy of an officer in the planning and programming department which remained unfilled for the biggest part of FY 2015/16. The target is however very ambitious since URF is in a free labour market economy with staff free to exit at any time. URF is in the process of reviewing the target to come down to a realistic level of 90% and

improve the recruitment process to ensure expedience in filling vacant positions.

- ii) Administrative overheads: Achievement was 2.3% against a target of 1.7% maximum compared to 1.7% maximum realised in FY 2014/15. The target on this KPI was not achieved due to the re-allocation of UGX 1.432bn from the Board special project of tarmacking town council roads to covering shortfalls in the rent for the URF Secretariat (following the sharp increment of the UGX/Dollar exchange rate) and the costs for design of the URF/PPDA house project whose committed funds were garnished by the Treasury at end of the FY 2014/15. However, the Fund is in the process of revising the target currently at 1.7% max to be set within the 2-4% range consistent with the Africa Road Maintenance Funds Association (ARMFA) benchmark.
- iii) Efficiency and timeliness of releases from MoFPED: For efficiency the achievement was 85.7% against a target of 98% min. whilst for timeliness the achievement was 17.8 calendar days against a target of 14 calendar days max compared to 21 days delay registered in FY 2014/15. The performance was contingent on releases from MFPED which contributed 16 calendar days (90.0%) of the total delay whilst URF was responsible for an average delay of 1.8 days (10%) in FY 2015/16. As a way forward, URF shall continue dialogue with MFPED and coordination with other stakeholders to enable amendment of Section 14 of the URA Act and pave way for the monthly remittance of Road User Charges to the URF Account as envisaged under Section 21 of the URF Act.
- iv) Budget allocation to Routine Manual (RMM) and Routine Mechanized Maintenance (RMeM): At the end of FY2015/16, with 85.7% of the annual budget released, 81.4% of the released funds were deployed to the 3 maintenance activities in the order of 4.8% for RMM against a target of 7.7%, 33.0% for RMeM against a target of 31.8%, and 43.6% for PM against a target of 33.2%. Accordingly, the

target for RMM in FY 2015/16 was not achieved. Furthermore, the apparent low deployment of funds towards RMM was a result of the fact that UNRA bundled the RMM on half of its network with RMeM activities contracted out under term maintenance contracts. URF will continue to guide the DA's on adherence to fund allocations by works categories which are based on the 5-yr Road Maintenance Strategic Financing Plan for FY 2014/15-2017/18.

- v) Budget allocation to district roads and urban roads: At the end of FY 2015/16, with 85.7% of the annual budget released, actual releases by road class were at 67.9% to national roads against an allocation of 64.1%, 10% to district roads against an allocation of 14.3%, 15.1% to urban roads against an allocation of 17.3%, and 2.3% to CARs against an allocation of 1.9%. Accordingly, the targets for district and urban roads were not achieved. The relative low performance of releases to district and urban roads was due to the front loading of releases to national roads to cater for the accumulated unpaid road maintenance certificates. URF shall target the budget for FY 2016/17 towards removing the disparities in release of funds for maintenance of different categories of roads.
- vi) Percentage of road users satisfied with Uganda's public roads network: Achievement was 37.3% in FY 2015/16 down from 53.2% in FY 2014/15. This was the first Road User Satisfaction Survey (RUSS) independently undertaken by URF, having taken it over from CrossRoads. The result was majorly afflicted by 3 factors which included the budget cut during FY 2015/16, the negative visibility of the road

sub-sector created by the widely publicized tainting findings of the Judicial Commission of inquiry into UNRA mismanagement and the World Bank suspension of funding to the roads sub-sector. In addition, the survey in FY 2015/16 was undertaken during the rainy season when road users typically have negative opinions on the state of roads due to various factors. URF will improve the budget and timeliness for undertaking future RUSS in order to keep the results comparable and reliable.

vii) Punctuality in presentation of the URF Annual Report (submission of URF Annual Report to Minister responsible for Finance):

Not achieved against a target of 184 calendar days after close of FY 2014/15. This was mainly due to the thin staffing of the URF Policy and Strategy department and the DA's excessive delays in submission of their Q4 reports. URF is in the process of recruiting staff to fill the gap in the Policy and Strategy department to enable timely production of the Annual Reports.

2.5.3 URF Rating in the Government Annual Report (GAPR), FY 2014/15

The GAPR is a report compiled by the Office of the Prime Minister (OPM) on an annual basis to present performance on key performance measures for each sector. The FY 2015/16 GAPR provided an overview of Government's performance rating during the financial year across all areas of public investment with the aim of influencing planning and budgetary allocations for the FY 2016/17. Table 19 shows the performance of URF and the Works and Transport Sector as rated in the FY 2015/16 GAPR.

Table 19: Sector Performance Scorecard in FY 2015/16 GAPR/FY 2014/15 GAPR

		Transport Sector Output Performance										
	% Acl	nieved	% Not A	chieved	% no	data						
Outputs	2014/15	2015/16*	2014/15	2015/16	2014/15	2015/16	Denominator					
URF	100	67	0	33	O	O	06					
MoWT	79	71	21	29	О	O	28					
UNRA	73	82	27	18	O	0	11					
Sector	8o	73	20	27	0 0		45					

Source: GAPR for FY 2015/16, Sept, 2016. *Includes moderately satisfactory items.

It can be seen from Table 19 that a total of 6 indicators were used to measure the performance of URF in the GAPR as was the case in FY 2014/15. A total of 67% of the planned actions were achieved in FY 2015/16 compared to 100% in FY 2014/15 which was a 33% decline.

3.0 Performance of Road Maintenance Programmes

3.1 Funding Operations

Funding operations is one of the core activities of the Fund. It includes processes for determination of funding levels; budgeting procedures; allocation of funds; collection of funds and disbursement of funds to designated agencies. Performance of the Fund in these processes during FY 2015/16 is examined in sections 3.1.1 – 3.1.4.

3.1.1 Determination of Funding Levels

Determination of funding levels is a critical function of the Board as defined under Section 14 of the URF Act. Accordingly, the Board is required to recommend to the Minister of Finance, the appropriate levels of road user charges, fines, levies or any other sums to be collected and paid into the Fund. The function constitutes a major step in the Fund planning processes scheduled under Sections 24, 25, and 26 of the Act. However during FY 2015/16, some of these critical planning processes including setting of tariff levels could not be handled as funding for road maintenance was still under the Medium Term Expenditure Framework (MTEF). The funding level under the MTEF was still determined by the Treasury rather than basing on maintenance needs of the public roads network. It is anticipated that this anomaly will be sorted out once Section 14 of the URA Act is amended to facilitate direct remittance of Road User Charges (RUCS) to the Funds Account in line with Section 21 (3) of the URF Act.

3.1.2 Budgeting Procedure

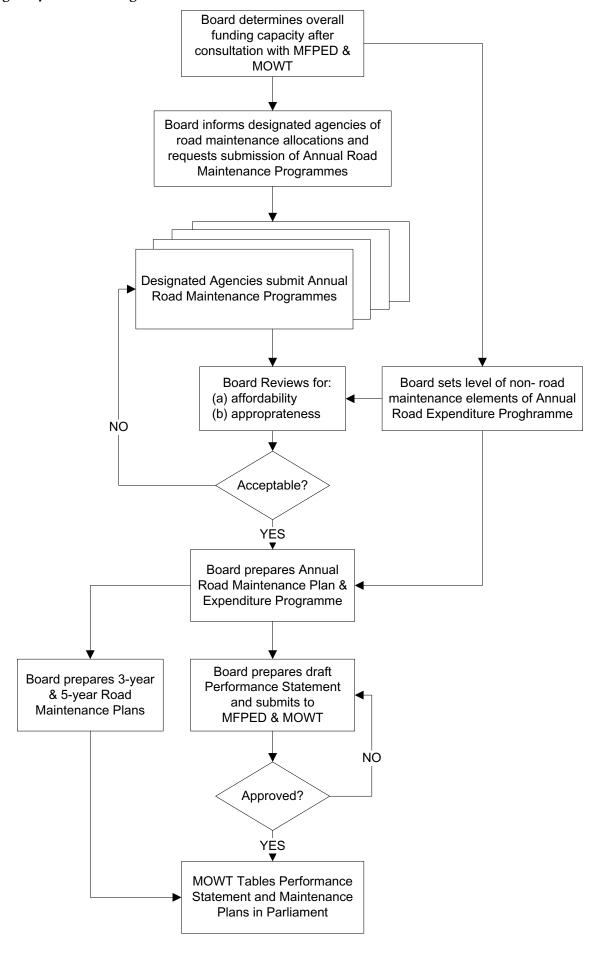

In FY 2015/16, the only source of funds for road maintenance was the Consolidated Fund, remaining the same as had been the case since the establishment of the Fund. As a result, the budgeting process for road maintenance was conducted through the regular government budget process in line with provisions of the Budget Act and Public Finance Management Act 2.

In response to the Budget Call Circulars (BCC) issued by MFPED in Feb, 2015, the Fund in consultation with DA's prepared a Budget Framework Paper (BFP), which formed part of the Transport Sector BFP submitted to MFPED. The consultation process with DA's involved obtaining from them their Annual Programs based on IPFs declared by URF in Jan, 2015. Submission from the agencies included their physical and expenditure plans for FY 2015/16. The road maintenance budget for FY 2015/16 was prepared under Vote 118 based on three output areas of national roads maintenance, DUCAR (including KCCA) maintenance and the URF Secretariat. In addition, URF prepared the OYRMP for FY 2016/17 which was presented to Parliament by the Minister of Works and Transport as part of the Sector Ministerial Statement.

3.1.3 Funding Procedure

The operational procedure and systems followed by the Board during FY2015/16 remained the same as in FY 2014/15 as shown in the flow chart in Figure 4. The procedure was designed to ensure smooth and transparent operational mechanisms of the Fund.

Figure 4: URF Funding Process

3.1.4 Allocation of Funds to Designated Agencies

A sum of UGX 417.93bn was allocated to URF for road maintenance in FY 2015/16, by Parliamentary appropriations. This was UGX 10.172bn less than the UGX 428.102bn in FY 2014/15 (equivalent to 2.4% budget reduction). The funds were allocated to various expenditure heads by category and allowed uses as shown in sections 3.1.4.1 and 3.1.4.5

3.1.5 Allocation by Category of Expenditure heads

Allocation of funds in FY 2015/16 by category of expenditure heads compared to the previous year is shown in Table 20 and illustrated in Figure 5.

Table 20: Global budget allocation of funds to DA's in FY 2015/16 (UGX bn)

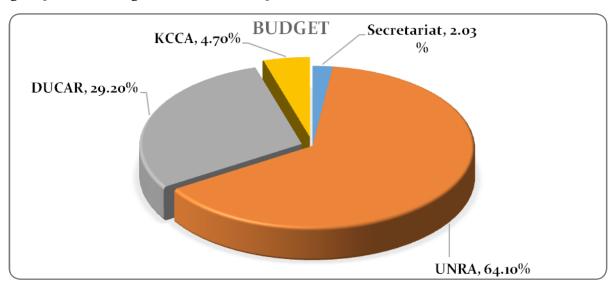

S/N	Vote Function	Budget FY 2014/15	%age allocation FY 2014/15	Budget FY 2015/16	%age of total budget FY 2015/16	%age Budget change
1	UNRA	274.438	64.11%	267.917	64.10%	-2.38%
2	DUCAR	126.440	29.53%	122.004	29.20%	-3.51%
3	KCCA	20.000	4.67%	19.525	4.67%	-2.38%
4	URF Secretariat	7.224	1.69%	8.484	2.03%	17.44%
	Total	428.102	100%	417.930	100%	-2.38%

Source: URF OYRMP FY 2015/16

It can be observed from Table 20 that the specific road maintenance budget allocations in FY 2015/16 declined as follows:

- a) National roads maintenance (under UNRA) decreased by UGX 6.521bn (equivalent to 2.38%);
- b) DUCAR network decreased by UGX 4.436bn (equivalent to 3.51%);
- c) KCCA network decreased by UGX 0.475bn (equivalent to 2.38%);
- d) URF Secretariat increased by UGX 1.26bn (equivalent to 17.44%) to enable the fund implement key actions laid out in its 5-year Corporate Plan for FY 2013/14-2017/18.

Figure 5: Global Budget Allocation FY 2015/16

3.16 Funds Inflow for FY 2015/16

In FY 2015/16, URF received a sum of UGX 357.589bn from the Treasury, in quarterly tranches, which constituted 85.6% of the approved annual budget for road maintenance. This represented an overall funding cut of 14.4%.

Table 21 shows Quarterly funds inflow from MoFPED to URF vote 118 in FY 2015/16.

Table 21: Summary of Funds inflow to vote 118, FY 2015/16

S/N	Description	Approved	Quarterly l	Releases FY	2015/16 (UC	GX bn)	Total	% of Annual
		Annual Budget (UGX bn)	Q1	Q ₂	Q ₃	Q4	Release (UGX bn)	Budget Released
1	MoFPED Releases							
	UNRA	267.917	66.731	95.000	28.267	51.100	241.098	90.0%
	DUCAR	141.529	34.810	18.818	17.834	36.700	108.162	76.4%
	URF Secretariat	8.484	2.941	2.571	1.322	1.495	8.329	98.2%
	Total Amount	417.930	104.482	116.389	47.423	89.295	357.589	85.6%
2	Dates of Release		21-Jul-15	20-Oct-15	16-Jan-16	18-Apr-16		
	Delay (No. of calendar days from start of Quarter).	Target = 14 C/Days	20	19	15	17	17.8 (average)	

It can be observed from Table 21 that:

- a) The URF voted road maintenance funds suffered a funding cut of UGX 60.341 bn equivalent to 14.4% in FY 2015/16;
- b) The average time delay of funds release from MFPED in FY 2015/16 was 17.8 days which was higher than the target time as shown in Table 22.

Table 22: Performance on KIP's for Funds Inflow, FY 2015/16

	KPI	Target in FY 2015/16 OYRMP	Actual Realised in FY 2015/16	Remarks
1	Efficiency (% of potential revenue collected in each category).	98% min	85.6%	Not Achieved.
2	Timeliness (Average days from collection to deposit for each category).	14 calendar day's maximum.	17.8 calendar day's average.	Not Achieved.

It can be seen from Table 22 that:

- a) The performance target for *Efficiency* in revenue collection was not achieved due to a shortfall of 14.4%;
- b) The performance target for *Timeliness* was also not achieved with a delay of 17.8 days compared to 3.8 days in FY 2014/15.

3.1.6 Funds Disbursements in FY 2015/16

In FY 2015/16, URF disbursed a total of UGX 347.909bn to DA's for maintenance of all categories of public roads (*equivalent to 97.7% of budget*) and retained UGX 8.329bn for administrative expenses of the Secretariat (*equivalent to 2.3%*) as shown in Table 23.

On average, the disbursements to UNRA took 9.3 calendar days while those to DUCAR agencies took an average of 13.2 calendar days (from the dates of receipt of funds from MoFPED).

Table 23: Summary of Funds Disbursements-FY 2015/16

S/N	Description	Approved	Disbursen	nents FY 2	015//16 (UG	X	Total	% of	% of Total
		Budget FY 2015/16 (UGX bn)	Qı	Q2	Q ₃	Q4	Disbursed (UGX bn)	Budget Disbursed (UGX bn)	Disbursed
1	URF Disburseme	ents							
	UNRA	267.917	71.231	95.000	23.767	51.100	241.098	90.0%	67.7%
	KCCA	19.525	4.754	1.562	3.251	5.171	14.738	75.5%	4.1%
	Districts	48.307	11.762	3.865	8.043	11.821	35.491	73.5%	10.0%
	Municipalities	21.064	5.129	1.685	3.507	5.208	15.529	73.7%	4.4%
	Town Councils	20.90	5.089	1.672	3.480	5.335	15.576	74.5%	4.4%
	CARs	8.17	-	8.170	-	-	8.170	100.0%	2.3%
	Mech. Imp	11.996	2.921	0.960	0.542	4.360	8.783	73.2%	2.5%
	Emergency	3.000	0.730	0.329	0.890	1.050	2.999	100.0%	0.8%
	TC Project	8.568	-	0.500	0	5.025	5.525	64.5%	1.6%
	Total	409.446	101.610	113.742	43.480	89.070	347.909	85.0%	97.7%
	URF Secretariat	8.484	2.941	2.571	1.322	1.495	8.329	98.2%	2.3%
	Grand Total	417.930	104.557	116.314	44.802	90.565	356.238	85.2%	100%
2	Performance of	Disburseme	nts KPIs (Ca	lendar da	ys)				
2.1	Av. Delay of Disbursement s to UNRA		21.0	10.5	7.7	9.3*		Target 14	Achieved
2.2	Av. Delay of Disbursement s to DUCAR		19.6	16.6	12.6	13.2*		14	Achieved

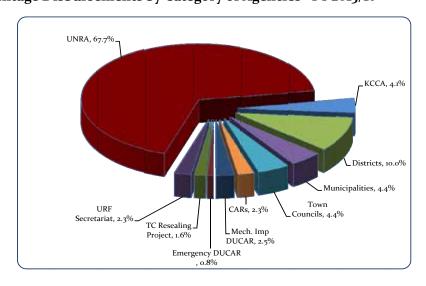

^{*}Cumulative Average delay in calendar days.

It can be observed from Table 23 that:

- a) The disbursement of road maintenance funds to DAs stood at 85.2% of the budget for FY 2015/16 compared to 99.6% in FY 2014/15;
- b) The underperformance in disbursements to DAs was mainly due to the MFPED funding cut of 14.4% in FY 2015/16.

The percentage disbursements to the different categories of DAs and sub-agencies are illustrated in figure 6.o.

Figure 6: Percentage Disbursements by Category of Agencies – FY 2015/16

It can be seen from Figure 6 that the biggest portion of the disbursements went to UNRA (67.7%) for maintenance of the national roads network while the rest was shared amongst maintenance of the DUCAR network and KCCA roads, and administration of the URF Secretariat. Furthermore, Figure 7 illustrates the performance of disbursements against the respective IPFs of DAs and sub-agencies.

100.0% 100.0% 98.2% 100.0% 90.0% 75.5% 73.5% 73.7% 74.5% 73.2% 64.5% 64.5% 0.0% 0.0% 0.0% 100.0% 100.0% 100.0% 98.2% 100.0% 98.2% 100.0

Figure 7: Disbursed Funds against IPFs of DA's and Sub-Agencies, FY 2015/16.

It can be seen from Figure 7 that UNRA, KCCA, DUCAR, and the URF Secretariat suffered a funding cut as they all did not realise 100% of their approved Indicative Planning Figures (IPFs). However, the URF Secretariat ensured that the DUCAR lines for CARs and emergencies were fully cushioned against the funding cuts during the FY since these were already grappling with relatively miniature budgets.

3.1.7 Performance of DA's Disbursements by Region

Table 24 shows a summary of the DA's disbursements against their respective budgets in FY 2015/16, with the local governments disaggregated into four regions namely: Central; East; North; West; and South.

Table 24: DA's Disbursements by Region in FY 2015/16

Agency/Region	Annual Budget FY 2015/16	Disbursements FY 2015/16 (UGX	% of Budget Disbursed,	% of Budget Disbursed,	% of Budget Disbursed,	Ageı	ncies l	oy reg	gion	
	(UGX - bn)	- bn)	FY 2015/16	FY 2014/15	FY 2013/14	DLGs MCs TCs SCs				
UNRA	267.917	241.098	90%	95%	100%	22 Stations				
KCCA	19.525	14.738	75%	142%	100%		5 Divi	sions		
LGs - Central	22.725	18.068	80%	100%	100%	22	3	43	182	
LGs - Eastern	21.123	15.878	75%	100%	100%	40	7	45	387	
LGs - Northern	21.224	15.988	75%	100%	100%	23	3	27	218	
LGs - Western	22.805	16.982	74 [%]	100%	100%	26	9	59	322	
Total LGs[1]	87.877	66.915	76%	100%	100%	111	22	176	1,109	
Emergency	3.000	3.000	100%	100%	100%					
Tarmacking TCs	8.568	5.525	64%	100%	100%		21 T	Cs		
MCs	22.559	16.628	74 [%]	100%	100%	22 MCs				
Grand Total	409.446	347.909	85%	99%	100%					

The following can be observed from Table 24 that:

- a) In FY 2015/16, the disbursements to DLGs for routine and periodic maintenance averaged 76% of their budgets compared to 100% in FYs 2014/15 and 2013/14 representing a decline;
- b) The tarmacking of TCs roads received 74% of their budget mainly due to delayed procurements for scarce local materials.

Details of DLGs quarterly disbursements are outlined in Annex 6 while those for DUCAR and UNRA are depicted in Annexes 7 and 8 respectively.

3.2 Financial Performance of Road Maintenance Programmes - FY 2015/16

3.2.1 DA's expenditures against available funds

Table 25 shows a summary of the DA's expenditures compared to the disbursed and available funds in FY 2015/16.

Table 25: DA's Expenditures against Available Funds in FY 2015/16

Agency	Annual Budget FY 2015/16	Funds rolled from FY 2014/15	Releases FY 2015/16	Total Funds available FY 2015/16	Actual Expenditure FY 2015/16	Unspent balances FY 2015/16	% of available funds spent FY 2015/16

Source: URF Final Accounts and DA's Quarterly Progress Reports for FY 2015/16

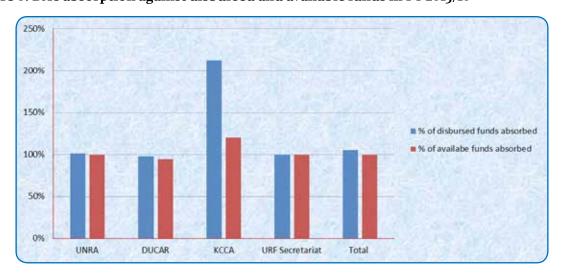

It can be observed from Table 25 that:

- UNRA's absorption of available funds stood at 99.8%, while KCCA stood at 120.7%, DUCAR at 94.2% compared to 98.41% by UNRA, 120.7% by KCCA, 85.9% by DUCAR in FY 2014/15.
- The DA's and Secretariat absorption of available funds in FY 2015/16 stood at 99.8% compared to 93.0% in FY 2014/15.

Overall, the DA's and Secretariat funds absorption in FY 2015/16 improved by 6.8% compared to that in FY 2014/15.

Figure 8 shows a graphical representation of the financial performance of the various road maintenance expenditure lines in FY 2015/16.

Figure 8: DA's absorption against disbursed and available funds in FY 2015/16

Note: Available funds included funds rolled over from FY 2014/15.

^{*}Includes funds for tarmacking TCs and emergency interventions.

It can be observed from figure 8 that:

- a) KCCA over committed more than the available funds hence attracted debts to the tune of 21%;
- b) DUCAR absorption of the available funds was the lowest at 94.2%;

Table 26 shows a summary of the District Local Governments (excluding MCs) expenditure disaggregated into four regions.

Table 26: DLGs Funds Expenditure by Region in FY 2015/16

S/N	Agency/ Region	Rollover funds from FY2014/15 (UGX bn)	Funds Disbursed FY2015/16	Funds Available (UGX bn)	Actual Expenditure FY2015/16 (UGX bn)	Unspent funds FY 2015/16 (UGX bn)	% of released absorbed	% of available absorbed
		(3 333 333)	(UGX bn)					
1	LGs - Central	o.868	18.068	18.936	17.947	0.990	99%	95%
2	LGs - Eastern	0.211	15.877	16.088	16.764	-0.676	106%	104%
3	LGs -Northern	1.196	15.988	17.184	15.646	1.538	98%	91%
4	LGs- Western	0.814	16.982	17.796	16.561	1.234	98%	93%
	Total LGs	3.088	66.915	70.003	66.918*	3.086	100%	96%

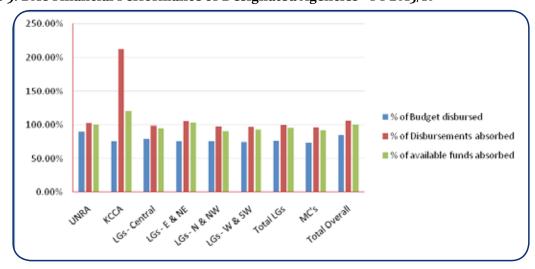

Source: OYRMP 2015/16, Quarterly Disbursement Schedules and Accountability Reports for FY 2015/16;

The following can be observed from Table 26:

- a) The DLGs funds absorption by region ranged from 91% to 104% in FY 2015/16 compared to 79.3% to 89.2% in FY 2014/15 representing an improvement;
- b) The highest funds absorption was by the Eastern region at 104% and lowest by the Northern region at 91%.

The overall DA' financial performance is illustrated in figure 9.

Figure 9: DA's Financial Performance of Designated Agencies - FY 2015/16

It can be observed from figure 9 that:

- a) The disbursements to all DA's was affected by the 14.4% funding cut;
- b) Only KCCA absorbed more than the available funds;

3.2.2. DLG's Expenditure on DRCs

The establishment of District Road Committees (DRCs) in all Districts was provided for under Section 25(2) of the URF Act with an objective for them to provide close oversight in road maintenance activities in their respective districts.

^{*} Total excludes expenditure on Tarmacking of TC roads (UGx 5.525bn) and emergency interventions (UGx 3.00bn);

The Road Fund Board considered it prudent to always provide facilitation for DRC's (as part of the 4.5% operating cost budget) to enable them execute their functions efficiently and give feedback to URF, for timely interventions.

However, due to some reasons, the establishment of DRCs has been rather slow since the establishment of the fund to date. The Fund has now prioritised DRC's operations among the key strategies for fast tracking in FY 2016/17 to facilitate improved oversight.

The total expenditure on DRC's by region in FY 2015/16 amounted to UGX 327.65Mn (Equivalent to 63% of the DRC's budget), as summarised in Table 27 below and detailed in Annex 8.

Table 27: Summary of DLG's Expenditure on DRCs in FY 2015/16

SN	Region	No of DRCs	Budget (UGX Mn)	Expenditure UGX (Mn)	% DRC's Expenditure	DRCs Operational	%DRCs Operational
01	North	28	127.06	94.75	75%	23	82%
02	Eastern	34	213.49	127.86	6o%	27	79%
03	Central	22	70.36	34.31	49%	16	73%
04	Western	27	134.81	69.64	52%	22	81%
Total		111	520.82	327.65	63%	88	79%

It can be observed from Table 27 that the Northern region was the most active at 75% utilisation of availed funds while the central region was the least active at 49%. Over all 88 DRCs (equivalent to 79%) were in place during FY 2015/16 and utilised 63% of the budgeted funding.

3.2.3 Trend of Road Maintenance Financing since FY 2010/11 - FY 2015/16

Prior to the establishment of URF, road maintenance funding was disbursed directly to agencies from the Treasury, within the framework of annual budgetary appropriations. This approach did not prioritise road network maintenance needs against the backdrop of competing demands. Between 1997/98 and 2007/08, the national roads network, owing to the funding shortfall, had accumulated a maintenance backlog of 3,500km or 33% of its network of 11,000km at the time. The district roads network in poor to very poor condition escalated from 30% to 55% over the same period. Part of the reason for establishment of the Road Fund in 2008 was to address these road condition declines.

An enabled road fund offers best opportunity to ensure adequate level and predictability of road maintenance funding. URF has not yet attained this status owing to legal impediments constraining its independent realization of revenues from road user charges. As such the current method of financing road maintenance through quarterly releases from the Treasury is still not fully responsive to road condition and road network needs as to adequately control maintenance backlog growth.

Table 28 shows the Medium Term Expenditure Framework (MTEF) projections to FY 2017/18, which indicates that the available funding will only meet 28% of needs, leaving funding of 72% of needs unmet. In FY 2015/16 URF was allocated a total of UGX 417.930 billion under the MTEF, of which net allocation to road maintenance needs was UGX 409.40billion against total requirements estimated at UGX 1.273 trillion and therefore left a shortfall of UGX 863.7 billion (67.8% of total).

Table 28: Road Maintenance Funding FY2010/11 - 2017/18

				UGX, B	n			
FY		Needs		-	Available ¹		Un-met Needs	
	M'tce	Backlog	Total	M'tce	Others ²	Total	Amount	%tage
2010/11	632.0	451.5	1083.50	273.1	119.5	392.6	690.9	63.8%
2011/12	672.8	579.6	1252.40	273.1	170.9	443.9	808.5	64.6%
2012/13	958.5	656.2	1614.70	273.1	359.3	632.4	982.3	60.8%
2013/14	836.4	584.2	1420.60	345.6	377.5	723.1	697.5	49.1%
2014/15	1,083.4	769.5	1852.87	420.9	410.7	831.6	1021.3	55.1%
2015/16	1,273.3	822.4	2095.64	410.9	441.6	852.5	1243.1	59.3%
2016/17	1,510.1	1,099.0	2609.08	406.7	629.5	1036.1	1572.9	60.3%

¹MTEF Projections in National Budget Estimates, FY 2016/17

²Include others for rehabilitation such as PRDP, RRP, USMID and others but excluding major upgrading works.

Figure 10 shows the trend of road maintenance needs, road maintenance financing and the un-met needs (including funding under USMID, RRP and PRDP), since FY 2010/11 and as projected to FY 2017/18.

Figure 10: Trend of Road Maintenance Financing, FY 2010/11 - 2017/18

As shown in Figure 10, the total funds availed for road maintenance and rehabilitation has been growing in nominal terms from UGX 393 billion in FY 2010/11 to UGX 1,036 billion in FY 2016/17 but is projected to reduce to UGX 771 billion in FY 2017/18. On the other hand, the total maintenance needs (maintenance and rehabilitation) of the public road network is increasing steadily at a faster rate than the increment in available funds. This is expected since the funding for road maintenance and rehabilitation is not yet linked to road usage represented by both traffic loading (cargo freight) and traffic volumes (number of vehicles), which is growing at more than 10% per annum. Therefore, the total available funds need to be increased and sustained at a critical level to force a steady decrease of the total maintenance needs. Funding of road maintenance also needs to be linked to road usage through introduction of road user charges envisaged in the URF Act.

The details of financial performance by DUCAR agencies and UNRA in FY 2015/16 are depicted in Annexes 7 and 8 respectively.

3.3 Physical Performance of Road Maintenance Programmes - FY 2015/16

In line with Section 22 of the URF Act, the funds appropriated to URF in FY 2015/16 were applied for various categories of road maintenance works and services as detailed in Tables 29 to 32.

3.3.1 National Roads Physical Performance output

Table 29 shows a summary of physical performance achieved under the National Roads network (UNRA) compared to the funded and originally planned activities.

Table 29: Physical performance of National Roads Maintenance programme in FY 2015/16

S/N			FY 2014/15				FY 2015/16

Source: UNRA Physical and Financial accountability report for FY 2015/16.

From Table 29 above, it can be observed that:

- a) Not all UNRA's planned quantities were funded owing to the funding cut on the national roads maintenance programme in FY 2015/16;
- b) The funding of routine, periodic and bridges maintenance averaged 92% while that of road safety and ferries maintenance was 75% and 89% respectively.
- c) The achieved funded routine and periodic maintenance activities stood at 110% and 46% compared to 89% and 69% respectively in FY 2014/15;
- d) The achieved physical performance of the funded bridges and road safety maintenance generally declined compared to that realised in FY 2014/15;
- e) In general, only the performance in routine maintenance across the national roads improved in FY 2015/16 while periodic and bridges maintenance declined compared to performance in FY 2014/15 as illustrated in figure 11 below.

Figure 11: Trend of UNRA performance in FY 2010/11-2015/16

The persistent downward trend of periodic and bridges maintenance against the funded activities was mainly due to delayed centralised procurements, poor availability of road equipment, delayed funds transfer to stations and human resource capacity gaps under UNRA.

3.3.2 Kampala City Roads Physical Performance output

Table 30 shows the physical performance of the activities funded under KCCA in FY 2015/16.

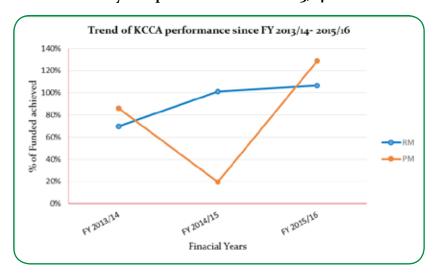

Table 30: Physical Performance of KCCA Roads Maintenance Programme for FY 2015/16

S/N	Works Category		F	Y 2014/15				FY 20	15/16	
		Planned Qty	Funded Qty	Achieved Qty	% of Funded Achieved	Planned Qty	Funded Qty	Achieved Qty	% of Funded Achieved	% of Planned Achieved
1	Routine Maintena									
	Mechanised (km)	hanised (km) 69.6 930 939				86o	800	917.8	114.7%	106.7%
2	Periodic Maintena	nce								
	Paved (km)	11.0	11.0	2.3	20.9%	9.9	8.0	10.3	128.8%	104.0%
	Unpaved (km)	14.03	14.03	2.7	19.2%	-	-	-	-	-
	Periodic Mt'ce (paved and unpaved)				20.0%				128.8%	104.0%
	Combined Routine & periodic			98.8%				114.9%	106.7%	

It can be observed from figure 7 above, that not all KCCA planned quantities were funded owing to a 24.5% funding cut on the city roads maintenance programme. However, the cost of the achievements outstripped that of the funded quantities by 20.7% (as shown in table 26, which culminated into a debt of UGX 5.36obn (equivalent to 20.6% cost overrun) at close of the FY 2015/16.

The achieved physical performance of the funded routine mechanized maintenance was 114.7% while periodic maintenance for paved roads stood at 128.8% compared to 101% and 20.9% attained in FY 2014/15 respectively.

Figure 12: The trend of KCCA Physical performance since 2013/14 to date

It can be observed from figure 12 that the KCCA routine maintenance has been on a steady progress trend over the last 3 years while periodic maintenance was unstable mainly due to unpredictable funding and delayed procurements. The performance of KCC/KCCA in FY 2010/11-12/13 was combined with that of DUCAR.

3.3.3 DUCAR Roads Physical Performance Output

The physical performance of DUCAR (111 DLGs and 22MCs) is outlined in the text below.

a) DLG's physical performance

Table 31 shows the summary of DLG's physical performance outputs against the funded activities in FY 2015/16.

Table 31: Physical Performance of the DLG's Maintenance Programme in FY 2015/16

			FY 20	014/15			FY 20	015/16	
S/N	Works Category	Planned Qty	Funded Qty	Achieved Qty	% of Funded Achieved	Planned Qty	Funded Qty	Achieved Qty	% of Funded Achieved
1	Routine Maintenance								
	Manual (km)	36,061	36,061	31,355	87.0%	30,299	23,209	26,430	113.9 %
	Mechanised (km)	10,031	10,031	8,738	87.1%	10,961	8,396	7,246	86.3%
	Routine maintenance (F	MM&RMeN	1)		87%				107%
2	Periodic Maintenance								
	Paved/Unpaved (km)	2,823	2,823	2,623	92.9%	2,771	2,122	1,589	74.9%
	Combined Routine &		87.3%				104.6%		
3	Bridges								
	RM/Periodic (No)	67	67	82	122.4%	43	33	41	124.4%
4	Culvert (Lines)	4,446	4,446	3,415	76.8%	2,708	2,074	1,009	48.6%

It can be observed from Table 31 that:

- a) The DLGs activities were affected by the funding cut of 23.4%;
- b) The achieved funded DLGs routine manual maintenance (RMM) in FY 2015/16 stood at 26,430km compared to 31,355km in FY 2014/15 which was a decline by about 16%;
- c) The achieved periodic maintenance (for both the paved and unpaved roads) was 74.9% compared to 93% in FY 2014/15 which was a decline in performance by 18.1%;
- d) The maintenance of bridges and installation of culverts in FY 2015/16 stood at 124% and 49% respectively compared to 122.4% and 76.8% in FY 2014/15.

Overall the achieved DLGs routine and periodic maintenance declined compared to that in FY 2014/15 mainly due to low availability of shared zonal equipment and the prevalent FA grey areas.

b) MC's Physical performance

Table 32 shows the achieved road maintenance performance under Municipal Councils (22 major urban centres).

Table 32: Physical Performance of MC's Road Maintenance in FY2014/15-FY 2015/16

				FY 2014/15			FY 2	015/16	
S/N	Works Category	Planned Qty	Funded Qty	Achieved Qty	% Funded Achieved	Planned Qty	Funded Qty	Achieved Qty	% of Funded Achieved
1	Routine Maintenance	Routine Maintenance							
	Manual (km)	1,332	1,332	1,107	83.2%	1,332	1,020	1,022	100.2%
	Mechanised (km)	606	606	419	69.1%	645	494	317	64.1%
	Routine Maintenance	(RMM % RM	eM)		78.7%				88.4%
2	Periodic Maintenance								
	Paved (km)	246.0	246.0	218.4	88.8%	197	151	8o	53.1%
	Combined Routine & I	Periodic			79.9%				85.2%
3	Bridges/Culverts								
	Routine/Periodic	11.0	11.0	9.0	81.8%	24	18	7	38.9%
	Culverts (Lines)	725	637	569	89.3%	429	329	227	69.1%

It can be observed from Table 32 that:

- i) The funded MCs activities were affected by the budget cut of 23.4%;
- ii) The achieved funded MCs routine maintenance (RMM & RMeM) in FY 2015/16 averaged 88.4% compared to 78.7% in FY 2014/15 representing an improvement of 9.7%.
- iii) The achieved funded periodic maintenance (for both the paved and unpaved roads) was 85.2% compared to 79.9% in FY 2014/15 which was an improvement by 5.3%.

- iv) The achieved funded bridges maintenance was 38.9% compared to 81.8% in FY 2014/15 which was a decline by 42.9%.
- v) The installation of culvert lines stood at 69.1% of the funded works compared to 89.3% realised in FY 2014/15 which was a decline by 20.2%.

Overall only the funded routine maintenance under MC's in FY 2015/16 improved while periodic and bridges maintenance interventions declined compared to achievements in FY 2014/15.

c) DUCAR Physical performance

The summary of DUCAR physical performance against funded outputs in FY 2015/16 is shown in Table 33 below.

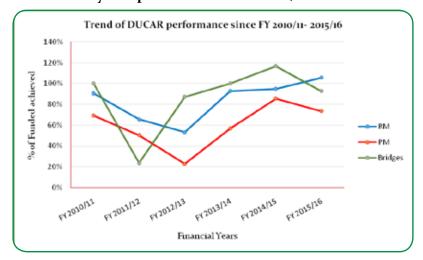

Table 33: Summary of DUCAR (DLGs&MCs) Physical Performance in FY 2014/15 - 15/16

			FY 2	014/15			FY 20	015/16	
S/N	Works Category	Planned Qty	Funded Qty	Achieved Qty	% of Funded Achieved	Planned Qty	Funded Qty	Achieved Qty	% of Funded Achieved
1	Routine Maintenance								
	Manual (km)	37,393	37,393	32,462	86.8%	31,631	24,229	27,452	113.30%
	Mechanised (km)	10,637	10,637	9,157	86.1%	11,606	8,890	7,563	85.07%
	Routine Maintenance (F		86.7%				105.7%		
2	Periodic Maintenance								
	Paved/Unpaved(km)	3,069	3,069	2,841	92.6%	2,967	2,273	1,669	73.41%
	Combined Routine &	Periodic			87.0%				103.7%
3	Bridges								
	RM/Periodic (No)	78	78	91	116.7%	67	51	48	94%
4	Culvert (Lines)	5,171	5,083	3,984	78.4%	3,137	2,403	1,236	51.43%

The following can be observed from Table 33:

- a) All the planned DUCAR maintenance activities (Except CARs and emergencies) were affected by the funding cut.
- b) The periodic maintenance for paved and unpaved roads stood at 73.4% compared to 92.6% in FY 2014/15 representing a decline by 19.2%;
- c) Only routine maintenance improved during FY 2015/16 while periodic and bridges maintenance interventions declined compared to achievements in FY 2014/15 as illustrated in figure 13.

Figure 13: Trend of DUCAR Physical performance since 2010/11 to date

It can be observed from figure 13 that only routine maintenance under DUCAR remained on an upward trend for the last 3 years compared to periodic and bridges maintenance. This was mainly due to delayed procurements, persistently low availability of road equipment, FA grey areas and reductions in funding.

3.4 Physical performance by Works Category in FY 2015/16

3.4.1 Routine Manual Maintenance

Table 34 shows the performance of routine manual maintenance by road surface type and road network type in terms of kilometres planned, funded and implemented during FY 2015/16.

Table 34: Performance of Routine Manual Maintenance on Public Roads - FY 2015/16

Road Network/ Surface	Planned (km)	Funded (km)	Actual (km)	Funded % of planned	%Achieved of planned	%Achieved of funded

Source: OYRMP 2015/16; Q4 FY2015/16 accountability reports;

It can be seen from Table 34 above that:

- a) A total of 40,231km equivalent to about 52% of the public roads network was planned for routine manual maintenance of which 80% was funded and 39,686km achieved equivalent to 124%;
- b) The achieved routine manual maintenance on paved roads was 2,003km equivalent to 154% of the planned target while that on unpaved roads averaged 97%;
- c) Over all the achieved routine manual maintenance averaged 124% of the planned works.

The routine manual maintenance handled in FY 2015/16 is illustrated in Figure 14.

Figure 14: Routine Manual Maintenance by Road Surface and Network Category

As can be seen from figure 14 that despite the funding cut, the achieved routine manual maintenance was well above the funded and planned quantities.

3.4.2 Routine Mechanized Maintenance

Table 35 shows the performance of routine mechanized maintenance by road surface type and road network in terms of kilometres planned, funded and implemented during FY 2015/16.

^{*}KCCA Routine manual maintenance was handled under public health care.

Table 35: Routine Mechanized Maintenance by Road Surface and Road Network - FY 2014/15

Road Network	Planned (km)	Funded (km)	Actual (km)	Funded as % of planned	Actual as % of Planned	Actual as % of funded
Paved	3,574	3,295	2,844	92%	8o%	86%
Unpaved	25,393	21,569	21,041	85%	83%	98%
Total	28,966	24,864	23,885	86%	82%	96%
National	16,500	15,114	15,404	92%	93%	102%
District	10,961	8,396	7,246	77%	66%	86%
Urban (KCCA and MCs)	1,505	1,354	1,234	90%	82%	91%
Total	28,966	24,864	23,885	86%	82%	96%

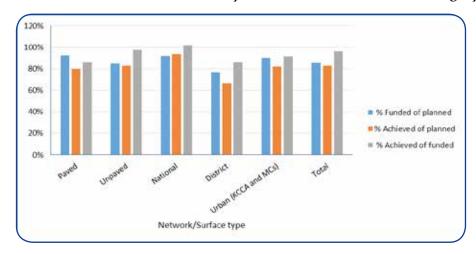

Source: OYRMP for FY 2015/16; DAs accountability reports for FY 2015/16.

It can be seen from Table 35 that:

- a) A total of 28,966km of public roads was planned for routine mechanised maintenance of which 24,864km (equivalent to) 86% was funded;
- b) A total of 23,885km equivalent to 96% of the funded routine mechanised network was implemented in FY 2015/16;

Figure 15 illustrates the performance of routine mechanized maintenance on public roads in terms of road length funded as a percentage of planned; road length implemented as a percentage of planned; and road length implemented as a percentage of funded.

Figure 15: Routine Mechanized Maintenance by Road Surface and Network Category

It can be observed from figure 12 that:

- a) The DLGs mechanised maintenance experienced more funding cut (at 23.4%) than under any other DAs;
- b) The achieved funded routine mechanised maintenance average above 80% in all DA's.
- c) The achieved mechanised maintenance outstripped the funded targets in all DA's.

3.4.3 Periodic Maintenance

Table 36 shows the performance of periodic maintenance on public roads by road surface type and across the different road networks during FY 15/16.

Table 36: Performance of Periodic Maintenance by Road Surface and Network Category

Road Network	Planned (km)	Funded (km)	Actual (km)	Plan % funded	Achieved % Planned	Achieved % funded
Category						
Paved	301	246	160	82%	53%	65%
Unpaved	4,788	3,970	2,490	83%	52%	63%
Total	5,089	4,216	2,649	83%	52%	63%
National	2,112	1,935	970	92%	46%	50%
Districts (DLGs)	2,771	2,122	1,589	77%	57%	75%
Urban (KCCA & MC)	207	159	90	77%	44%	57%
Total	5,089	4,216	2,649	83%	52%	63%

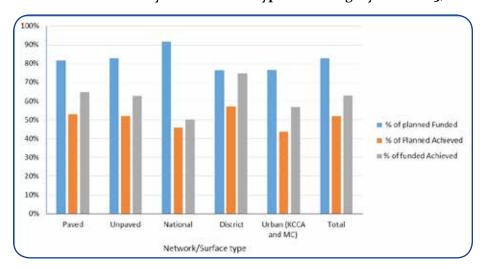

Source: OYRMP 2015/16; DAs accountability reports for FY 2015/16.

It can be seen from the Table 36 that:

- a) A total of 5,089km was planned for periodic maintenance of paved and unpaved roads in FY 2015/16 of which 4,216km was funded and 2,649km (equivalent to 63%) implemented during the year.
- b) The overall performance in periodic maintenance (on paved and unpaved roads) was 63% of the funded and 52% of the planned activities in FY 2015/16;
- c) The achieved periodic maintenance averaged from 50-75% of the funded works due to various factors which included the low availability of equipment, delayed procurements, on-going restructuring at UNRA and the prevalent FA grey areas under DUCAR.

Figure 16 illustrates the performance of periodic maintenance in FY 2015/16 (in terms of road length funded as a percentage of planned; road length implemented as a percentage of planned; and road length implemented as a percentage of the funded plan).

Figure 16: Periodic Maintenance by Road Surface Type and Category in FY 2015/16

It can be observed from figure 13 that the achieved periodic maintenance (on paved and unpaved roads) averaged about 50% of the planned works in all DAs.

3.4.4 Maintenance of Bridges, Weighbridges and Ferries

Table 37 shows the physical performance of maintenance of bridges, weighbridges and ferries in FY 2015/16 in terms of numbers planned, funded and maintained during the year.

Table 37: Performance of Maintenance of Bridges, Weighbridges and Ferries - FY 2015/16

Designation	Planned (No.)	Funded (No.)	Actual (No.)	Funded as % of planned	Actual as % of planned	Actual as % of funded
UNRA	357	327	85	92%	24%	26%
DLG	43	33	41	77%	95%	124%
Municipality	24	18	7	77%	28%	36%
Total Bridges	424	378	133	89%	31%	35%
Weigh Bridges	15	15	15	100%	100%	100%
Ferries	9	9	8	100%	89%	89%
Culverts	3,137	2,403	1,236	77%	39%	51%

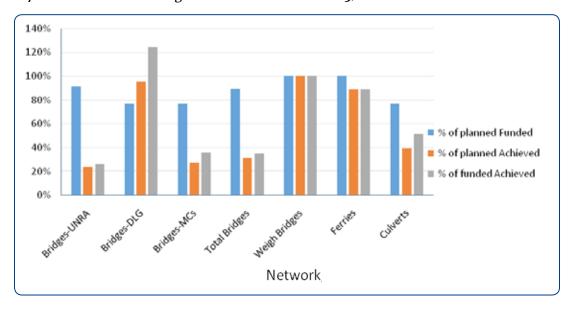

Source: OYRMP FY 2015/16; DA's Accountability Reports for FY 2015/16.

It can be observed in Table 37 that:

- a) A total of 424 bridges were planned for routine and periodic maintenance in FY2015/16 out of which 378 bridges maintenance were funded (equivalent to 89%).
- b) The overall achieved bridges maintenance was 133 (equivalent to 35%) of the funded bridges programme in FY 2015/16 which was mainly due to delayed procurements and the on-going restructuring at UNRA.

Maintenance of weighbridges and ferries by UNRA stood at 100% and 89% respectively of the funded activities while installation of funded culvert lines under DUCAR performed at 51% as illustrated in Figure 17.

Figure 17: Performance of Bridges maintenance in FY 2015/16

It can be observed from figure 14 that the maintenance of bridges under MCs stood at 36% of the funded target while that of UNRA averaged 26%.

3.4.5 Trends of physical performance for FYs 2010/11-2015/16

The trends of DAs physical performance (routine and periodic) for the last six years of URF operation (FY 2010/11 to FY 2015/16) are shown in Table 38 and illustrated in figure 18.

Table 38: Trends in DA's physical performance since FY 2010/11- 2015/16

S/N		FY 2010/11	FY 2011/12	FY 2012/13	FY 2013/14	FY 2014/15	FY 2015/16
1	Routine (km)	39,636	54,214	43,585	64,303	67,316	63,570
2	Periodic (km)	4,487	2,086	2,332	2,124	3,781	2,649
3	Combined	44,123	56,300	45,917	66,42 7	71,097	66,220
4	Bridges (No)	67	19	187	189	342	133

It can be observed from Table 38 that:

- a) The achieved annual routine maintenance (RMM&RMeM) on paved and unpaved roads gradually increased from 39,636km in FY 2010/11 to 63,570km in FY 2015/16 representing a 60% increase;
- b) The achieved periodic maintenance (on paved and unpaved roads) average about 2,911km per year as a result of inadequate funding, poor availability of equipment and delayed procurements.

The trends of DA's physical performance (in routine and periodic road maintenance) for the last six full years of URF operation are illustrated in figure 18 while that of bridges maintenance is shown in figure 18.

Figure 18: Trends in DA's physical performance for FY 2010/11- 2015/16

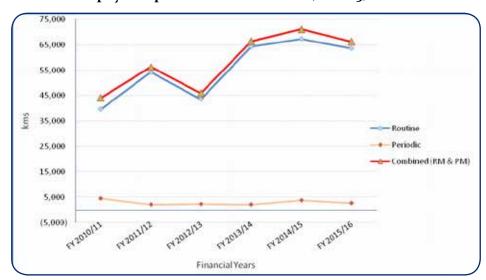

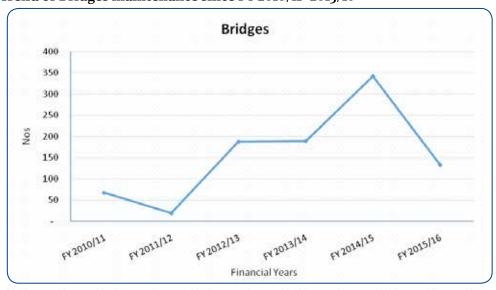

Figure 19: Trend of Bridges maintenance since FY 2010/11- 2015/16

It can be observed from figure 19 that the bridges maintenance which had been on an upward trend since FY 2011/12, experienced a decline in FY2015/16.

4.0 Financial Statements

4.1 Overview

FY2015/16 was the sixth full year of operations of the Fund which operated under Vote 118 with a budget of UGX 417.93bn. These funds were appropriated by parliament for financing routine and periodic maintenance of public roads. During the period, the Fund received 357.589bn UGX from the Consolidated Fund representing 85.6% of the annual budgetary allocation. Disbursements to the designated agencies amounted to UGX 347.909bn representing 97.7% of the total funds received. The disbursements were for both planned works in all agencies and special/emergency interventions on the DUCAR network. Releases for the URF Secretariat amounted to UGX 8.329bn representing 2.3% of the total releases and 98.2% of approved annual budget. Absorption of funds received for the URF Secretariat stood at 100%. This chapter gives the financial statement of the Fund for FY 2015/16, which was audited by the Auditor General. This chapter responds to the requirements under Section 39 (2) of the URF Act, 2008.

4.2 Financial Statement

The performance statements of the Fund for the FY 2015/16 are presented in Tables 39 - 47, which respectively show: the Statement of financial performance, financial position year ended 30th June 2016; Statement of changes in equity as at 30th June 2016; Statement of cash flow, reconciliation of movement of cash; statement of appropriation account, and Statement of reconciliation between total expenditures for the Financial Year ended 30th June 2016. The detailed Financial Statement of the Fund for FY 2015/16 is included in Annex 15.

5.0 Auditor General's Report

5.1 Overview

The URF Act 2008 requires that at the end of each financial year an audit of the Fund is undertaken by the OAG. Accordingly the Auditor General audited the Fund covering FY 2015/16. The summary of the Auditor General's report on the Financial Statements of URF is outlined below and the detailed report appended in Annex 15.

REPORT OF THE AUDITOR GENERAL ON THE FINANCIAL STATEMENTS OF THE UGANDA ROAD FUND FOR THE YEAR ENDED 30TH JUNE, 2016

THE RT. HON. SPEAKER OF PARLIAMENEMT

I have audited the financial statements of the Uganda Road Fund for the year ended 30th June 2016. These financial statements comprise of the statement of financial position, statement of financial performance, statement of changes in equity, cash flow statement together with other accompanying statements, notes and accounting policies.

Management Responsibility

Under Article 164 of the Constitution of the Republic of Uganda, 1995 (Amended) and Section 45 of the Public Finance Management Act, 2015 the Accounting Officer is accountable to Parliament for the funds and resources of the Uganda Road Fund. The Accounting Officer is also responsible for the preparation of financial statements in accordance with the requirements of the Public Finance Management Act, 2015, the Financial Reporting Guide, 2008 and for such internal controls as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

My responsibility as required by Article 163 of the Constitution of the Republic of Uganda, 1995 (as amended) and Sections 13 and 19 of the National Audit Act, 2008 is to audit and express an opinion on these statements based on my audit. I conducted the audit in accordance with International Standards on Auditing. Those standards require that I comply with the ethical requirements, plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing audit procedures to obtain evidence about the amounts and disclosures in the financial statements as well as evidence supporting compliance with relevant laws and regulations. The procedures selected depend on the

Auditor's judgment including the assessment of risks of material misstatement of financial statements whether due to fraud or error. In making those risk assessments, the Auditor considers internal control relevant to the entity's preparation and fair presentation of financial statements in order to design audit procedures that are appropriate in the circumstances but not for purposes of expressing an opinion on the effectiveness of the entity's -internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management as well as evaluating the overall presentation of the financial statements. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for opinion.

Part "A" of this report sets out my opinion on the financial statements. Part B which forms an integral part of this report presents in detail all the significant audit findings made during the audit which have been brought to the attention of management and will form part of my Annual Report to Parliament.

PART "A"

Opinion

In my opinion, the financial statements of the Uganda Road Fund for the year ended 30th June 2016 are prepared, in all material respects in accordance with Section 51 of the Public Finance Management Act, 2015, and the Financial Reporting Guide, 2008.

Other Matter

Without qualifying my opinion, I consider it necessary to communicate the following matter other than those that are presented in the financial statements.

Non-collection of Designated Funds

URF was not collecting road user charges contrary to section 21 of the Uganda Road Fund Act, 2008 that mandates the Fund to collect them as one of the sources of funding. It was however noted that this was inconsistent with section 14 of the Uganda Revenue Authority (URA) Act that mandates URA to collect all Government revenues.

Non-collection of this revenue has constrained URF from implementing, its mandate as manifested by the road maintenance backlog of 107,109 km with an annual maintenance requirement estimated at US \$ 637.7m,

John F.S. Muwanga AUDITOR GENERAL KAMPALA 12th December, 2016

6.0 Challenges Experienced in FY 2015/16

The key challenges experienced during FY 2015/16 included:

Inadequate road maintenance funding which led to deferment of scheduled maintenance periodic especially maintenance other critical activities such as research and innovation, road safety and Axle road control envisaged in Section 22 (1) of the URF Act. Accordingly, the budget allocation from the Consolidated Fund for FY 2015/16 (UGX 417.930) was only 28% of the required funding in URF's Strategic Road Maintenance Financing Plan for FY 2014/15 - FY 2018/19, which left a funding gap of about UGX 1.083 Trillion, contributing to the spiralling of the road maintenance backlog.

In mitigation, the following measures are proposed:

- c) Governmenttomakemajorcapitalinvestments to stem the escalation of road maintenance backlog and elimination of bottlenecks through undertakings for rehabilitation/reconstruction/upgrading of roads to bring the entire network to a maintainable state; and
- d) Concurrent declaration of a fuel levy by Amendment of the Uganda Revenue Authority Act to permit transfer of the road user charges to the URF account on a monthly basis as envisaged in Section 21(3) of the URF Act.
- 2) Several historical challenges that have compounded the effects of underfunding and have dogged effective maintenance, management and financing of the public roads network over the past decades. They include:
- a) Weak institutional capacities specifically understaffing of works departments both in DUCAR agencies and UNRA upcountry stations due to restructuring which is still on-going; procurement delays, which hamper implementation of maintenance programmes and absorption of funds; and weak equipment portfolio in UNRA which continues to use obsolete equipment with high breakdown rates and maintenance costs;
- In coordination with other key stakeholders, URF is pursuing the establishment of regional TSUs under DUCAR to improve oversight and instituting of sustainable total quality

management systems.

b) <u>Procurement delays</u> hampering the implementation of road maintenance programmes and absorption of funds especially under UNRA.

In mitigation, URF will continue coordination with other government entities in addressing the underlying issues in delays to procurements;

c) <u>Haphazard upgrading of community access roads to district roads</u> without well-documented criteria that is uniform nationwide.

URF proposes a review of the classification of roads in Uganda with a view of removing network size instabilities; functional inconsistencies; management ambiguities etc. The Roads Act is also awaited to guide on procedure of reclassifying upgraded road network.

- d) Insufficient oversight among DUCAR designated agencies arising from the fact that not all districts have constituted District Roads Committees (DRC) as required under section 25 of the URF Act (following the 2016 elections), and inadequate funding to undertake all out grass root monitoring.
- In mitigation, URF plans to complete the process for establishment of DRC regulations and to dialogue with stakeholders in improving functionality of DRCs.
- e) <u>Irregular collection of data on size and condition</u> of the DUCAR network.

In mitigation, URF will continue to coordinate with DAs, MoWT, and other stakeholders in collection of data on road inventories and condition to enable close follow-up on the impact of funding.

f) Wide variations in unit costs of similar road maintenance works among DAs that can't be explained by topographic and climatic differences.

In mitigation, URF is using a unit cost framework to harmonise unit rates across the different regions of the country and envelopes within which unit rates should fall per region are being issued out every FY as part of the planning and operational guidelines to URF DAs.

g) <u>Continued DA's poor planning, accountability</u> and reporting practices which afflicts timely reporting on performance of the sector.

URF is in the process of rolling out use of the piloted Road Maintenance Management and Monitoring System (RMMS) to improve planning, reporting and accountability of DAs;

- h) <u>Loss of road maintenance funds to the Uganda</u> <u>Revenue Authority</u> observed in some tax defaulting <u>designated agencies</u>.
- In mitigation, URF, in its annual planning and operational guidelines to DAs, is advocating protection of road maintenance funds from garnishing by URA. Additionally, URF is enforcing refund of the garnished moneys from the agencies, though this takes time.
- i) Grey areas in implementation of the force account policy which is the main method of road maintenance delivery in local governments. As such the entrenchment of the road gang system especially under the DUCAR network is still poor.
- URF will continue coordinating and synergizing with MoWT in revision and improvement of the Force Account policy.
- j) Misuse of road maintenance funds by <u>Designated Agencies</u> - Audit and M&E activities carried out continues to uncover misuse and abuse of road maintenance funds by some DAs. The identified cases included: non-compliance to work plans and annual

- budgets; diversion of funds; expenditure outside approved work plan; operational budget overruns; internal borrowing of funds; unauthorized reallocation of funds; unaccounted for funds; large cash based transactions in some agencies; accountabilities with inaccurate information; poor book keeping, among others;
- In mitigation, URF will step up its oversight functions, build synergies with audit functions of the DAs and other government entities, and actively follow up on implementation of the arising recommendations.
- k) Poor coordination among road maintenance funding entities including Ministries, donors, and NGOs that overlap functions of the Road Fund. This distorts planning and programming of road maintenance across the public roads network. For the DUCAR network such interventions include those under the Peace, Recovery and Development Programme (PRDP) under the Office of the Prime Minister (OPM); Community Agricultural Infrastructure Improvement Programme (CAIIP) under MoLG; urban road resealing project under MoWT; dust and mud project in Kampala Capital City; and the road interconnectivity programme under MoWT. As such there is a risk of overlaps in the funded activities which causes challenges in accountability and oversight functions.

URF will fast track coordination with key agencies in the sector to regularly harmonise responsibilities and achievements.

7.0 Plans and Strategies for FY 2016/17

7.1 Preparation and operationalization of OYRMP for FY 2016/17

The budget estimate for road maintenance under vote 118 in FY 2016/17 is UGX 417.840bn. This represents a decrement of UGX 0.090bn which is 0.022% of the FY 2015/16 approved budget. Table 48 shows the broad allocation of the funds across the various road network categories.

Table 48: Global Allocation of Funds, FY 2016/2017

No.	Programme Item	FY 2015/16 Amount (UGX bn)	FY 2016/17 Amount (UGX bn)	% of Total Allocation
	UNRA	260.438	257.917	61.73%
1	UNRA Operations	10.000	10.000	2.39%
Total I	National roads	270.438	267.917	64.12%
2	Districts	45.786	48.174	11.53%
	CAR	8.170	8.142	1.95%
	Town Councils	20.900	17.973	4.30%
	Extended Periodic Maintenance Town Councils	8.568	2.830	0.68%
	Municipal Councils	21.064	25.650	6.14%
	KCCA	19.525	19.525	4.67%
	Mechanical Imprest DUCAR	11.996	11.996	2.87%
	Special interventions on DUCAR	3.000	3.000	0.72%
	Bridges	-	1.568	0.38%
Total f	or maintenance of DUCAR network	142.962	138.859	33.23%
3	URF Secretariat	8.484	8.394	2.01%
	Capacity Strengthening	-	2.670	0.64%
Total l	URF Secretariat	8.484	11.064	2.65%
Grand	Total	417.930	417.840	100.00%

Source: URF OYRMP for FY 2016/17

Based on expressed needs of Agencies, there will be a shortfall in funding of UGX 578.756bn made up as follows: National roads UGX 275.233bn; and UGX 303.523bn for the DUCAR network including KCCA. The effect of the shortfall will be reduced level of periodic maintenance especially on the DUCAR network, which will consequently increase the maintenance backlog.

7.2 Planned Road Maintenance Activities in FY 2016/17

Table 49 shows a summary of the key road maintenance activities planned to be funded in FY 2016/17 as compared to FY 2015/16.

Table 49: Summary of Road Maintenance Activities Planned for FY2016/17

			FY2	015/16			FY20	016/17	
Sn	Works Category		nal Roads twork	DUCAI	R Network		al Roads twork	DUCAR	Network
		Qty	Amount (UGX Bn)	Qty	Amount (UGX Bn)	Qty	Amount (UGX Bn)	Qty	Amount (UGX Bn)
1	Routine Maintenance								
	Manual (km)	8,600	8.960	27,682	23.050	16,376	23.519	27,734	25.936
	Mechanized (km)	16,500	92.500	16,084	200.811	19,633	102.551	12,001	35.375
2	Periodic Maintenance								
	Paved (km)	100	47	5.305	50.040	39.525	35.659	2.056	42.105
	Unpaved (km)	2,012	41	5,395	50.940	2,417.61	26.043	3,056	42.197

			FY2	015/16			FY20	016/17	
Sn	Works Category		nal Roads twork	DUCAI	R Network		al Roads work	DUCAR	Network
		Qty	Amount (UGX Bn)	Qty	Amount (UGX Bn)	Qty	Amount (UGX Bn)	Qty	Amount (UGX Bn)
3	Bridges								
	Routine (No)	350	1.750		0.622	333	1.886		
	Periodic (No)	7	3.650	29	0.022	-	-	39	1.411
4	Culvert Installation (Lines)	-	-	878	3.838	-	-	9,782	4.289

Source: OYRMP for FY 2016/17

It can be seen from Table 49 that: on national roads, whilst the quantities planned to be funded under periodic maintenance on unpaved roads and routine maintenance increased, the quantities planned to be funded under periodic maintenance on paved roads and bridges reduced. On the DUCAR network, whilst the quantities planned to be funded under routine manual maintenance, bridges, and culvert installation increased, the quantities planned to be funded under routine mechanised maintenance and periodic maintenance decreased.

7.3 Key Strategies for the Medium Term

In the medium term, FY 2016/17 – 2018/19, URF plans to adopt the strategies in Table 50 to improve operations of the Fund and road maintenance financing:

Table 50: Strategies to Improve Road Maintenance Financing

Sn	Strategy	Actions	Timing	Remarks
1.	Promote use of road management tools/software.	 Revamping the use of road maintenance management systems like RAMPS and ROMAPS. 	FY 2016/17 – 2017/18	This is expected to support planning and programming of road maintenance works in DUCAR agencies.
2.	Establish regional Technical Support Units (TSUs) for LGs.	 Zone LGs into 4 regions; competitively procure consultants to form the TSUs; Launch the TSUs. 	FY 2016/17	TSUs will support LGs in implementation of their road maintenance programmes including preparation of good quality work plans, works implementation, preparation of good quality reports and in a timely manner.
3.	Introduction of online reporting.	 Launch of a bespoke web-based Road Maintenance Management and Monitoring System (RMMS) to form an interface between URF and its DAs. 	FY 2016/17	This is expected to improve management and reporting on URF business processes; and to improve planning, reporting and accountability among DAs
4.	Acquire permanent premises for the Fund.	• Complete designs, procure supervision consultant and building contractor, and undertake construction.	FY 2016/17 – 2020/21	Designs of the premises were completed but statutory approvals are still being pursued
5.	Build and enhance partnerships to strengthen oversight in the utilisation of road maintenance funds.	 Support and monitor functionality of DRCs; Establish partnerships with various categories of stakeholders; Build synergies with oversight functions resident in DAs/ other government institutions. 	FY 2015/16 – 2018/19	
6.	Establish a road users forum and undertake periodic road user satisfaction surveys.	 Coordinate with key sector institutions to establish the road users forum; Commission periodic road user satisfaction surveys and track improvements, perceptions and draw lessons. 	FY 2016/17 – 2020/21	First Road User Satisfaction Survey (RUSS) by URF, RUSS V for the year 2016 undertaken and report writing underway.

8.0 Conclusion and Way forward

8.1 Summary of Report

FY 2015/16 was the sixth full year of operation of Uganda Road Fund. During the year, a total of UGX 417.93bn was allocated to URF to finance road maintenance on all public roads in Uganda, related services and the Secretariat costs. This was UGX 10.172bn less than the UGX 428.102 bn in FY 2014/15. Out of the UGX 417.93bn URF received UGX 357.589bn released from the Treasury in quarterly tranches. This left an overall funding cut of UGX 60.341bn equivalent to 14.4%.

During the year, URF made disbursements amounting to UGX 356.238bn (equivalent to 99.6% of budget), of which 347.909bn was disbursed to Designated Agencies responsible for public roads maintenance and UGX 8.329 bn (equivalent to 2.3% the total MFPED release) was retained for administrative expenses of the URF Secretariat. On average the Treasury quarterly releases took 17.8 calendar days while disbursements to UNRA and DUCAR took 9.3 and 13.2 calendar days from dates of receipt from MFPED.

UNRA and KCCA employed a mix of force account and contracting to deliver maintenance interventions on national and city roads respectively while DUCAR Agencies mainly employed force account and road gangs to deliver maintenance interventions in line with the current Force Account Policy introduced in FY 2012/13.

Key achievements during FY 2015/16 included improved DA's physical performance in routine maintenance across the network, periodic maintenance of paved roads and bridges maintenance on the DUCAR network. Furthermore, higher absorption of available road maintenance funds was registered compared to FY 2014/15.

However, due to the 14.4% funding cut experienced in FY 2016/17, the overall DA's combined routine and periodic maintenance suffered a decline of about 8.6%.

During the period, the Secretariat took giant strides in improving its internal systems, finalisation of various frameworks derived from the URF Act and overseeing the on-going road maintenance programmes. It also advanced the implementation of the 5 – year road maintenance financing strategic plan which yielded about 10% road condition improvement. The year also saw accelerated implementation of the 5 year corporate plan and furtherance of the 7Ss, fine tuning and

rollover of the Road Maintenance Management and Monitoring system (RMMS) and roll over of the extended periodic maintenance project involving tarmacking of about 12.8km roads in all the selected 20 Town Councils and 01 Municipal Council.

Otherkeyachievements included the advancement of the design for the URF permanent office now at the approval stage, publication of the approved OYRMP for FY 2016/17, recruitment of 06 key staff to enhance the capacity of the M and E, Audit, Policy and strategy functions.

Key challenges experienced in FY 2015/16 included the continued uncertainty of URF funding as a result of the delay in the establishment of a fully-fledged 2nd Generation Road Fund as envisaged in the URF Act; and the prevalent historical challenges including weak institutional capacities of DA's; weak oversight by District Road Committees (DRCs); dilapidated road network sections especially under KCCA and Municipal Councils, grey areas in the implementation of force account Policy and continued multiplicity of uncoordinated funding for road works mainly on the DUCAR Network which have increased the risk of comingling of various programme funds (e.g. PRDP, CAIIP 2, etc.) by some DA's.

8.2 Conclusion

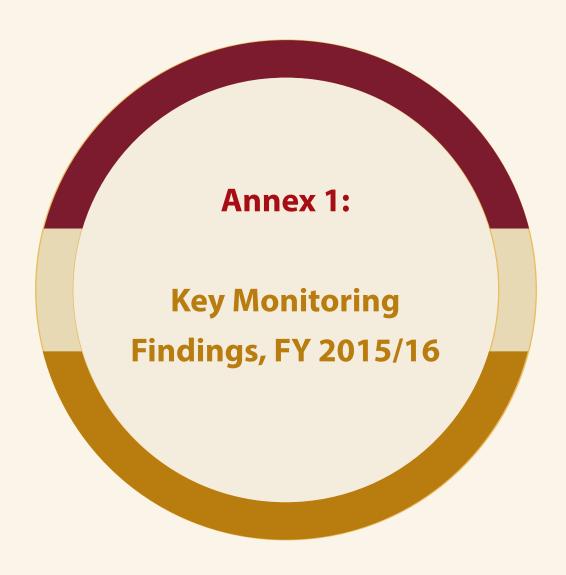

In general, the URF physical performance (in terms of combined routine and periodic maintenance) during FY 2015/16 declined by about 8.6% compared to that in FY 2014/15.

8.3 Recommendations

To ensure continuous improvement in road maintenance across all networks, the Fund shall:

- a) <u>Fast track coordination with MFPED on amendment of the URA law</u> to enable direct remittance of RUCs to the URF Account;
- b) Accelerate implementation of the key strategic plans in place including the Corporate and road maintenance financing strategic plans as well as rolling out the Road Maintenance Management and Monitoring system (RMMS) to all DUCAR agencies;
- c) Roll out extended periodic maintenance to more 20 selected Town Council roads utilizing the researched low cost technologies to sustain improvement of commerce in local areas.
- d) <u>Liaise with key stakeholders on the review of</u> <u>Force Account to</u> remove the prevalent grey

- areas and entrench total quality management systems;
- e) Fast track coordination with UNRA on the decentralization of procurements to regions and strategies for mitigation of procurement delays especially for periodic and major bridges maintenance;
- f) Pursue the establishment of TSU's to assist DLGs in revamping use of road maintenance management tools/software for better planning, management and accountability for available funds;
- g) Liaise with MoWT and other key stakeholders on updating classification of roads to iron out the prevalent ambiguities hindering efficient planning and management of road maintenance especially on the DUCAR network;
- h) <u>Take steps towards establishment of the Road Users Forum</u> for improved feedback & oversight.

Annex 1: Key Monitoring Findings, FY 2015/16

CNI	M& E Generic	Findings	Agencies where	Strataging for improvement
SN	Finding	Risk/Effect	found	Strategies for improvement
1.	Recovery of money spent on acquisition of tools from the meager wages of road gang members was a challenge.	Attrition of road gangs as a result of being discouraged.	Bududa DLG, Jinja MC	URF to coordinate with MoWT in ongoing review of Force Account Guidelines to revise relevant section in the guidelines. The tools should be provided entirely at the cost of the implementing agencies.
2.	Failure to attract and retain competent plant operators who find more lucrative employment in the private sector due to better pay.	Mismanagement of force account equipment.	Bududa DLG	URF to coordinate with MoWT to improve remuneration of plant operators.
3.	Too many stream crossings on the road network thus creating many bottlenecked sections.	Accessibility constraints on the road network.	Bududa DLG	URF to prioritize Bududa DLG among the DAs to benefit from the URF funding of small bridges on the DUCAR network.
4.	Obsolete equipment with high breakdown rate/high maintenance costs and insufficient for the network size	A risk of value loss through shoddy work	Jinja MC, Manafwa DLG, Mubende DLG, Mbarara DLG, Ibanda DLG Soroti UNRA,	MoWT should expedite procurement of additional equipment from Japan to augment capacity of DAs to undertake road works.
5.	Difficulty in attracting and retaining road gangs due to the low wage rate of UGX 100,000 per month per worker.	A risk of failure to effectively and efficiently implement the planned RMM works.	Jinja MC Mubende DLG, Mubende TC, Ibanda DLG, Rushango TC, Ibanda TC	URF coordinating with MoWT to fast-track issuing of the revised force account guidelines with enhanced wage rates for road gangs.
6.	Exorbitant prices charged by FAW equipment dealership for replacement parts and services not available on the open market. As a result, some equipment is grounded due to prohibitive maintenance costs.	Slow progress of force account mechanized works.	Jinja MC, Manafwa DLG	URF to continue flagging the issue of high prices charged by FAW equipment dealership for the attention of MoWT.
7.	Delayed procurement of force account materials and contractual works. Even for micro procurements, LPOs are generated at the HQ on receipt of PP Forms from stations	A risk of delayed implementation of planned works and loss of funds to Treasury at the end of FY.	Soroti UNRA	UNRA should decentralize procurement of force account materials and contractual works to regions.
8.	Limited capacity of cross drainage system to cope with the volume of storm water runoff.	Road wash away when floods of big magnitude occur.	Soroti UNRA, Mubende UNRA	UNRA should provide adequate guidance to their stations on culvert sizing and undertake correction of the observed inadequate culverts.
9.	Growing scarcity of gravel with increasing haulage distances.	Use of poor quality gravel on the roads	Soroti UNRA, Manafwa DLG Mbarara DLG; Mubende DLG	URF to support DAs to roll out use of the several alternative road surfacing materials previously researched on
10.	Some communities cultivating up to the side drains and hence impeding flow of water off the roads.	Faster road deterioration and reduced road formation widths.	Soroti UNRA	UNRA should undertake community sensitization and actively protect road reserves on all national roads.
11.	Road projects visited had billboards stating 'Government of Uganda' as the funding agency instead of URF.	This reduces the visibility of URF as a funding agency for road maintenance works in the country.	Soroti UNRA	URF to issue all DAs with a standard design of billboards for road works funded by URF.

CD I	M& E Generic	Findings	Agencies where	C
SN	Finding	Risk/Effect	found	Strategies for improvement
12.	Overloading of road maintenance contractors by giving them more work than their capacity. Soroti UNRA: KOL Services Limited carrying out periodic maintenance works on three different roads under Soroti UNRA Station. Mubende UNRA: Award of 2 concurrent Term Maintenance Contracts to the same contractor (Hands Uganda Ltd.). No equipment on site on Lusalira – Nkonge road.	Delay in execution of programmed works due to sharing of equipment and other resources across the various roads.	Soroti UNRA, Mubende UNRA	UNRA should not award contractors more works than their demonstrated capacity.
13.	Frequent heavy rains and mudslides causing road wash aways and a high rate of gravel loss on the roads.	A heavy road maintenance burden.	Bududa DLG, Bududa TC, Manafwa DLG, Manafwa TC	URF to prioritize the DAs in allocation of funds and the rollout of alternative road surfacing materials previously researched upon.
14.	Unabated overloading on DUCAR network. • Overloaded trucks with timber and sand traversing district and urban roads.	Rapid deterioration of roads leading to escalated maintenance requirements.	Mubende DLG, Mubende TC(MC), Mbarara DLG	URF to engage MoWT to develop and issue policies on control of overloading on district and urban roads.
15.	Communities blocking the road drainage system for: Prevention of water being discharged into their gardens through mitre drains Collection of water at the outlet side of culvert crossings to use it for domestic consumption.	Reduced longevity of the road network which hinges on the soundness of the road drainage system	Bududa DLG, Manafwa DLG, Mubende DLG, Mubende TC, Ibanda TC	DAs should undertake routine community mobilisation for maintenance of a sound road drainage system and recruit road gangs from the vicinity of the roads to be maintained to ensure vigilance
16.	Lack of a designated staff for the stores management docket in works departments.	Mismanagement of stores items	Bududa DLG, Bududa TC, Jinja MC, Manafwa DLG	DAs should either fill the position of a stores assistant or designate staff to handle the portfolio.
17.	Defunct hour metre of the district grader that had not been repaired.	Failure to track equipment utility	Bududa DLG, Manafwa DLG, Mubende DLG, Mbarara DLG	DAs should repair or replace the defunct hour meters of their graders
18.	Leaving of windrows on the shoulders/ side drains during grading.	Material from the windrows falling back into the side drains and causing blockage.	Bududa DLG, Soroti UNRA	DAs should remove all the observed windrows from the roads.
19.	Road verges overgrown with vegetation - Road gangs had not yet received appointment letters in Manafwa DLG.	An impediment to the road drainage system	Bududa DLG, Manafwa DLG	 Bududa DLG should closely supervise the road gangs in order to improve their efficiency especially during the wet seasons Manafwa DLG should explain the delay and improve recruitment of the road gangs so that RMM operations always promptly start as planned.
20.	Lack of warning road signage especially at sharp bends.	A risk of increased road accidents.	Bududa DLG	DA should budget for and install some most critically needed road signs to avert road accidents.

SN	M& E Generic	Findings	Agencies where	Stratogics for improvement
SIN	Finding	Risk/Effect	found	Strategies for improvement
21.	DA was incognizant of receipt of UGX 3,072,239 disbursed by URF in respect of Q3 FY 2015/16 mechanical imprest. The funds were sent to a commercial bank – Finance Trust Bank yet the DA had been migrated to TSA	Failure to undertake all the planned mechanical repairs.	Jinja MC	URF to continue coordinating with MoFPED to enhance information sharing regarding progressive migration of DAs to TSA.
22.	Roads had slipped out of maintenance realm as depicted by extensive recurrent pothole patching. - Jinja MC: At a major junction on Gable road (o.9km) - Soroti UNRA: Soroti-Arapai Railway Station road undergoing massive base and edge failures given the extensive pothole patching.	Bloated unit costs of road maintenance	Jinja MC, Soroti UNRA, Ibanda TC, Mbarara DLG	DAs should undertake major repair works to improve the condition of the roads to the maintainable realm.
23.	Blockage of the covered road side drains as a result of vendors dumping refuse at places where market areas meet with Parekh road (0.75km) The refuse was finding its way into the covered road side drains through the drainage inlets.	Failure to contain storm water during floods	Jinja MC	DAs should sensitive the communities on good practices of solid waste management and regularly clean the susceptible side drains.
24.	Late downstream disbursement of funds from the headquarter leading to delays in implementation of planned works. - It took on average 33 calendar days in FY 2015/16 for funds to reach Soroti and Mubende Stations after being released to UNRA HQ by URF.	Failure to implement works as per the work plan.	Soroti UNRA, Mubende UNRA	UNRA should transfer funds to stations within a period not exceeding 1 week from date of UNRA receipt of funds from URF as provided for in performance agreements.
25.	Understaffing at the Stations following the restructuring process (e.g. there were no Maintenance Engineers at the Station).	A risk of inefficiency creeping into the maintenance operations of the Station.	Soroti UNRA	UNRA should expedite staffing of the new structure in order to quickly cope with performance demands at the Stations.
26.	Lack of access culverts. - Access culverts were not provided for in the term maintenance contract of Lusalira – Kasambya road	Blocking of road side drains by communities.	Mubende UNRA	UNRA should provide access culverts to homes where feasible or pedestrian slabs under the force account scheme, sensitize the local communities on the effects of blocking side drains, and enforce protection of the roads from the offending communities.
27.	Lack of culvert end structures. - Lusalira -Kasambya road and Mwanzi - Kiboga road under Term maintenance	Erosion of culvert inlets and outlets	Mubende UNRA	UNRA should provide concrete culvert end structures on all culvert crossings along the roads.

SN	M& E Generic	Findings	Agencies where	Strategies for improvement
211	Finding	Risk/Effect	found	Strategies for improvement
28.	Funds amounting to UGX 578,304 for Q3 FY2015/16 Mubende TC Mechanical Imprest were not transferred to the TC. They were instead spent by the district yet the TC had their own equipment.	Equipment downtime and failure of Mubende TC to undertake all the planned annual mechanized road maintenance works.	Mubende DLG	DA should explain the irregularity and refund the funds to Mubende Municipal Council.
29.	Migration of funds totaling UGX 702,466,460 on 28 th Sept. 2015 to UNRA HQ for payment of Ms Stirling with respect to contracted improvement works on Kireka – Kyaliwajjala - Namugongo road.	Non-adherence to work plan and funding of non-maintenance works.	Mubende UNRA	UNRA should explain the fate of the planned works at the station whose funds were migrated.
30.	Payment vouchers not stamped "PAID" after payments had been effected.	A risk of duplication of payments using the same voucher.	Ishongorora TC & Igorora TC in Ibanda DLG	The subagencies should always stamp payment vouchers "PAID" after payments have been effected to avoid vouchers being used to duplicate payments.

Annex 4: Detailed Return for Board Members and Secretariat Staff FY 2015/16

The hierarchical governance structure of the Uganda Road Fund (URF) is comprised of an oversight Fund Management Board on the one hand, and the Management and staff of the Secretariat.

URF Board

The composition of the Fund Management Board entails representation from both the public and private sectors as follows:

- i) Mrs. Merian Sebunya (Chairperson) representative of Freight Transporters;
- ii) Eng. Victor Ochaya representative of the Engineers profession;
- iii) Mr. Kenneth Mugambe representative of the Ministry for Finance, Planning and Economic Development (MFPED);
- iv) Eng. Robert Rwanga representative of the Ministry of Works and Transport;
- v) Mr. Paul Okot-Okello representative of the Ministry of Local Government;
- vi) Ms. Rosemary Owino representative of the Accountants' profession;
- vii) Mr. Nathan Byanyima- representative of Passenger Transporters;
- viii) Eng. Dr. Micheal. M. Odongo Executive Director / Secretary to the Board (Ex Officio Member)

Composition of Board Committees in FY 2015/16 was as shown in Table below:

Table: Composition of Board Committees in FY 2015/16

	Name	Board Audit and Risk Committee (BARC)	Finance and Admin Board Committee (FABC)	Policy and Strategy Board Committee (PSBC)	URF/PPDA Joint Board Committee
i)	Mrs. Merian Sebunya	Ex-Officio	Ex-Officio	Ex-Officio	Chair
ii)	Mr. Kenneth Mugambe		Member	Member	
iii)	Eng. Robert Rwanga	Member		Chair	
iv)	Mr. Paul Okot-Okello		Chair	Member	
v)	Mrs. Rosemary Owino	Chair			Member
vi)	Mr. Nathan Byanyima	Member		Member	
vii)	Eng. Victor Ochaya		Member		Member

2. URF Management and Staff

The URF organogram provides for a work force of 36 staff and as outlined in the organizational structure referred to in the main text of this document. The staff return for the Secretariat in FY 2015/16 was as follows:

- i) Executive Director Eng. Dr. Michael Moses Odongo;
- ii) Manager Programming Mr. Andrew Grace Naimanye;
- iii) Manager Fund Management Mr. John Ocitti;
- iv) Manager Corporate Services Ms. Dorcas Apita Angom;
- v) Manager Internal Audit Mr. Joseph George Etiang;
- vi) Manager Monitoring and Evaluation- Eng. Andrew Kagoda;
- vii) Manager Policy and Strategy Eng. Ronald Namugera;
- viii) Programming Officer Eng. Timothy Mukunyu;
- ix) Programming Officer(National Roads) Eng. Justine Ongom Odong;
- x) Financial Accountant Ms Aisha Namutebi;
- xi) Human Resource Officer Ms. Jovia Bigirwa
- xii) Administrative Officer Mrs. Hanifa Nakachwa Kintu;
- xiii) Head Procurement and Disposal Ms. Glady's Komugisha;

- xiv) Systems Administrator Mrs. Rhoda Nattabi Ssemugera;
- xv) Management Accountant Mr. James Ekonga;
- xvi) Monitoring and Evaluation Officer- Eng. Jessie Namara;
- xvii) Monitoring and Evaluation Officer (Statistics) Mr. Andrew Opadi;
- xviii) Internal Auditor- Mr. Henry Kaganda;
- xix) Internal Auditor (Technical) Mr. Robert Kigozi;
- xx) Corporate Communications Officer Ms. Shakila Rahim Lamar;
- xxi) Procurement and Disposal Unit Assistant Ms. Brenda Ninsiima;
- xxii) Executive Assistant Mrs. Josephine Namono Ssenyonjo;
- xxiii) Assistant Accountant -Ms. Hellen Joyce Auma;
- xxiv) Assistant Accountant *Vacant*;
- xxv) Legal officer Vacant;
- xxvi) Risk Officer Vacant;
- xxvii) Policy and Strategy Officer Vacant;
- xxviii) Client Relations Officer Vacant;
- xxix) Driver Mr. Stephen Agaba;
- xxx) Driver Mr. Richard Sembatya;
- xxxi) Driver Mr. Ali Anderson Ogwang;
- xxxii) Driver Mr. Asuman Bamweyana;
- xxxiii) Driver Mr. Aziz Wakate;
- xxxiv) Driver Vacant;
- xxxv) Office Assistant Mr. Tony Mugalu;
- xxxvi) Office Attendant Ms. Gillian Amon.

Annex 5: Performance of URF against Internal KPI's in FY 2015/16

Business Area	KPI	Explanation		FY 2014/15		FY 20	FY 2015/16	Remarks
		1	Target Value	Achievement	Remark	Target Value	Achievement	
Administration and human	Staffing Level	Percentage of establishment (average over a year)	95% min	65.7%	Not Achieved	95% min	81%	Not Achieved
resource	Staff Turnover	Vacancies arising as a result of leavers in calendar year as percentage of establishment	10% max	12.7%	Not Achieved	10% max	3.4%	Achieved

REPORT OF THE AUDITOR GENERAL ON THE FINANCIAL STATEMENTS OF THE

UGANDA ROAD FUND FOR THE YEAR ENDED 30TH JUNE, 2016 THE RT. HON. SPEAKER OF PARLIAMENT

I have audited the financial statements of the Uganda Road Fund for the year ended 30th June 2016. These financial statements comprise of the statement of financial position, statement of financial performance, statement of changes in equity, cash flow statement together with other accompanying statements, notes and accounting policies.

Management Responsibility

Under Article 164 of the Constitution of the Republic of Uganda, 1995 (Amended) and Section 45 of the Public Finance Management Act, 2015 the Accounting Officer is accountable to Parliament for the funds and resources of the Uganda Road Fund. The Accounting Officer is also responsible for the preparation of financial statements in accordance with the requirements of the Public Finance Management Act, 2015, the Financial Reporting Guide, 2008 and for such internal controls as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

My responsibility as required by Article 163 of the Constitution of the Republic of Uganda, 1995 (as amended) and Sections 13 and 19 of the National Audit Act, 2008 is to audit and express an opinion on these statements based on my audit. I conducted the audit in accordance with International Standards on Auditing. Those standards require that I comply with the ethical requirements, plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing audit procedures to obtain evidence about the amounts and disclosures in the financial statements as well as evidence supporting compliance with relevant laws and regulations. The procedures selected depend on the Auditor's judgment including the assessment of risks of material misstatement of financial statements whether due to fraud or error. In making those risk assessments, the Auditor considers internal control relevant to the entity's preparation and fair presentation of financial statements in order to design audit procedures that are appropriate in the circumstances but not for purposes of expressing an opinion on the effectiveness of the entity's -internal control. An audit also includes evaluating the appropriateness

of accounting policies used and the reasonableness of accounting estimates made by management as well as evaluating the overall presentation of the financial statements. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for opinion.

Part "A" of this report sets out my opinion on the financial statements. Part B which forms an integral part of this report presents in detail all the significant audit findings made during the audit which have been brought to the attention of management and will form part of my Annual Report to Parliament.

PART "A"

Opinion

In my opinion, the financial statements of the Uganda Road Fund for the year ended 30th June 2016 are prepared, in all material respects in accordance with Section 51 of the Public Finance Management Act, 2015, and the Financial Reporting Guide, 2008.

Other Matters

Without qualifying my opinion, I consider it necessary to communicate the following matter other than those that are presented in the financial statements.

Non-collection of Designated Funds

URF was not collecting road user charges contrary to section 21 of the Uganda Road Fund Act, 2008 that mandates the Fund to collect them as one of the sources of funding. It was however noted that this was inconsistent with section 14 of the Uganda Revenue Authority (URA) Act that mandates URA to collect all Government revenues.

Non-collection of this revenue has constrained URF from implementing, its mandate as manifested by the road maintenance backlog of 107,109 Km with an annual maintenance requirement estimated at US \$ 637.7m,

John F.S. Muwanga AUDITOR GENERAL

KAMPALA 12th December, 2016

PART "B"

DETAILED REPORT OF THE AUDITOR GENERAL ON THE FINANCIAL STATEMENTS OF THE UGANDA ROAD FUND FOR THE YEAR ENDED 30TH JUNE, 2016

This Section outlines the detailed audit findings, management responses and my recommendations in respect thereof.

1.0 INTRODUCTION

Article 163 (3) of the Constitution of the Republic of Uganda, 1995 (as amended) requires me to audit and report on the public accounts of Uganda and all public offices including the courts, the central and local government administrations, universities, and public institutions of the like nature and any public corporation or other bodies or organizations established by an Act of Parliament. Accordingly, I carried out the audit of the Uganda Road Fund to enable me report to Parliament.

2.0 BACKGROUND INFORMATION

The Uganda Road Fund head office is located on 5th Floor, Twed Towers Plot 10 Kafu Road, Nakasero, Kampala. The Fund is a statutory body that was established by the Uganda Road Fund, Act 2008. The objective of the Fund is to facilitate the delivery of road maintenance services and to create an environment that is conducive to the efficient and effective maintenance of public roads.

3.0 ENTITY FINANCING

The Uganda Road Fund was financed by Government grants of UGX.357,589278236 and revenue generated from operations of UGX.35,700,000, making a total operating revenue for the year of UGX.357,624,978,236 which constituted 86% of its total approved budget estimates for the year of UGX.417,930,492,052.

4.0 MANDATE AND OBJECTIVES OF THE URF

The Uganda Road Fund was established by the Uganda Road Fund, Act 2008, with the objective of facilitating the delivery of road maintenance services and to create an environment that is conducive to the efficient and effective maintenance of public roads.

The key functions of the Fund include:-

- Funding routine and periodic maintenance of public roads
- Ensuring that public roads are maintained at all times
- Advising ministers on the preparation and efficient and effective URF

5.0 AUDIT PROCEDURES

The audit was carried out in accordance with International Standards on Auditing and accordingly included a review of the accounting records and agreed procedures as was considered necessary. The audit was carried out with regard to the following objectives:-

The financial statements have been prepared in accordance with consistently applied Accounting Policies and fairly present the revenues and expenditures for the period and of the financial position as at the end of the period.

All URF funds were utilized with due attention to economy and efficiency and only for the purposes for which the funds were provided.

Goods and services financed have been procured in accordance with the Government of Uganda procurement regulations.

To evaluate and obtain a sufficient understanding of the internal control structure of the URF, assess control risk and identify reportable conditions, including material internal control weaknesses

The URF Management was in compliance with the Government of Uganda financial regulations.

All necessary supporting documents, records and accounts have been kept in respect of all URF activities, and are in agreement with the financial statements presented.

6.0 PROCEDURES PERFORMED

The following audit procedures were undertaken:-

Revenue

Obtained all schedules of all revenues collected and reconciled the amounts to the URF cashbooks on the IFMS and bank statements.

Expenditure

The URF payments vouchers were examined for proper authorization, eligibility and budgetary provision, accountability and support documentation.

Internal Control System

Reviewed the internal control system and its operations to establish whether sound controls were applied throughout the period.

Procurement

Reviewed the procurement of goods and services under the URF during the period under review and reconciled with the approved procurement plan.

Fixed Assets Management

Reviewed the use and management of the assets of the URF during the period.

Financial Statements

Examined, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessed the accounting principles used and significant estimates made by management; as well as evaluating the overall financial statement presentation.

7.0 CATEGORIZATION AND SUMMARY OF FINDINGS

7.1 Categorization of Findings

The following system of profiling of the audit findings is used to better prioritise the implementation of audit recommendations:

No	Category	Description
1	High significance	Has a significant/material impact, has a high likelihood of reoccurrence, and in the opinion of the Auditor General, it requires urgent remedial action, It is a matter of high risk or high stakeholder interest.
2	Moderate significance	Has a moderate impact, has a likelihood of reoccurrence, and in the opinion of the Auditor General, it requires remedial action. It is a matter of medium risk or moderate stakeholder interest.
3	Low significance	Has a low impact, has a remote likelihood of reoccurrence, and in the opinion of the Auditor General, may not require much attention, though its remediation may add value to the entity. It is a matter of low risk or low stakeholder interest.

7.2 Summary of Findings

No	Finding	Significance
8.1	Non-collection of Designated Funds	High
8.2	Mischarge of Expenditure UGX.317,430,308	High
8.3	Inadequate funding for emergency interventions	High
8.4	Budget shortfall — UGX.60,341,213,816	Moderate
8.5	Outstanding Funds Recoverable from Implementing Agencies UGX 395,233,344	Moderate
8.6	Outstanding Commitments — UGX. 206,893,921	Moderate
8.7	Delays in implementation of the Project: UGX,99,999,100	Moderate
	Board remuneration — UGX.72,000,000	Moderate
8.9	Use of Interns to Fill Staffing Gaps	Moderate
8.10	Failure to Review Accounting Policies and Procedures Manual	Moderate
8.11	Inconsistency in Quorum of Audit Committee	Low
8.12	Contract Signing After Expiry of Bid Validity Period UGX.7,300,000	Low

8.0 DETAILED FINDINGS

8.1 Non-collection of designated funds

Audit review of the URF sources of funding revealed that the entity was not collecting road user charges as a source of its financing but was rather dependent on transfers received from the treasury contrary to section 21 of the Uganda Road Fund Act, 2008 that mandates the Fund to collect road user charges as one of the sources of funding. It was also noted on the other hand, that this was inconsistent with section 14 of the Uganda Revenue Authority (URA) Act that mandates URA to collect all Government revenues.

Non collection of this revenue has constrained URF from implementing its mandate as manifested by the road maintenance backlog of 107,020 Km with an annual maintenance need estimated at US \$

637.7m. Further, inadequate road maintenance or non-maintenance will lead to loss of the annual investment in roads constructed.

In his response, the Accounting Officer attributed the inability to collect road user charges to the pending amendment of Section 14 of the URA Act given the Solicitor General's guidance that section 21 (3) of the URF Act could not be lawfully implemented unless section 14 of the URA Act and the first schedule thereto are duly amended. He further explained that they are in liaison with the supervising Ministry for Finance and other stakeholders but efforts had been futile.

I advised the Accounting Officer to continue liaising with the Minister responsible to forge a way forward in harmonizing section 14 of the URA Act which has constrained Uganda Road Fund from implementing its mandate.

8.2 Mischarge of Expenditure

The Parliament of Uganda appropriates funds in accordance with the needs of the country and this appropriation is implemented through the budget in which funds are tagged to particular activities and outputs using account codes and MTEF codes.

A review of the Uganda road Fund expenditures revealed that the entity charged wrong expenditure codes to a tune of UGX. 317,430,308. Mischarges undermine the importance of the budgeting process as well as the intentions of the appropriating authority and the financial statement reporting may be misleading.

Management explained that they undertake activity based budgeting which entails the consolidation of all the expenditure heads under one activity and that during this process all inputted costs are included under the activity.

I advised the Accounting Officer to streamline the budget process to ensure that sufficient funds are allocated to each account and budget controls are fully adhered to such as seeking authority for any reallocations.

8.3 Inadequate funding for emergency interventions

Paragraph 7 (e) of the URF Network management paper analyzing the need for special works budget allocation (special intervention/emergency funding) requires the URF team to be accompanied by the relevant District/Municipality Engineer for the District urban and community access roads (DUCAR) network and some members of District Roads

Committee whilst undertaking verification visits on emergency sites. Further, Paragraph 7 (f) of the same paper requires that all application for emergencies by the districts and urban councils should be preceded by verification visits involving the district roads Committee.

My review of the URF road interventions revealed that the districts' request for emergency interventions was UGX.19,433,143,955 against a budget of UGX.3,000,000,000, an indication that the budget on the item was inadequate thus leading to the low funding. Further, I established that UGX. 2,045,280,000 was sent to various districts and urban councils as emergency funding for road maintenance, however, the following matters were noted:

Criteria for the Payments:

It was noted that while there was a set criteria documented to determine the amounts payable to districts and urban councils, this was not followed and thus subjective judgment was used to determine payments leading to districts getting different amounts without clear justification for each release.

• Value for Money element on releases:

It was noted that on average UGX. 30,000,000 was released to various districts and urban councils per quarter as emergency. I was of the view that value for money would be better achieved by concentrating on a few and having substantial roads worked on and completed rather than spreading out which may have little impact.

Inadequate releases for emergency interventions lead to overspreading of the intervention without much impact on road maintenance as some districts needs may be more severe and demanding more resources than others.

In his response, the Accounting Officer explained that during the year, the Fund received 137 requests for emergencies/special interventions and that due to the numerous requests and budgetary constraints they rationalize and allocate "Seed money" to tackle key elements of the emergency and the agencies are advised to budget for the remaining components within their annual budget.

I advised the Accounting Officer to draw the attention of MoFPED to the issue of the funding gap for possible consideration and also consider prioritization of the more severe emergency cases to achieve value for money rather than allocating a uniform amount unilaterally.

8.4 Budget performance shortfall — UGX. 60,341,213,816

A review of the URF budget revealed that out of the approved budget of UGX. 417,930,492,052 for its operations during the financial year 2015/16, they received UGX.357,589,278,236 which resulted into a shortfall of UGX.60,341,213,816 (16%), Further, as a result of the above shortfall some of the planned road works were not undertaken by the end of the year as per details in the table below;

S/N	Activity	Planned	Actual	Variance/Shortfall
1	Mechanized Term maintenance of Road	2,000km	1,224km	776km
2	Routine Maintenance of Bridges	350	37	313
3	Periodic Maintenance of unpaved roads	2000km	1,645km	355km
4	Operation and Maintenance of Ferries	11	9	2
5	Periodic Maintenance of Urban roads	50km	7.8km	42.2km
6	Installation of Culverts —District Rds	5,500	1,559	3,441
7	Routine Maintenance of District Rds	25,528km	16,563km	8,965km

Failure to undertake planned road works affects services delivery to the public in the critical area of infrastructure.

In response, the Accounting Officer explained that due to the budgetary constraints, agencies were advised to scale down their planned activities to fit into the available resources.

I advised the Accounting Officer to continuously engage the appropriate authorities for consideration of additional resources.

8.5 Outstanding funds recoverable from implementing agencies

Duringtheyearunderreview, various implementing agencies had outstanding amounts totaling to UGX. 622,665,454 that were to be recovered and refunded to the Uganda Road Fund. The amounts were as a result of funds garnished from court orders and Uganda Revenue Authority, inaccurate measurements, overpayments to contractors, ineligible expenditure and unaccounted for funds among others. These funds have been outstanding for more than one year. It was further observed that recovery of the funds has been delayed. This was a reduction from last year's amount of UGX. 1,325,063,382 implying UGX. 702,397,928 was recovered during the year.

Management explained that out of the outstanding amount, UGX. 227,432,113 relating to frequent defaulters was referred to the Ministry of Local Government for administrative action and URF had signed a Memorandum of Understanding with the concerned agencies to undertake periodic recoveries regarding the balance of UGX. 395,233,344. They stated that UGX. 114,015,705 had been recovered by end of June, 2016.

I await the outcome of management efforts.

8.6 Outstanding commitments — UGX. 206,893,921

It was noted that UGX.206,893,921 (payables) due to various suppliers remained outstanding at year end contrary to Paragraph 42 (c) of the TAI

Part 1 that provided that no Accounting officer should commit or incur expenditure without the authority of the Accountant General. I also noted that out of the above amount, UGX. 84,949,109 was still outstanding by the time of audit (October 2016) after prioritizing the balance as a first call on the budget of 2016/17 financial year.

Accumulation of creditors affects the cash flow position of suppliers and puts the Fund at the risk of litigation by the suppliers. Further, budgeted activities for the year 2016/17 are affected by the payments as intended outputs cannot be achieved. The Accounting Officer explained that the payables would be settled in the second quarter after resolving account details on IFMS.

I advised the Accounting Officer to ensure that commitment control guidelines are adhered to and supplementary funding is sought to clear the arrears so as to avoid interruptions in the implementation of planned outputs for the current year.

8.7 Delays in project implementation -Detailed engineering design and monitoring of sealing of up to 1.0 Km from gravel to bituminous standard in various Town Councils

URF undertook the above procurement vide reference URF/CONS/14-15/00040/02 for preparation of detailed engineering designs for each of the approved road alignment in seven Town Councils (Lorengechora, Kaabong, Kotido, Butaleja, Mayuge, Manafwa and Serere) including all data collection, field surveys and analysis to cover all aspects of detailed design, Preparation of BOQs based on the approved detailed designs for the upgrading work to suit Force account implementation modality and necessary technical support to the beneficiary agencies during the implementation stage at a cost of UGX.99,999,100.

Review of the project progress revealed that contrary to the special conditions of the contract (GCC 18.1) that required the completion period to be 8.5 calendar months from contract signing date

of 1st July 2015 which would imply completion date of 15th March 2016, the contractor had by the time of this audit (14/7/2016) not completed the project components in Kaabong.

The Accounting Officer confirmed the delays, citing challenges faced by the implementing Town Councils, which included delays in the procurement process, difficulty in accessing construction equipment and unavailability of constructional materials, leading to long haulage distances during project implementation. I advised the Accounting Officer to closely follow up with the consultant to ensure that projects are completed as required.

8.8 Board Remuneration

Public Service Standing Orders bar public officials to concurrently draw two salaries from different government departments. Chapter 3.5 of the URF Administration and Human

Resources Manual provides for nomination of Board members from the public and private sectors by the Minister responsible for roads, with the approval of Cabinet. Further, the schedule 2 of the URF Act requires Board members to sit at least once every three months and thus not as fulltime members.

It was noted that the board was composed of three full time government employees from Ministry of Works, Ministry of Finance and Economic Development and Ministry of Local Government who were earning salaries from their respective Ministries but earned UGX. 72,000,000 in form of monthly retainer during the year. I noted that the Minister appointed members on monthly retainer fee terms instead of sitting allowances on daily rates.

Monthly retainer tantamounts to salary as it is an automatic payment, irrespective of whether or not the board members sit.

In response, the Accounting Officer explained that the payments were in line with Section 8 and 13 of the Uganda Road Fund Act which stipulate the composition and remuneration of the board.

I advised the Accounting Officer to draw the matter to the attention of the Minister and ensure that full time Government employee board members are paid sitting allowances only, to avoid drawing multiple salaries from Government.

8.9 Staffing gaps and use of interns

I noted that out of the thirty four (34) approved

posts for the Road Fund; thirty one (31) positions were filled, leading to a shortfall of 3 vacant posts. The vacant posts were critical to the efficient functioning of the fund and included Head procurement and disposal unit, human resource officer and programme officer- National roads. It was observed that the Fund has enormous workload and as such used interns to fill the staffing gaps.

Further review of the interns' placement for the period under review revealed that management had taken up interns from various Universities for periods longer than provided for in the policy. It was noted that nine (9) interns had on average been offering services for a period in excess of one year contrary to paragraph 6 (a) of the Road Fund internship policy that requires intern placement to be between 2-3 months.

Failure by Management to recruit the key personnel may hinder service delivery as staff are over worked and may not deliver on planned outputs. Further, retention of interns beyond mandatory period denies other students from getting placement opportunities aimed at equipping students with practical skills in their career development in order to enhance their technical and professional capabilities in preparation for entry into the Labour market and is a pointer to inadequate staff structure.

Management explained that the Road Fund structure of thirty (30), inclusive of support staff is lean. Management further explained that the interns joined the Fund at the peak of activity which included Road User satisfaction surveys, Budgeting monitoring and Evaluation where they rendered services in departments with staffing gaps. The Accounting Officer also indicated that there was a draft policy on internship placement which was awaiting approval by the board.

I advised the Accounting Officer to review their staff structure and where need is confirmed, request for wage ceilings enhancements be submitted to the appropriate authorities. Further the internship policy should be expedited to ensure fair opportunities are availed to all students seeking internship.

8.10 Failure to review Accounting Policies and Procedures Manual (APPM)

Review of previous years audit matters, revealed that management had not carried out review of the manual since it came into force in the year 2010. I noted that though the manual had been reviewed in the current year and presented before top management, the Board had not yet approved

it for enforcement in order to have the changes aligned to the PFMA, 2015 and URF regulations.

Failure to review the accounting manual regularly may cause uncertainties and errors in the processing of transactions, considering the changing environments in the accounting profession that may render it inappropriate.

In response, the Accounting Officer explained that the manual was reviewed but was awaiting presentation to the Board for approval, which was expected to be completed by December, 2016.

I advised the Accounting Officer to expedite the process to ensure Board approval.

8.11 Inconsistency in quorum of Audit Committee

Review of the Board Committee minutes revealed that on several occasions the board sat with two members (17th and 18th held on 17/8/2015) while on others it sat with three (19th and 20th held on 18/11/2015 and 29/1/2016 respectively). I was thus unable to ascertain whether minimum quorum was constituted on the first two meetings and whether decisions reached then were binding to the board given the inconsistency under section. 7.1. f of the URF Board Manual that provides for a quorum of three (3) members of the Audit Committee during any sitting and section 7.0 of the Internal Auditing Policies and Procedures Manual which provides for a quorum of two members.

There is a risk that decisions may be taken by a few members who may not actually form a quorum and subsequently lead to legal challenges of the decisions taken. The Accounting Officer confirmed the inconsistencies between the URF Board Manual and the Internal Audit Policies and Procedures Manual and pledged to harmonize the inconsistencies by December, 2016.

I await the outcome of management's effort in that regard.

8.12 Contract signing after expiry of bid validity period

Review of a sample of procurement files revealed that the Accounting Officer signed a contract for the procurement of a 7-seater sofa for the Executive Director's office worth

UGX.7,300,000 after expiry of bid validity contrary to regulation 52(4)(c) of the Public Procurement and Disposal of Public Assets (Rules and Methods For Procurement Of Supplies, Works and Non-Consultancy Services) Regulations, 2014 that requires a bid to be valid up to the date prescribed in the bidding documents. The validity offered by the bidder was up to 25th February 2016 but the contract was signed on 2nd March 2016, five days after the expiry date.

Signing of contracts after expiry of bid validity could result in the bidder making unnecessary claims or management may have no redress in case the bidder withdraws or fails to perform. The Accounting Officer attributed this to the prolonged procurement process and oversight for not confirming the bid validity.

I advised the Accounting Officer to sign contracts before expiry of the bid validity dates or ensure extension of bid validity periods where necessary.

STATEMENT OF RESPONSIBILITIES OF THE ACCOUNTING OFFICER

The financial statements set out on pages 8 to 24 have been prepared in accordance with the provisions of the Public Finance Management Act, 2015 (the Act). The financial statements have been prepared on the modified cash basis of accounting and comply with the generally accepted accounting practice for the public sector. Under the modified cash basis of accounting, only financial assets and liabilities are recognized and presented in these financial statements in order to meet the requirements of the Act.

In accordance with the provisions of Section 45 and Schedule 5 of the Public Finance Management Act, 2015, I am responsible for and personally accountable to Parliament for the activities of the vote to which I am the accounting officer. Further, I am responsible for the regularity and proper use of the money appropriated to the vote to which I am the Accounting Officer. I am also responsible for authorizing any commitments made by the vote and for controlling resources received, held or disposed of by or on account of the vote. Finally, I am responsible for putting in place effective systems of risk management and internal control in respect to all resources and transactions of the vote.

Section 45 (3) of the Act require the Accounting Officer to enter into an annual budget performance contract with the Secretary to the Treasury which shall bind the Accounting Officer to deliver on

the activities in the work plan of the vote for a financial year.

Sections 50 and 51 of the Act respectively require me to prepare and submit half-yearly financial statements of my vote to the Secretary to the Treasury, and also to prepare and submit annual financial statements of my vote to the Auditor General for audit and to the Accountant General within two months after the end of each financial year.

Accordingly, I am pleased to report that I have complied with these provisions in all material respects and I am also pleased to submit the required financial statements in compliance with the Act. I have provided, and will continue to provide all the information and explanations as maybe required in connection with these financial statements.

To the best of my knowledge and belief, these financial statements agree with the books of account, which have been properly kept.

I accept responsibility for the integrity and objectivity of these financial statements, the financial information they contain and their compliance with the Public Finance Management Act, 2015.

ENG. DR MICHAEL M. ODONGO

.....

Date

GENERAL INFORMATION ABOUT THE REPORTING ENTITY

Principal Activity of the Vote

The Uganda Road Fund (URF) was established by the Uganda Road Fund Act, 2008 to facilitate the delivery of road maintenance services and to create an environment that is conducive to the efficient and effective maintenance of public roads. The Fund is to provide its services in the most economic, efficient and effective manner and to manage its affairs in a business-like and cost-effective manner and in accordance with modern management practices and techniques.

The roles of the Fund are defined by the Act to include:

- Funding routine and periodic maintenance of public roads
- 2. Ensuring that public roads are maintained at all times; and
- 3. Advising ministers on the preparation and efficient and effective implementation of the Annual Road Maintenance Programme.

The monies of the Fund principally comprise road user charges including:

- a. fuel levies;
- b. international transit fees, collected from foreign vehicles entering the country;
- c. road licence fees;
- d. axle load fines;
- e. bridges tolls and road tolls; and
- f. weight distance charges;

Key Performance highlights (Statement of Performance)

During the reporting period, the URF disbursed UGX 245.598bn to UNRA towards maintenance of national roads with the following road maintenance output:

- i. Routine manual maintenance of 1,000 km of paved national roads;
- ii. Routine mechanized maintenance of 1,000km of paved national roads;
- iii. Mechanized Term maintenance of 1,224km of paved national roads;
- iv. Routine manual maintenance of 7,600 km of unpaved national roads;

- v. Routine mechanized maintenance of 5,500 km of unpaved national roads;
- vi. Mechanized Term maintenance of 8,000 km of unpaved national roads;
- vii. Routine maintenance of 37 bridges; Periodic maintenance of 55 km of paved national roads;
- viii. Periodic maintenance of 1,645 km of unpaved national roads:
- ix. Street lighting on 55km of selected national roads;
- x. Road signage on various roads;
- xi. Marking of roads 66km; Demarcation of road reserves 170km;
- xii. Operations and maintenance of 15 weigh bridges;
- xiii. Operations and maintenance of 9 ferries;
- xiv. Operational expenses (10 % of the release);

Disbursed UGX104.155bn towards maintenance of DUCAR roads as follows:

- Routine manual/mechanized maintenance of 458km of paved city roads;
- ii. Routine manual/mechanized maintenance of 177km of unpaved city roads;
- iii. Periodic maintenance of 7.8kmof paved city roads;
- iv. Routine manual maintenance of 16,563 km of district roads;
- v. Routine mechanized maintenance of 12,707km of district roads:
- vi. Periodic maintenance of 3,040km of district roads;
- vii. Installation of 1,559 culvert lines on district roads;
- viii. Maintenance of 149 bridges on district roads.
- ix. Routine manual maintenance of 1,591 km of Municipal roads;
- x. Routine mechanized maintenance of 629km of Municipal roads;
- xi. Periodic maintenance of 176 km of Municipal roads;
- xii. Installation of 324 culvert lines on Municipal roads;
- xiii. Maintenance of 6 bridges on district roads.

Road works on Ndejje- Kitiko road implemented by Wakiso District.

Pothole filling works ongoing on a Municipality road in Tororo District.

A Truck on a weigh bridge in Luwero District

A community access road in Kamuli District

The Mbulamuti ferry waiting to cross over to Kayunga District

Risk Management Practice and Internal Control

The vote maintained a system of internal control through the risk register. This register is updated annually. The internal audit department undertakes a risk based review of Designated Agency activities and reports to the Board Audit and Risk Committee. The issues raised are monitored through a tracker updated quarterly with the Ministry of Local Government appraised with the findings.

Action on Parliamentary Recommendations

The report of the Auditor General FY2014/15 was made sent to Parliament. This report highlights the level of implementation of the audit recommendations (Annex 1).

The accounting policies and notes set out on pages 7 to 36 form an integral part of these financial statements.

COMMENTARY ON THE FINANCIAL STATEMENTS BY THE HEAD OF ACCOUNTS

The appropriation by Parliament remains the only source of financing for the execution of the function of Road Fund. For the FY 2015/16, UGX 417,930,492,052 was voted but actual funds released and utilized in the year was UGX 357,589,278,236. This was down from FY 2014/15 appropriation of UGX 428,101,919,052 by UGX 10,171,427,000 and actual release down from UGX 423,378,492,959 by UGX 65,789,214,723.

However, from the statement of performance, expenditures on employees cost increased from UGX 2,569,059,765 in 2014/15 to UGX 3,264,402,949. This was mainly due to revision in terms of employment and increase in the number of personnel between the years. Correspondingly the expenditures on goods and services consumed increased from UGX 4,544,291,029 to UGX 5,046,752,728 between the two periods and transfers to other Government units declined from

UGX 416,264,994,707 to UGX 349,278,122,559 in the same period. No revenue was collected under the Non-Tax revenue during the year.

From the statement of financial position, the Fund managed to dispense off its entire obligation for the year and closed with a nil for both assets and liabilities. There was no multi-year commitment by the close of the financial year.

During the year the Fund acquired Furniture worth UGX 15,175,000 and office equipment worth UGX 38,721,002. These values have been expensed in the statement of financial performance.

I confirm that the financial statements set out in pages 8 to 36 have been prepared in the format required by the Accountant General and in accordance with the Generally Accepted Accounting Practice for the Public Sector.

I take full responsibility for the completeness and integrity of these Financial Statements.

Mr. John Ocitti

Head of Accounts

ACCOUNTING POLICIES

These are the specific principles, bases, conventions, rules and practices adopted by the Government of the Republic of Uganda in preparing and presenting the financial statements. The principal accounting policies adopted in the preparation of these financial statements are set out below. These policies have been consistently applied in all material aspects unless otherwise stated.

1. General Information

As required by Section 51(1) of the Public Finance Management Act, 2015, each vote shall prepare annual financial statements for audit, and submit a copy to the Accountant General.

2. Reporting Entity

Uganda Road Fund is a reporting entity of the Government of the Republic of Uganda and is domiciled in Uganda.

The principal address of the entity is:

Uganda Road Fund Plot 10, Kafu Road, Nakasero, 5th Floor Twed Towers, P.O. Box 7501, Kampala. T: +256 (0)414 257072/0312178250 E: info@roadfund.ug W: www.roadfund.ug

Uganda Road Fund was established by the Uganda Road Fund Act, 2008 for the purpose of financing routine and periodic maintenance of public roads; to facilitate delivery of road maintenance services; to provide for designated agencies for purposes of the Road Fund; to provide for management of the Fund and for other related matters.

3. The Treasury

The Treasury is established by Section 10 of the Public Finance Management Act, 2015 consisting of: (a) the Minister of Finance; (b) the Secretary to the Treasury; (c) the Accountant General; and (d) any other directorates responsible for economic and finance matters of the Ministry of Finance, Planning and Economic Development.

4. The Consolidated Fund

Is the Consolidated Fund as established by the Article 153 of the Constitution of the Republic of Uganda. As provided by Section 30 of the Public Finance Management Act, 2015 (the Act), it is the Fund into which all revenues or other

money raised or received for the purpose of the Government shall be paid. Except for receivables into another public fund established for a special purpose (for example the Petroleum Fund) where this is authorized by an Act of Parliament, or where a vote, state enterprise or public corporation shall retain revenue collected or received as authorized through an appropriation by Parliament or is a monetary grant exempted under Section 44 of the ACT.

Withdrawals from the Consolidated Fund shall only be done upon the authority of a warrant of expenditure issued by the Minister of Finance to the Accountant General after a grant of credit has been issued to the Minister by the Auditor General in the first instance. The withdrawal can be effected only when: (a) the expenditure has been authorized by an Appropriation Act or a Supplementary Appropriation Act; (b) is a statutory expenditure; (c) for repaying money received in error by the Consolidated Fund; (d) and for paying sums required for an advance, refund, rebate or drawback that are provided for in this and other Act of Parliament.

5. The Contingencies Fund

Established by Section 26 of the Public Finance Management Act, 2015, which in every financial year, shall be replenished with an amount 0.5% of the appropriated annual budget of the Government of the previous financial year without consideration of any supplementary budget. The Fund shall provide funding for natural disasters.

6. Classified expenditures

Classified expenditures are included under supply of goods and services in the Statement of Financial Performance, and are audited separately. The money appropriated for classified expenditure shall only be used for defense and national security purposes. A committee of Parliament comprising the chairpersons of the committees responsible for budget; defense and internal affairs; and another member appointed by the Speaker will be responsible for scrutiny of classified expenditure budget.

7. Basis of preparation of financial statements

The financial statements have been prepared in accordance with the requirements of the Public Finance Management Act, 2015 [the Act] and comply with generally accepted accounting principles. The Financial Statements have consistently been prepared using the modified cash basis of accounting except where stated

otherwise. The modified cash basis of accounting recognizes revenue when cash is received and expenses (except for expenses approved to be accrued) when paid.

8. Going concern consideration

The financial statements have been prepared on a going concern basis.

9. Presentation currency

The reporting and presentation currency is the Uganda Shilling (Shs), which is the functional currency of the Republic of Uganda. Items included in the financial statements are measured in the currency of the primary economic environment in which the entity operates.

10. Reporting Period

The reporting period for these financial statements is from 1 July 2015 to the 30 June 2016. Prior period comparative information has been presented in the current year's financial statements. Where necessary figures included in the prior period financial statements have been reclassified to ensure that the format in which the information is presented is consistent with the format in the current year's financial statements.

11. Appropriation

The initial approved budget is the original forecast as presented and approved by Parliament. A revised budget is the initial approved budget adjusted by a supplementary or reallocations/virements.

12. Revenue

Revenue represents cash and grants in kind received by the entity during the financial year and comprise; taxes, transfers from the Consolidated Fund, transfers from the Contingency Fund, grants received and non-tax revenue. Revenues are recognized as follows;

i. Tax revenues

Tax revenue is recognized when received. Taxes are levied with the authority of Parliament subject to Article 152 of the Constitution of the Republic of Uganda. Payment of tax does not necessarily result into an entitlement to the taxpayer to receive equivalent value of services or benefits.

ii. Grants

Grants are received by the entity either as cash or in-kind. All grants (aid assistance) are recognized

as income when received. In-kind receipts (donations) are recognized at fair value.

iii. Transfers received

Transfers received include; transfers received from the Consolidated Fund, transfers received from the Contingency Fund and transfers received from other government units. All transfers are recognized when received by the Accounting Officers.

iv. Non-Tax Revenue

Non-Tax Revenue includes: interest/gains associated from ownership of shares, proceeds from hire of assets, sale of designated goods and services, and fines/penalties. Non-Tax Revenue, whether directly collected by the entity or collected by another entity on its behalf is recognized when received.

13. Expenses

Generally, expenditure is recognized when it is incurred and settled within the financial year. Qualifying unsettled expenditure is recognized in the Statement of Financial position as payables.

14. Property, Plant and Equipment (physical assets or fixed assets)

Property, plant and equipment (PPE) principally comprises buildings, dams, roads and highways, hydropower stations, plant, vehicles, equipment, and any other infrastructure assets but does not include land and regenerative natural resources such as forests and mineral resources.

Acquisitions of PPE are recorded in the asset register on receipt of the item at cost and expensed fully through the Statement of Financial Performance. Cost of the item is defined as the total cost of acquisition. Where the cost of the PPE cannot be determined accurately, the PPE is stated at fair value. Subsequent repairs and maintenance costs of PPE are also expensed as goods and services consumed in the Statement of Financial Performance.

Proceeds from disposal of property, plant and equipment are recognized as non-tax revenue in the period in which it is received.

15. Translation of transactions in foreign currency

Foreign currency transactions are translated into Uganda Shillings using the exchange rates prevailing at the dates of the transactions (spot rates). These result into realized gains/

losses which are recognized in the Statement of Financial Performance. Foreign currency assets and liabilities held by the entity at year-end are translated into Uganda Shillings using the period closing rate for reporting purposes resulting into unrealized gains/losses. The unrealized gains/losses are recognized in the statement of changes in Equity through the revaluation reserve.

16. Revaluation Gains/Losses

Unrealized gains or losses arising from changes in the value of investments, marketable securities held for investment purposes, and from changes in the values of property, plant and equipment are not recognized in the financial statements.

17. Cash and cash equivalents

Cash and cash equivalents are carried in the balance sheet at cost. For the purposes of the cash flow statement, cash and cash equivalents comprise cash on hand, deposits held at call with banks, other short-term highly liquid investments, and bank overdrafts. In the statement of financial position bank overdrafts are included in borrowings.

18. Unspent cash balances

In accordance with the requirement of the Public Finance Management Act, 2015, unspent cash balances by Government entities at the end of the financial year are returned through the Single Treasury Account to the Consolidated Fund in the course of the financial year.

Escrow Account balances are to be recognized in the Financial Position of the responsible entity and expensed through the Financial Performance in the period when funds are utilized.

19. Receivables

i. Advances and other receivables

Receivables are carried at historical cost and are written down by recovered receipts or write –off of unrecoverable amounts (bad debts are written-off with the approval of Parliament, when identified in the Statement of Changes in Equity).

ii. Letters of credit

Procurement of goods and services through letters of credit which are cash covered are recognized in the statement of appropriation when the letter of credit is opened. Outstanding letters of credit at period-end are treated as receivable and expensed through the Statement of Financial Performance in the period when the goods and services are

delivered.

20. Inventories

Comprise consumable supplies expensed in the period when acquired. Inventories that qualify for recognition must be initially reflected at cost. Where they are acquired at no cost, or for nominal consideration, their cost shall be their fair value at the date of acquisition.

21. Investment properties

Investment property principally comprises land, office, commercial and residential buildings, and other physical assets, which is held for long-term rental income and is not occupied internally. Investment property is treated as a long-term investment and is carried at cost.

22. Investments

Investments are classified into three groupings, namely: investments held for trading; investments held-to-maturity; and investments available-forsale.

Investments that are acquired principally for the purposes of generating profit from short-term fluctuations in price are classified as "trading investments", and are, therefore, current assets and are treated as monetary assets.

Investments with fixed maturities and there is an intention and ability to hold them to maturity dates are classified as "Investments held-to-maturity", and are, therefore, non-current assets, and are treated as non-monetary assets.

Investments intended to be held for an indefinite period of time, which may be sold in response to liquidity needs or changes in interest rates, are classified as "investments available-for-sale", and are therefore non-current assets and regarded as non-monetary assets. However, if there is an expressed intention to sell these within 12 months, then these are treated as current assets and are monetary assets.

Appropriate classification of investments at the time of purchase and re-evaluation of such designation are carried out on a regular basis but any resulting reclassifications are rare and cannot be made from "trading investments" to "investments held to maturity"

All investments in the balance sheet are carried at historical cost. Non-financial assets are measured at net worth. For investments quoted in foreign currency, the historical cost is translated at the closing rate.

23. Projects expenditure

Government projects are a series of undertakings of a reporting entity with specific objectives and a defined time frame and could be either: (a) fully funded by a Government; (b) jointly funded by Government and a development partner; (c) fully funded by a development partner through either budget support or project support; and (d) fully funded by development partner through provision of physical items rather than funds.

Fully or partly Government funded project expenditure is recognized in the statement of financial performance of the reporting entity to the extent of funding received from Government.

24. Borrowings

Borrowings are initially recorded in the Statement of Financial Position [the balance sheet] at cost net of any transaction costs paid.

Interest expense and any other expense on borrowings are recognized in the Statement of Financial Performance when they fall due.

25. Employee benefits

Employee benefits include salaries, pensions and other related-employment costs. Employee benefits are recognized when incurred. No provision is made for accrued leave or reimbursable duty allowances.

26. Contingent liabilities

Contingent liabilities are disclosed in a memorandum statement (Statement of Outstanding Commitments) of the entity when it's probable that an outflow of economic benefits or service potential will flow from the entity or when an outflow of economic benefits or service potential is probable but cannot be measured reliably. Contingent liabilities comprise

government guarantees issued, court awards that have been appealed by the Attorney General, those arising from Public Private Partnerships (PPPs) etc. Contingent assets are not recognized nor disclosed.

27. Commitments

Commitments include operating and capital commitments arising from non-cancelable contractual or statutory obligations. Interest commitments on loans and commitments relating to employment contracts are not included in the Statement of Outstanding Commitments. Outstanding commitments relating to non-cancelled contractual or statutory obligation where goods have been delivered or service provided are included in the statement of financial position as payables and in the Statement of Outstanding Commitments.

28. Public Private Partnerships

Any investment by the Government in a Public Private Partnership may be through a joint venture or as an associate or as a major shareholder. Except for the latter, these are accounted for as investments whether held for trading purposes or otherwise. The financial statements in that case are consolidated as if the other entity is a controlled entity in accordance with IPSAS 38.

In other instances where the Government provides certain guarantees which could crystalize and result into an outflow of resources, the guarantees are quantified and disclosed in the memorandum Statement of Contingent Liabilities. The amounts disclosed as part of contingent liabilities represent the most likely outflow of resources should certain events crystalize which are assessed annually. If the events crystalize, the amounts become payables through the Statement of Financial Performance and Statement of Financial Position on an accrual basis

NOTES TO THE FINANCIAL STATEMENTS

Note 1: Exchange Rates

All monetary amounts in the financial statements are expressed in Uganda Shillings, the functional currency. The Uganda Shilling closing rates (the Bank of Uganda middle rate) for major currencies were:

	30 June 2016 (Shs)	30 June 2015 (Shs)
United States Dollar		
British Pound		
Euro		

Note 2: Tax Revenues

Tax revenues comprise both direct and indirect taxes levied and collected on behalf of Government.

	30 June 2016 (Shs)	30 June 2015 (Shs)
Local Services Tax		
Land fees		
Business Licenses		
Other tax revenues		
Total taxation revenues

Note 5: Transfers Received From the Treasury-Contingencies Fund

	30 June 2016 (Shs)	30 June 2015 (Shs)
Response to natural crisis – location A		
Response to natural crisis- location B		
Total Transfers for the Year		

Note 6: Transfers received from Other Government Units

Comprise funds appropriated under one vote but transferred to another vote for execution of the intended activities. For instance road maintenance funds, grants recognised by treasury but transferred to other executing MALGS, etc

	30 June 2016 (Shs)	30 June 2015 (Shs)
Transfers received from other Gov't Units- Current (Name of the Government unit)		
Transfers received from other Gov't units- Capital (Name of the Government unit)		
Total		

Note 7: Non-Tax Revenues

Comprise non-tax revenues from exchange transactions collected during the year were as follows

	30 June 2016 (Shs)	30 June 2015 (Shs)
Investment income		
Dividends		
Rent		
Other property income (disposal of assets)		
Sale of goods and services	35,700,000	50,000
Administrative fees and licenses		
Court fines and Penalties		
Other fines and Penalties		
Miscellaneous Revenue		(197,458)
Total Non-Tax Revenue	35,700,000	(147,458)

Note 8: Employee Costs

Employee costs principally comprise:

	30 June 2016 (Shs)	30 June 2015 (Shs)
Wages and salaries	2,373,295,117	2,294,719,150
Social contributions	216,605,000	179,036,565
Other employment costs	674,502,832	95,304,050
Total employee costs.	3,264,402,949	2,569,059,765

Note 9: Goods and Services

Expenditure on goods and services during the year principally comprise the following:

	30 June 2016 (Shs)	30 June 2015 (Shs)
General expenses	1,026,009,653	1,190,449,612
Communications	137,965,091	197,779,170
Utility and property expenses	1,648,595,708	1,069,117,712
Supplies and services	0	0
Professional services	1,659,235,058	1,553,428,634
Insurances and licenses	24,850,360	49,116,104
Travel and transport	439,926,610	410,057,750
Maintenance	110,170,248	74,342,047
Inventories (goods purchased for resale)		
Total cost of goods and services	5,046,752,728	4,544,291,029

Note 10: Consumption of Property, Plant and Equipment (Fixed Assets)

As explained in accounting policy (15), property, plant and equipment (physical assets) are expensed in the year of purchase i.e. they are depreciated at 100% in the year of purchase using the cash basis of accounting.

	30 June 2016 (Shs)	30 June 2015 (Shs)
Non-Residential buildings		
Residential buildings		
Roads and bridges		
Transport equipment-		
Machinery and equipment		
Furniture and fittings		
Other fixed assets		
Total value of property, plant and equipment expensed		

Note 11: Subsidies

Subsidies paid during the year are summarized as below:

	Actuals 30 June 2016 (Shs)	Actuals 30 June 2015 (Shs)
To public corporations		
To private enterprises		
To private individuals		
Total subsidies for the year		

Note 12: Transfers to Other Organizations

Transfers made during the year are summarized as below:

	Actuals 30 June 2016 (Shs)	Actuals 30 June 2015 (Shs)
Transfer to foreign Governments		
Transfers to International Organisations		
Transfers to other government units	349,278,122,559	416,264,994,707
To resident non-government units		
Total transfers	349,278,122,559	416,264,994,707

Note 13: Social Benefits

Social benefits paid during the year comprise:

	Actuals 30 June 2016 (Shs)	Actuals 30 June 2015 (Shs)
Pensions		
Employer Social benefits		
Total social benefits		

Note 14: Other Operating Expenses

These comprise:

	Actuals 30 June 2016 (Shs)	Actuals 30 June 2015 (Shs)
Property expenses other than interest		
Miscellaneous other expenses- current		
Miscellaneous other expenses- capital		
Total other operating expenses		

Note 15: Foreign Exchange Gains and Losses

During the year, foreign exchange losses and gains were as follows:

	30 June 2016 (Shs)	30 June 2015 (Shs)
Realized loss (gain) (SFP)		
Un/realized loss (gain) (SCE)		
Net foreign exchange (gains)/ losses		

Note 16: Finance costs

	Schedule	30th June 2015 (Shs)	30th June 2015 (Shs)
Interests on external debts (external borrowings)			
Interests on other domestic borrowings			
Total finance cost			

Note 17: Transfers to the Treasury

These comprise transfers back to the Consolidated Fund of unspent balances from the respective expenditure accounts, transfers of Non tax revenue collected, , unspent salaries, among others

	30 June 2016 (Shs)	30th June 2015 (Shs)
Non-Tax revenue	35,700,000	0
Unspent Salary balances		
Expenditure account balances		
Total for the year.	35,700,000	0

Note 18: Cash and cash equivalents

	30 June 2016 (Shs)	30 June 2015 (Shs)
DOMESTIC		
Revenue accounts	0	50,000
Expenditure accounts		
Project accounts		
Collection accounts
